Clinical Activities or Innovations

1. Health Disparities Curriculum Design, University of South Florida, Obstetrics and Gynecology Residency 2017
 - Designed longitudinal didactic sessions for OBGYN residents regarding health disparities including lectures with faculty from College of Public Health.
2. Development of Contraception Clinic, Tampa General Hospital Genesis Healthpark Clinic 2018
 - Increased availability of complex family planning consultations and procedures for underserved patients
 - Addressed deficiency in trainee exposure to complex family planning counseling sessions and procedure visits.
