

Arlene Calvo, PhD, MPH

Associate Professor
College of Public Health
Department of Community Health Sciences
Director, Panama Program at City of Knowledge
Director, MPH Public Health Practice Program
Director, Salud Latina USF Initiative

E-mail: calvoae@usf.edu
ORCID: 0000-0002-6321-3674

EDUCATION

Doctor in Philosophy (Ph.D.), Public Health, Department of Community and Family Health,
Concentration in Health Education
University of South Florida, Tampa
End of coursework-April 2001.
Dissertation: Social Construction of Cervical Cancer Screening among Women in Panama City,
Panama.
August 2005

Master in Public Health (MPH), Department of Community and Family Health,
Concentration in Health Education
University of South Florida, Tampa
Special Project: Evaluation of American Cancer Society Program Delivery in Florida.
May 1998

Bachelors in Arts (BA), Interdisciplinary Natural Sciences
Concentration in Chemistry
Minor in Spanish
University of South Florida, Tampa
May 1994

CERTIFICATIONS

Certified Health Education Specialist (CHES #6491) 1998. Under the National Commission for Health Education Credentialing, Inc.

PROFESSIONAL EXPERIENCE

Associate Professor, College of Public Health, University of South Florida

Department of Community Health Sciences

February 2019-Present

Director of the Panama Program at the City of Knowledge, including academic and research endeavors since 2004.

Website: <https://health.usf.edu/publichealth/cophinternational/coph-panama-program>.

Concentration Lead, MPH Public Health Practice Program.

Conduct research projects in Panama and the Latin American and Caribbean regions, teach graduate level courses, train local professionals in research topics, participate in local advisory boards and committees, Director of the Public Health Practice Program and Public Health Generalist Certificate, provide curriculum content for study abroad groups from USF and other universities (general public health, women's health issues, nutrition), proctor students participating in international field experiences, assist in building collaborative relationships among institutions and colleagues. Actively involved in the Sars-CoV-2/Covid-19 pandemic experience. Currently working

on vaccine hesitancy, women's health issues, migration and public health, cancer, among other salient public health topics.

Initiated the Salud Latina USF initiative in January 2021.

Website: <https://health.usf.edu/publichealth/salud-latina/overview>

Affiliate Faculty, Moffitt Cancer Center & Research Institute, Tampa, FL

Health Outcomes & Behaviors Program (HOB)

December 2024-Present

Actively participate in regular meetings to establish collaborations. Present experiences and opportunities to HOB colleagues.

Affiliate Faculty

August 2024-Present.

Health Cluster, City of Knowledge, Panama.

Participate on research and academic projects at a regional level.

Research Assistant Professor, College of Public Health, University of South Florida

August 2004-2019

Department of Community and Family Health, *University of South Florida*, City of Knowledge, Panama. Conduct academic and research activities in global health from the USF Health Panama Office in Panama and internationally. Adjunct faculty, Department of Global Health.

Adjunct Faculty, University of Southern California, Keck School of Medicine, Los Angeles, California.

June 2014-Present.

Participate in development of summer curriculum for the Global Health Practicum in Public Health in Panama, and collaborate with USC faculty in research and publications.

Affiliate Researcher, Gorgas Memorial Institute (GMI) for Health Research, Panama.

December 2014-Present.

Participate in grantwriting, publications, study implementation, and other research and academic endeavors, including the INFLUMIKA project in affiliation with the CDC influenza section. Participate in the GMI bioethics committee (IRB).

Director, USF Health Panama Office

November 1, 2005-December 31, 2009

Serve as student Field Placement Supervisor and logistics support, collaborate on grantwriting and international research project activities. Assist on international research promotion of the university and teach selected short courses. Coordinate Global Health Department and College of Public Health along with additional USF Health activities in Panama.

Scientific Director

Health Research International Foundation. City of Knowledge, Clayton, Panama.

May 2003-Present

Develop, plan, implement, and evaluate clinical, translational and epidemiological research related to drug discovery aspects of chronic and infectious diseases. Grant writing, fund seeking and administration of research projects related to infectious and non-infectious diseases. Cancer control related research. Conduct administrative tasks accordingly, overseeing the entire infrastructure. Development of promotional campaign including materials that emphasize collaboration and partnership building with local and international academic institutions and private organizations such as with the pharmaceutical industry. Currently working on coordination of Rotavirus, Dengue, and Human papillomavirus projects.

Director of International and Academic Affairs
Regional Health Training Center, Gorgas Memorial Institute, Panama

Sep. 2008-Sep. 2010

Supervise all major international academic activities of the Health Training Center for Central America and the Dominican Republic through an international Health Diplomacy initiative. Promote and develop international partnerships, grantwriting. Develop influenza on-site curriculum and interventions for all Central America and the Dominican Republic in response to the United States request for regional preparedness on respiratory diseases. Served as collaborating liaison for the Center and the United States Department of Health and Human Services (USDHHS) and the Centers for Disease Control and Prevention Central America and Panama office (CDC-CAP).

Administrative and Technical Coordinator

Dec. 2002- June 2003

Institute for Advanced Scientific Research and Technology Services / Instituto de Investigaciones Científicas Avanzadas y Servicios de Alta Tecnología-INDICASAT

City of Knowledge, Panama City, Panama

Coordinate seamless development and function of the institute, including administrative duties such as budget, staff, inventory, and daily activities. Promote the institute at a national and international level. Facilitate the exchange of knowledge, equipment and researchers for high quality scientific research. Conduct research, grantwriting, fund seeking, and publishing.

Health Product Development Specialist

2001-2002

Syndistar, Inc.: A Communications Company

Product Development

New Orleans, Louisiana

Responsibilities include managing, conducting and overseeing successful and relevant health material (e.g., media, print, electronic, etc.) research, development, marketing, and dissemination for English and Spanish speaking audiences. Topics include, but are not limited to: disease prevention, sexually transmitted infections, tobacco, substance abuse, fire prevention, and injury prevention. Conducting new public health and health education endeavors nationwide that are literacy, linguistically, and culturally relevant to the intended audience.

Education Research Coordinator

1999-2001

H. Lee Moffitt Cancer Center and Research Institute

Education Program, Cancer Control

Tampa, Florida

Responsibilities include application of research methodologies, outreach and education planning processes, various communication methods and community program planning for at-risk and medically underserved populations (e.g., migrant and seasonal Hispanic farmworkers; rural Caucasian and African-American communities, elderly populations, etc.) at local and international levels as well as supervisory and administrative activities. In addition, development of linguistically, culturally and literacy relevant cancer education interventions for specific audiences. Responsible for protocol/proposal development; literature synthesis; data collection; project management and data analysis. Participate in the recruitment and hiring processes of members of the research team as well as supervise, deliver tasks and responsibilities to them. Coordinate several projects and individuals simultaneously. Development of community partnerships and relationships with community agencies, including grassroots organizations at a national and international level. Grant writing and fund seeking activities for federal, state and private funding agencies. Budget

management, staff coordination, and logistics for research projects. Overseeing all aspects of project coordination. Conference curriculum and continuing education planning of national conferences (e.g., Cancer, Culture & Literacy; National cancer Institute's Cancer Patient Education Network). Advocacy of medically underserved and underserved multicultural and low literacy populations. Development of research protocols, research implementation, coordination, evaluation, analysis and translation of research findings. Publication of research outcomes in peer reviewed journals and presentations at national and international meetings.

Research Associate

1998-1999

H. Lee Moffitt Cancer Center and Research Institute

Education Program, Cancer Control

Tampa, Florida

Responsibilities included development, implementation, coordination, research, and evaluation of cancer and health education programs, such as, *¡Platiquemos Acerca de Su Salud!/Let's Talk About Your Health!*, grant writing, publishing in peer reviewed scientific journals. Coalition and partnership building through participatory processes and continuance for outreach into special and medically underserved populations, such as, migrant and seasonal farmworkers in South and East Hillsborough County, rural elderly, and teenagers.

Graduate Assistant

1996-1998

College of Public Health, University of South Florida

Tampa, Florida

Responsibilities included assisting professor with research, classes and curriculum development, such as, Introduction to Social Marketing. Additional responsibilities involved assisting with writing for publication, protocol development. Content areas: breast and cervical cancer, rural health, HIV/AIDS.

Intern

Fall 1997

Tampa General Hospital, Wellness Center

Tampa, Florida

Responsibilities included development, implementation, coordination and evaluation of health education programs for patients and staff (e.g., smoking cessation, nutrition, physical activity, weight loss, etc.)

Evaluation Fellow

1997-1998

American Cancer Society

Local Tampa Bay Unit and Headquarters in Atlanta, Georgia

Conducted evaluation of all services and programs offered by the American Cancer Society in the State of Florida. Award received.

Clinical Coordinator

1990-1997

Plastic Surgery Center of Clearwater

Coordinated patient preparation for surgery and follow-up care. Also conducted administrative duties related to medical care of patients, this included surgery, medication, communication with local pharmacies and other vendors. Coordinated development, implementation and evaluation of plastic surgery seminars for potential patients. Office coordination of business activities.

CONSULTANCIES

Covid-19 Vaccine Development

2020-2023

Cevaxin vaccine research organization in Panama.

Project ECHO

2021

University of New Mexico, Infectious disease department, School of Medicine

Conduct outreach and education on clinical resources for LATAM and Caribbean regions for the implementation of the ECHO program on infectious disease training.

Health, Water and Vaccine Consultant

Vaccine acceptability among indigenous groups in Panama

UNICEF, Health Section, Regional Office for Latin America.

September 2010-2013 / Summer 2022-2023

Conduct analysis of regional programs for the Health Section at a Regional Level. Grantwriting of international health-related projects, collaborate with UNICEF in public health interventions, conduct evaluations of existing programs.

Multicultural Health Education Consultant

1998-2003

Tampa, Florida

Projects:

Academic and community-based research projects, *University of South Florida*, Tampa, Florida.

Translation and transcreation of training curriculum, *Lawton and Rhea Chiles Center for Healthy Mothers and Babies*, Tampa, Florida.

Development of health education materials, *Syndistar, Inc.*, New Orleans, Louisiana.

Transcreation Consultant

1998-2000

Lawton and Rhea Chiles Center for Healthy Mothers and Babies

Tampa, Florida

Responsibilities include transcreation or Spanish translation and cultural adaptation of health education materials for children ages birth to five and their mothers, such as, *Florida's Child Health Diary* Statewide Social Marketing Campaign.

ACADEMIC EXPERIENCE

- **Instructor**, Course: *Contemporary Health Science*. College of Public Health, University of South Florida, Fall 2000 (undergraduate level).
- **Instructor**, Course: *Contemporary Health Science*. College of Public Health, University of South Florida, Spring 2001 (undergraduate level).
- **Instructor**, Course: *Foundations of Health Education*. College of Public Health, University of South Florida, Fall 2001 (graduate level).
- **Assistant Professor**, College of Public Health, University of South Florida, Summer 2004-Present.
- **Director**, *Vaccinology in the Tropics Conference*. First and Second, International Conferences. Playa Bonita, Panama. June 2006, March 2012, January 2016.

- **Director and Instructor**, *Clinical Research Diplomado* annual course. University of South Florida. Conducted at Gorgas Memorial Institute Health Training Center, Panama. Fall 2010-Present.
- **Instructor and International Affairs Director**, *VIII International Pandemic Influenza Preparedness Course*. Regional Health Training Center, Gorgas Memorial Institute, Panama. November 2008. (Public health professionals, Regional Level, Central America).
- **Instructor and Academic Director**, *IX International Pandemic Influenza Preparedness Course*. Regional Health Training Center, Gorgas Memorial Institute, Panama. March 2009. (Public health professionals, Regional Level, Central America).
- **Instructor**, *Influenza A H1N1 Preparedness to Indigenous Community Leaders in Panama*. May 2009.
- **Academic Director**, *Leadership in a Disaster: Pandemic Influenza Preparedness Course*. Regional Health Training Center, Gorgas Memorial Institute, Panama. March 2009. (Public health professionals, Regional Level, Central America. Instructors from USF Leadership Center).
- **Academic Director**, *Social Marketing: Pandemic Influenza Preparedness Course*. Regional Health Training Center, Gorgas Memorial Institute, Panama. March 2009. (Public health professionals, Regional Level, Central America. Instructors from USF Florida Prevention Research Center).
- **Academic Director**, *IX International Pandemic Influenza Preparedness Course*. Regional Health Training Center, Gorgas Memorial Institute, Panama. March 2009. (Public health professionals, Regional Level, Central America).
- **Instructor and International Affairs Director**, *X International Pandemic Influenza Preparedness Course*. Regional Health Training Center, Gorgas Memorial Institute, Panama. March 2010. (Public health professionals, Regional Level, Central America).
- **Instructor**, *Good Clinical Practice (GCP) and Responsible Conduct of Research* training, initial training and regular/annual refreshers for clinical study staff, Health Research International, 2003-Present.
- **International Instructor**, Study Abroad Groups, College of Public Health, University of South Florida. Executive MPH, Community Nursing (undergraduate), COPH, Pediatrics Residents. Since 2004.
- **Professor**, *International Perspectives in Women's Health Issues*, Graduate course, Dept. of Community and Family Health, College of Public Health, University of South Florida. Summer 2012-Present (ongoing annually, includes remote online learning and a field experience in Panama).
- **Professor**, *International Health Education*, Graduate course, Dept. of Community and Family Health/Community Health Sciences, College of Public Health, University of South Florida, Spring 2014-Present (ongoing annually, includes remote online learning and field experience in Panama).
- **Instructor**, Basics of Nutrition, College of Public Health, University of South Florida, online hybrid undergraduate course. Summer 2025.
- **Instructor**, Introduction to Public Health, College of Public Health, University of South Florida, online hybrid undergraduate course. Fall 2025.

GRANTS AWARDED

- Meade, C.D. (PI) & **Calvo, A.** (Co-Investigator/Project Coordinator). *Cancer, Culture & Literacy, 2nd Conference: Future Directions for Health Education & Promotion in the New Millennium*. Conference Grant. Centers for Disease Control. (\$30,000). (no current support)
- Meade, C.D. (PI) & **Calvo, A.** (Co-Investigator/Project Coordinator). *Salud a Su Alcance*. Wishlist Grant. Avon's Breast Cancer Awareness Crusade, administered by NABCO. (\$ 289,000). (no current support)

- Meade, C.D. (PI) & **Calvo, A.** (Co-Investigator/Research Coordinator). *Project Toolbox*. State of Florida allocated funds (\$ 250,000). (no current support)
- Meade, C.D., McMillan, S.C., Baer, R. & **Calvo, A.** (Co-Investigator/Project Coordinator). *Cancer, Culture & Literacy Institute*. National Institutes of Health's National Cancer Institute, R-25 training grant (\$ 1,088,431). (no current support)
- Meade, C.D. (PI) & **Calvo, A.** (Co-Investigator/Project Coordinator). *Cancer, Culture & Literacy, 3rd Conference: Developing Relevant Communication Strategies to Decrease Health Disparities*. Conference Grant. Centers for Disease Control. (\$29,999). (no current support)
- Ruckdeschel, J. (PI), Meade, C.D. (Co-Leader), Figueroa-Valles, N. (Co-Leader), **Calvo, A.** (Collaborator) & Nazario, C. (Collaborator). *Exploratory grant on Partnership, Outreach and Research Development in Puerto Rico*. National Cancer Institute. (\$55, 223.25). (no current support)
- Giuliano, A. & **Calvo, A.** (Co-Investigator/Foreign Collaborator). A study to Determine Men and Women's Socio-cultural Factors Associated to Cervical Cancer and Human Papilloma Virus control in Panama. 15/August/2006-31/July/2010 (USD 122,329.00-Fogarty International Center, NIH).
- Sosa, N. (International Liaison/Health Promotion Coordination). Health Diplomacy Training: Support the Development of Health Workforce in Latin America and the Caribbean. Collaboration with Johns Hopkins University (JHU), the Pan American Health Organization (PAHO), University of South Florida (USF), the Centers for Disease Control and Prevention of Central America and Panama (CDC-CAP), and other regional partners, with support from the US Department of Health and Human Services Office of Global Health Affairs (DHHS/OGHA). 01/September/2009-31/August/2010 (USD 2.9 Million).
- **Calvo, A.** Community-Based Training Program in Basic Health Needs of Indigenous Populations in Panama Based on Participatory Processes. San Felix Community. Ngäbe-Buglé Population. 01/September/2008-31/August/2010 USDHHS Grant number: 6 IDSEP060003-02-03. (USD\$100,000 DHHS). Principal Investigator.
- Sosa, N, Pascale JM, Gonzalez R, **Calvo A.** Multi-center, longitudinal prospective cohort study to assess the impact of acute respiratory infections in the psychomotor and cognitive development of children up to 24 months old, including monitoring the mother during pregnancy and the effects of acute respiratory infections in the incidence of miscarriage, low weight at birth, or premature birth. Panama; El Salvador. Centers for Disease Control and Prevention. Project: ICGES 14-109. (USD\$2.5M). Active: August 2013-December 2018. Ongoing: Dissemination. Co-Investigator.
- Gonzalez R & **Calvo A.** Evaluation of the psychomotor and cognitive development of a cohort of children with a history of respiratory infection and other external factors of the mother during their prenatal period or during the child's early childhood in Panama and El Salvador. Project 20-157. (USD \$500,000.00) 2019-2024. Ongoing: Dissemination. Co-Investigator.
- **Calvo, A.** Basic Health Education and Promotion on Integral Health Concepts. Train-the-trainer project for the Ngäbe-Buglé Indigenous Population Community Outreach Workers. Funding through the National Secretariat of Science Technology and Education, Panama. May 2011-May2013. (USD\$349,000.00). Principal Investigator.
- **Calvo, A.** Needs Assessment of Nutrition Curriculum for Latin America. UNICEF-TACRO. (\$10,000.00). Principal Investigator. December 2012-March 2013.
- Baldwin, J., Martínez Tyson, D., **Calvo, A (Panama-PI)**, Izurrieta, R. (Ecuador), Hoare, I (Belize). The Syndemic Nature of HIV/AIDS Among Indigenous Populations in Latin America: Risk and Resilience. University of South Florida Internal Award. January 2015-Ongoing. (\$100,000.00USD).
- **Calvo, A.**, Britton, G., Merritt, R. & Bryant, C. Building research capacity on participatory processes research and health education to transform women's health issues. Science and Innovation Fund, United Kingdom. July 2015-March 2016. (\$124,000.00USD). Principal Investigator.

- **Calvo, A.** Analysis on prevention and control of Zika virus in pregnant women of Panama. World Health Organization. May 2017. (\$150,000.00 USD). Principal investigator.
- O’Ryan M & **Calvo A.** Comparative multicenter study of parent’s acceptability and satisfaction after vaccination of their infants with combined hexavalent vaccine DTPa-IPV-Hep B-Hib versus the pentavalent vaccine DTP-HepB-Hib plus polio, in a study population in Chile. Metropolitan area of Santiago, Chile (\$342,000.00: Sanofi Pasteur). May 2018-November 2019. Co-Principal investigator.
- Rodriguez G, Sosa N, Pascale JM, **Calvo A.** Socio-Demographic, Clinical and Economic-Derived Characterization of Dengue Diagnosed Cases, Registered in the Health Information System of the Social Security System in Panama 2013-April 2017. (\$60,000.00: Sanofi Pasteur). March 2018-November 2019. Co-investigator.
- **Calvo A.** Estimate of the population size of men who have sex with men (MSM), transgender women, and female commercial sex workers 18 years and older, characterization of this population, use of health services, condom use, discrimination and violence in the Republic of Panama for the year 2018 (PEMAR 2018). Coordinating agency: Jenkins-Lara Consulting. (\$450,000.00; World Forum Against HIV/AIDS). September 2018-March 2019. Dissemination: November 2019.
- Visovsky, C, Castillero F, **Calvo A.** Intervención de Actividad Física en Casa para la Neuropatía Periférica Inducida por Quimioterapia con Taxanos.
- Cheka, G. & **Calvo, A.** Youth against Covid-19. Qualitative study to understand pandemic knowledge among youth in Panama. Ministry of Health. PanAmerican Health Organization (USD \$10,000). 2020.
- González R, **Calvo A** & Pascale JM. Panama; El Salvador. Centers for Disease Control and Prevention. Project: ICGES 14-109. (USD\$2.5M). Active: August 2020-December 2025. Co-Investigator.
- Pascale JM, Avila ML, **Calvo A** & González R. Effectiveness of the tetravalent influenza vaccine against influenza and related pediatric populations as of 6 months to 5 years of age in Panama and Costa Rica. (\$450,000.00; Sanofi Pasteur). Co-investigator.
- **Calvo A.** Review of National Immunization Calendars of the Expanded Program of Immunization (EPI) in Countries of Latin America and the Caribbean. Preliminary Observations on Financial and Funding Mechanisms of the National Immunization Programs. (\$3,000.00; Florida International University). December 2018-September 2019. Principal investigator-Panama.
- **Calvo A.** Assessment of the National pertussis Immunization Program in Countries using Acellular Pertussis Vaccines (Pentavalent, Hexavalent vaccines): Mexico, Costa Rica, and Panama. (\$1,500.00; Florida International University). December 2018-September 2019. Principal investigator-Panama.
- **Calvo, A.** Internal USF award to study Vaccine hesitance and Myths and Misconceptions generated during the Covid-19 pandemic (\$24,000.00 ongoing).
- **Calvo, A.** Institute for Latin American and Caribbean Studies (ISLAC) at USF to study the mental health of health care professionals during the Covid-19 pandemic at the Santo Tomás Hospital in Panama (\$5,000.00 USD).
- **Calvo, A.** & Salud Latina team. USF Conference Planning Grant. Migration and public health conference, Dec. 2023-2024. Symposium conducted at City of Knowledge in Panama, September 2024. (\$ 10,000.00 USD).

CLINICAL AND POPULATION-BASED RESEARCH

- **PI: A. Calvo.** *A phase III, double-blind, randomized, controlled study to evaluate the safety and immunogenicity of GlaxoSmithKline Biologicals’ HPV-16/18 VLP/AS04 vaccine administered intramuscularly according to a 0, 1, 6 month schedule in healthy female subjects aged 10 – 14 years (HPV-013).* Sub-investigator: E. Ortega, September 2004-September 2005. (USD \$100,000)

- P.I.: E. Ortega, MD. *A Multicenter, Randomized, Comparative Study To Evaluate The Efficacy And Safety Of Levofloxacin In The Treatment Of Children Who Have Recurrent And/OR Persistent Acute Otitis Media* (RWJ-25213-097) **Coordinator: A. Calvo**, June 2003-Present. (USD \$40,000)
- P.I.: E. Ortega, MD. *A multicenter, long-term, active surveillance study of musculoskeletal disorders that occur after initiating a course of Levofloxacin or non-fluoroquinolone therapy for acute infectious diseases in children who were enrolled in phase 3 clinical trials involving levofloxacin therapy.* **Coordinator: A. Calvo**, June 2003-Present. (USD \$40,000)
- P.I.: E. Ortega, MD. *A multicenter, randomized, open-label, comparative study to compare the efficacy and safety of levofloxacin and Standard of care therapy in the treatment of children with community-acquired pneumonia in the hospitalized or outpatient setting* (RWJ-25213-097). **Coordinator: A. Calvo**, June 2003-April, 2004. (USD \$ 40,000)
- PI, E. Ortega, MD. *A phase III, double-blind, randomized, placebo-controlled, multi-country and multi-center study to assess the efficacy, safety and immunogenicity of two doses of GSK Biologicals' oral live attenuated human rotavirus (HRV) vaccine in healthy infants* (444563/023; Rota-023). General Coordinator: A. Calvo, October 2003-Present. (USD \$ 1.4 Million)
- PI, E. Ortega, MD. *A phase III, double-blind, randomized, placebo-controlled, multi-country and multi-center study to assess the efficacy, immunogenicity and safety of two doses of GSK Biologicals' oral live attenuated human rotavirus (HRV) vaccine given concomitantly with routine EPI vaccinations including OPV in healthy infants* (444563/024; Rota-024). **Sub-investigator: A. Calvo**, December 2003-June 2005. (USD \$100,000)
- PI, E. Ortega, MD. *A phase II, partially-blind, randomized, controlled study of three doses of live attenuated tetravalent dengue vaccine (Formulation 17) administered on a schedule of 0,1,6-months, 0,1,12-months or 0,6,12-months, compared to a control of placebo-Havrix™-Havrix™ administered on a schedule of 0,1,12-months, to healthy adults without hemagglutination-inhibiting antibodies to dengue at screening* (DEN-004). **Sub-Investigator: A. Calvo**, October 2004-December, 2005. (USD \$16,000)
- PI, X. Saez Llorens, MD. *A phase III, double-blind, randomized, placebo-controlled, multi-country and multi-center study to assess the efficacy, immunogenicity and safety of two doses of GSK Biologicals' oral live attenuated human rotavirus (HRV) vaccine given concomitantly with routine EPI vaccinations including OPV in healthy infants* (444563/024; Rota-024). **General and Logistics Coordinator: A. Calvo**, October 2005-November 2006. (USD \$250,000)
- PI, X. Saez Llorens, MD. *Epidemiological Prospective Study of invasive disease surveillance caused by Streptococcus pneumoniae and community acquired pneumonia in a population of children 28 days to 35 months inclusive.* (106086/EPI-STREP). **General Coordinator: A. Calvo**, July 2006-December 2006. (USD \$800,000.00).
- PI, X. Saez Llorens, MD. *Confirmatory Otitis Media and Pneumonia Study (COMPAS): a phase III , double-blind, randomized, controlled, multicentre study to demonstrate the efficacy of GlaxoSmithKline (GSK) Biologicals' 10-valent pneumococcal conjugate vaccine (GSK1024850A) against Community Acquired Pneumonia (CAP) and Acute Otitis Media (AOM)* **General Coordinator: A. Calvo**, August 2007-December 2012. (USD \$3,400,000.00). 2013.
- PI, Nieto, J. *A Phase 3b, open-label, randomized, parallel-group, multi-center study to evaluate the Safety of Novartis MenACWY Conjugate Vaccine when administered with routine infant vaccinations to health infants.* **General Coordinator: A. Calvo** January 2010- December 2011. (USD \$75,000.00).
- PI, Nieto, J. *A Phase 2 study, observer blind, controlled, randomized, multi-center study to evaluated safety, tolerability, and immunogenicity of meningococcal vaccine in adolescents, Panama.* **General Coordinator: A. Calvo** December 2010-July 2011. Sponsor: Novartis Vaccines. (USD \$ 129,700).
- PI, Saez-Llorens, X. *A Phase 2 study, observer blind, controlled, randomized, multi-center study to evaluated safety, tolerability, and immunogenicity of meningococcal vaccine in adolescents,*

- Panama. **General Coordinator: A. Calvo.** December 2010-July 2011. Sponsor: Novartis Vaccines. (USD \$ 129,700).
- PI, Saez-Llorens, X. A Phase 2 extension study, observer blind, controlled, randomized, to evaluate the safety, tolerability, and immunogenicity of the third dose of one of the four different formulations of rMenB + MenACWY in adolescents that previously received the same meningococcal study vaccines. **General Coordinator: A. Calvo.** August 2011-April 2012. Sponsor: Novartis Vaccines. (USD \$117,354).
 - PI, Rodriguez-French, A. A multi-center study, phase III, randomized, controlled, observer blind, to evaluate the safety, immunogenicity, and consistency of three consecutive groups of a sub-unit trivalent vaccine against influenza with MF59C1 in 65 years of age and older subjects. **General Coordinator: A. Calvo.** December 2010-December 2011. Sponsor: Novartis Vaccines. (USD \$121,030).
 - PI, Sosa, N., Pascale JM, González R, **Calvo A.** Gorgas Memorial Institute for Health Studies. Sub-contract to University of South Florida. USF-PI: **Calvo, A.** *Multicentric longitudinal prospective cohort study, to evaluate the repercussion of acute respiratory infections on the psychomotor and cognitive development in children up to 24 months of age, including the follow-up of the mother during pregnancy and the effects of the acute respiratory infectious in the frequency of miscarriages, low birth weight, and/or premature births.* Grant Number: 1U01IP000791-01. Sponsor: Centers for Disease Control and Prevention (CDC) (USD \$2,5000,000.00).
 - **Calvo, A.,** Britton, G., Merritt, R., Bryant, C. Building Research Capacity on Participatory Processes Research and Health Education to Transform Women's Health Issues. UK Science and Innovation fund for Panama. July 6, 2015-March 31, 2016. Role: Principal Investigator. (\$127,000.00).
 - Rodríguez, G, Sosa N, **Calvo, A** & Pascale, JM. Secondary analysis of incidence of dengue fever in Panama. May 2017. Sponsor: Sanofi (\$100,000.00 USD). Co-Investigator.

COMMUNITY RESEARCH PROJECTS

- **Maximizing Our Brain Power**, Lawton and Rhea Chiles Center for Healthy Mothers and Babies, Summer 1999. Cultural transcreation of a strategy coordinated by the *Florida Starting Points Initiative* from a national effort of the Carnegie Corporation.
- **Family Planning Medicaid Waiver Contract**, Lawton and Rhea Chiles Center for Healthy Mothers and Babies, Summer 1999. Cultural transcreation and evaluation of campaign for mother to give birth to babies two years apart. Funded by the Florida Department of Health.
- **Florida's Child Health Diary**, Lawton and Rhea Chiles Center for Healthy Mothers and Babies, 1998-Present. Cultural transcreation and evaluation of social marketing campaign and diary for well-baby visits from birth to five years old. Funded by the Florida State Department of Health and ACHA.
- **¡Platiquemos Acerca de Su Salud!/Let's Talk About Your Health!**, H. Lee Moffitt Cancer Center and Research Institute, 1998-Present. Development and evaluation of a breast and cervical cancer educational videotape and facilitator's guide intended for Mexican migrant and seasonal farmworkers. Funded by the Cancer Research Foundation of America.
- **¡Por Su Salud!/For Your Health!**, H. Lee Moffitt Cancer Center and Research Institute. Coordinate outreach workers in the promotion and education of breast and cervical cancer screening and early detection services among farmworkers. Evaluation of effectiveness of this program. Collect and analyze knowledge, attitude, beliefs, and behavior data to develop further educational programs. Funded by the Avon Breast Care Fund.
- **Project Toolbox**, H. Lee Moffitt Cancer Center and Research Institute. Development of culturally, linguistically and literacy relevant breast, cervical and prostate cancer materials (videotapes, flipcharts, brochures) for African-American and Hispanic farmworker men and women. Funded by the Florida State Department of Health.
- **An Exploration of Hispanic Farmworker Women's Health, Nutrition and Cancer Related Knowledge and Practices**. H. Lee Moffitt Cancer Center and Research Institute. Exploratory research project to determine nutrition and cancer related knowledge and behaviors among Hispanic farmworker women in rural Hillsborough County, Florida. Funded by the University of South Florida.
- **Formative Research Phase, Breast and Cervical Cancer among Hispanics in Pennsylvania**. Development of interview guide for focus groups. Penn State University, funded by the American Cancer Society.

- **Calvo, A.** Lindenberger, J. & McCormack Brown, K. (2002). Final Report on School Board Members Concept Testing. *California Project Lean*. Nutrition project for California schools.
- **Calvo, A.** (2005). Final report on the Rotavirus Rota-024, Protocol No. 444563/024, presented to the Gorgas Bioethics Committee, Panama City, Panama.
- **Calvo, A.** (2006). Final report on the Rotavirus Rota-023, Protocol No. 444563/023, presented to the Gorgas Bioethics Committee, Panama City, Panama.
- **Calvo, A.** (2006). Final report on the Human Papillomavirus Vaccine Trial, Protocol No. HPV-013, presented to the Gorgas Bioethics Committee, Panama City, Panama.
- **Quarterly Advance Reports and Final Report.** *A phase III, double-blind, randomized, controlled study to evaluate the safety and immunogenicity of GlaxoSmithKline Biologicals' HPV-16/18 VLP/AS04 vaccine administered intramuscularly according to a 0, 1, 6 month schedule in healthy female subjects aged 10 – 14 years (HPV-013).* September 2004-September 2005.
- **Quarterly Advance Reports and Final Report.** *Multicenter, Randomized, Comparative Study To Evaluate The Efficacy And Safety Of Levofloxacin In The Treatment Of Children Who Have Recurrent and/or Persistent Acute Otitis Media (RWJ-25213-097).* 2003-Present.
- **Quarterly Advance Reports and Final Report.** *A multicenter, long-term, active surveillance study of musculoskeletal disorders that occur after initiating a course of Levofloxacin or non-fluoroquinolone therapy for acute infectious diseases in children who were enrolled in phase 3 clinical trials involving levofloxacin therapy.* June 2003-Present.
- **Quarterly Advance Reports and Final Report.** *A multicenter, randomized, open-label, comparative study to compare the efficacy and safety of levofloxacin and Standard of care therapy in the treatment of children with community-acquired pneumonia in the hospitalized or outpatient setting (RWJ-25213-097).* June 2003-April, 2004. (USD 40,000).
- **Quarterly Advance Reports and Final Report.** *A phase III, double-blind, randomized, placebo-controlled, multi-country and multi-center study to assess the efficacy, safety and immunogenicity of two doses of GSK Biologicals' oral live attenuated human rotavirus (HRV) vaccine in healthy infants (444563/023; Rota-023).* October 2003-Present. (USD 1.4 Million).
- **Quarterly Advance Reports and Final Report.** *A phase III, double-blind, randomized, placebo-controlled, multi-country and multi-center study to assess the efficacy, immunogenicity and safety of two doses of GSK Biologicals' oral live attenuated human rotavirus (HRV) vaccine given concomitantly with routine EPI vaccinations including OPV in healthy infants (444563/024; Rota-024).* December 2003-June 2005.
- **Quarterly Advance Reports and Final Report.** *A phase II, partially-blind, randomized, controlled study of three doses of live attenuated tetravalent dengue vaccine (Formulation 17) administered on a schedule of 0,1,6-months, 0,1,12-months or 0,6,12-months, compared to a control of placebo-Havrix™-Havrix™ administered on a schedule of 0,1,12-months, to healthy adults without hemagglutination-inhibiting antibodies to dengue at screening (DEN-004).* October 2004-December, 2005.
- **Quarterly Advance Reports and Final Report.** *A phase III, double-blind, randomized, placebo-controlled, multi-country and multi-center study to assess the efficacy, immunogenicity and safety of two doses of GSK Biologicals' oral live attenuated human rotavirus (HRV) vaccine given concomitantly with routine EPI vaccinations including OPV in healthy infants (444563/024; Rota-024).* October 2005-November 2006
- **Quarterly Advance Reports and Final Report.** *Epidemiological Prospective Study of invasive disease surveillance caused by Streptococcus pneumoniae and community acquired pneumonia*

in a population of children 28 days to 35 months inclusive. (106086/EPI-STREP). July 2006-December 2006.

- **Quarterly Advance Reports and Final Report.** *Confirmatory Otitis Media and Pneumonia Study (COMPAS): a phase III, double-blind, randomized, controlled, multicentre study to demonstrate the efficacy of GlaxoSmithKline (GSK) Biologicals' 10-valent pneumococcal conjugate vaccine (GSK1024850A) against Community Acquired Pneumonia (CAP) and Acute Otitis Media (AOM).* August 2007-August 2010. Ongoing.

RESEARCH INTERESTS

- International health, vaccine research at a population level.
- Women's health.
- Sexually transmitted infections (STIs), including HIV.
- Human papillomavirus (HPV)-cervical cancer, and other related cancers.
- Development of culturally, linguistically and literacy relevant interventions, educational materials and programs.
- Community-based research, education, outreach, screening and care regarding interphase of chronic and infectious diseases.
- Qualitative and quantitative research at the population level.
- Nutrition research and education related to chronic diseases.
- Social marketing and health education and promotion.

MISCELLANEOUS SKILLS

- **Languages:** English/Spanish-fully bilingual. Conversational Portuguese/Italian.
- Development of culturally, linguistically and literacy relevant educational materials.
- Fluent in Spanish and conversational Portuguese.
- Translation and cultural transcreation of materials.
- Excellent organizational and communication skills, both written and oral.
- Coordination and logistics for implementation of clinical trials.
- Qualitative and quantitative research methods, such as: focus group, interview, instrument development (e.g., surveys, questionnaires, etc.), data analysis (textual and numerical).
- Multicultural community outreach and education.
- Language, cultural and literacy competency.
- Message design and tailoring for specific populations.

- Social marketing processes applied to behavior change.
- Ability to build and participate in community advocacy, robust and sustainable partnership building and mobilization endeavors.
- Application of epidemiological studies and needs assessment to diverse populations.
