2002-Current

Medical Consultant: Florida Diagnostic and Learning Resources System Program (for children with developmental/behavioral issues within schools)

TEACHING, DISSERTATION SUPERVISION, LECTURES

First Year

2010-current

BMS 6825 & 6826 – General Pediatrics and Neonatal Complex Care. One student for 3-4 blocks per year; in 2017, adjusted to 3-week blocks for 3-4 students 3 times per year.

2009

BMS 6941: Developmental Pediatrics: one student for 3 – one-month blocks

Second Year

Annual Lectures

Entire Class

2021

BMS 6043: Child Abuse Overview I – Annual Lecture

2018-2020

BMS 6043: Child Abuse Overview I and II – Annual Lecture

2010-2017

BMS 6043: Child Abuse, Intimate Partner Violence and Elder Abuse

2002-2010

Overview of Child Growth and Development

Courses

2005-2008

BMS 6941: Developmental Pediatrics: one student for 6 months each year, weekly half day session each student

2004

BMS 8334: Evidence Based Medicine: 10-12 Students for 12 weeks – weekly sessions.

2000-2003

BMS 6832: Problem Based Learning/Clinical Pathological Conference: 10-12 Students for 12 weeks – weekly sessions.

Third Year

2005-2014

BCC 7184: Primary Care & Specialty Populations: One student 1-2 half days per week for half day session during coverage of Open Access (Acute) clinic at 17 Davis – average # weeks per year, 10-12.

2005-2010

Lecture for Ambulatory Pediatrics Block Rotation: Overview of Child Development and Common Developmental Disorders – 5-6 blocks per year.

1998-2004

Lecture for Ambulatory Pediatrics Block Rotation: Growth and Development – 5-6 blocks per year.

Fourth Year

2007-2017

MEL 8571: Elective in Child Abuse Medicine: 1-2 students per year

2001-2010

MEL 8571: Elective in Child Development: 1-2 students per year

Other

2005-2007

Organized Big Brothers/Sisters Program for Third & Fourth Year Students. 4 students participated.

Teaching, Supervisory Fellows/Residents

Fellows

2014-Current

Director: Neonatal Complex Care Follow-up Program: Fellows clinic. Weekly – Friday. 1 Fellow per session. Coordination of educational experience with Early Steps (Early Intervention) and Pediatric Pulmonary Program. Program operates as a Primary Care Medical Home for children with complex needs graduating from Neonatal ICU. Research opportunities for Fellows include following developmental or health outcomes for studies initiated in the Neonatal ICU as well as participation in follow up of infants who are enrolled in clinical or pharmaceutical trials.

Residents

2014-Current

Neonatal Complex Care Program as Primary Care Medical Home as their required second community/specialty half day continuity clinic for PGY 2 and PGY 3 residents interested in Neonatal, ICU or Hospitalist Fellowships, or interested in Complex Primary Care. 2-3 Residents per year. Residents from Child Development Rotation – rotate through 1-2 times per month (2020-current).

2010-2017

Tampa General Pediatric Inpatient: 2-4 weeks per year, every 6th weekend call coverage until 2017. 1-3 residents, 1-2 medical students.
2017-2020 – fill in as needed to cover weekends.

2007-2020

Child Protection Team Elective Block Rotation: Director, Pediatric Residents. 2 - 8 Senior Residents take this elective per year. Residents are supervised for ambulatory and hospital referrals, advocacy activities within the Child Advocacy Center, attendance with (DCF) Child and Families in field activities.

2001-2010

Director of Child Development Core Rotation for Pediatric Residency. All Pediatric Residents required to complete one- month block. Developed and maintained curriculum, reading list/syllabus. Coordinated rotation activities: across 3 clinical sites (ACH, CMS, Community Developmental Practice).

1996-2020	Clinical supervision: ambulatory clinic – 17 Davis. <ul style="list-style-type: none">• 1996-2000: 8-9 sessions per week, 2-4 residents per session; Friday pm continuity clinic attending• 2010-2015: 50 sessions per year, 2-4 residents per session• 2015-2019: Crosscover: 1-5 sessions per year, 2-4 residents per session
1995-1998	Tampa General Pediatric Inpatient: 2 months per year; 3-4 residents, 1-2 medical students.
1995-1998	Attending Physician in Child Development, covering Early Steps 2-3 sessions per week. Developed syllabus, teaching material and reading list for required developmental rotation.
<u>Advisor</u>	
1996-2002	2-5 Residents per year
2010-2016	1-2 Residents per year
<u>Lectures</u>	
2021	Lilly, C.M. Nonaccidental Trauma in the Emergency Department. USF Emergency Medicine Half Day Conference (scheduled: November 3, 2021)
2021	Lilly, C.M. Pediatric Core Resident Lecture: Academic Half Day: <i>Recognition and Management of Child Physical Abuse</i> (May 6, 2021)
2020, 2018, 2016, 2014	Lilly, C.M. & Hess, J. <i>Systems of Care for Children and Adolescents with Developmental Disabilities</i> . Psychiatry Resident Training.
2020	<i>Sexual Abuse</i> . Pediatric Core Resident Lecture.
2020	<i>FTT and Neglect</i> . Pediatric Core Resident Lecture
2019, 2020	<i>Recognition and Management of Child Abuse, Neglect</i> . Pediatric Core Resident Lecture

2005 Berney Wilkinson: *Perceived Competency in Female Primary Caregivers of Infants and Toddlers with Medical and/or Developmental Disabilities*. Department of Psychological and Social Foundations. **(Medical Consultant/Supervisor and Guest Committee Member)**

2005 Jonathan Worcester: *Navigating the System of Care: An Analysis of Parent Experiences in Obtaining Care for Young Children with Challenging Behavior*. Department of Psychological and Social Foundations. **(Medical Consultant/Supervisor and Guest Committee Member)**

Curriculum Development

2002-2010 **Co-Developed Pediatric Graduate Psychology Training Program** with Kathleen Armstrong, PhD as collaborative effort with the USF School and Clinical Psychology Departments. See Service/Admin/Leadership for details.

1997 **PHC 6934 ref 7197: *Healing the Whole Child: Course Director***. Public Health course developed as part of Masters' Thesis for graduate students in the College of Public Health. Focused on advocacy in child health on individual, community and societal levels based upon analysis of major health threats, external factors and the impact of current health policies. Focus on primary care for as medical home for health promotion & prevention, advocacy and coordination of care for children with special needs is also explored.

CLINICAL ACTIVITIES OR INNOVATIONS

Recognized expertise in the management of Children with Special Health Care Needs and Child Abuse Pediatrics. I am one of two Board-Certified Child Abuse Pediatrician in a four-county region, and one of only 9 in Florida. There are approximately 350 Child Abuse Pediatricians in the United States. I was among the first two groups of pediatricians to be allowed to sit for the Child Abuse Board due to experience. (Current certification requires fellowship.) I have served as Medical Director for 7 programs (3 currently) and as a consultant for 4 programs. I direct one of the two complex care programs for children in the four-county region.

Medical Directorships

2020-current

Statewide Medical Director: Florida Child Protection Team. Florida Department of Health Clinical oversight of 16 medical directors within state system, over 100 providers and case coordinators, provides second opinion consultation on difficult cases, directs/monitors child abuse education for medical providers and local teams, ensure/participate in quality monitoring of teams, and provides expert court testimony.

2015-2020

Medical Director: Hillsborough, Polk, Hardee and Highlands Counties Child Protection Teams, University of South Florida, Department of Pediatrics, Tampa, FL. Program provides over 5000 services for over 1500 children and families referred for suspected maltreatment annually – including ambulatory and hospital consultation. Reviews nearly 24,000 abuse-neglect reports annually. Clinical oversight of 3-5 APRN, 6 Case Coordinators and Team Coordinator, provide second opinion consultation for APRNs, provides physician and community trainings related to child maltreatment annually (4), coordinates with community partners in joint activities such as child death review, clinical protocol development, coordinates quality process with Florida Department of Health for team and provides expert court testimony. As part of Medical Directorship – hold responsibility for **Medical Support of CAC National certification** for Mary Lee’s House in Hillsborough County and Children’s Home Society in Polk and Highlands Counties.

2012-Current

Medical Director: USF-Tampa General Hospital Neonatal Complex Care Program. University of South Florida, Department of Pediatrics, Tampa, FL. Funded for 0.15 -0.20 FTE by Tampa General to provide: Clinical care within a primary care medical home for 500 medically complex infants/young children. Supervise RN Navigator, APRN, and nursing staff; who assist with transition from hospital to home. Directs quality improvement and benchmarking for program. Developed and maintains patient registries for complex children for clinical tracking and quality review. Program provides educational experiences for Neonatal Fellows, Pediatric Residents for their continuity clinic, Pediatric Residents rotating through Child Development, APRN students and first-second year medical students.

2010-2017

Medical Director: 17 Davis Pediatric Clinic. University of South Florida, Department of Pediatrics, Tampa, FL. Provided clinical oversight of medical and nursing care for children seen within private and resident primary care and open access clinics. There are over 25,000 patient visits per year to this site. General Pediatrics provides Saturday hours at USF for patients. Directed development of clinical protocols & standing orders in conjunction with Pediatric Faculty. Coordinated with nursing to develop workflow for office procedures. Supervised move of practice from STC to 17 Davis office-site. Co-lead patient centered medical home activities leading to NCQA certification. Vaccines For Children Physician Director for site. Helped coordinate move of subspecialists to develop a multi-specialty and primary care site, supporting a coordinated medical home.

2007-2015

Medical Director: Polk, Hardee and Highlands Child Protection Team. University of South Florida, Department of Pediatrics, Tampa, FL. Program provided over 2500 services annually for over 600 children and families referred for suspected maltreatment – including ambulatory and hospital consultation. Reviewed nearly 12,000 abuse-neglect reports annually. Clinical oversight of 1-2 APRN and 7-9 Case Coordinators. Second opinion consultation for APRNs, provides physician and community trainings related to child maltreatment annually (2), coordinates with community partners in joint activities such as clinical protocol development, coordinates quality process with Florida Department of Health for team and provides expert court testimony. As part of Medical Directorship – hold responsibility for **Medical Support of CAC National certification** for Children’s Home Society in Polk and Highlands Counties.

2001-2017

Medical Director: Bay Area Early Steps Program. University of South Florida, Department of Pediatrics, Tampa, FL. Program served over 80,000 0-3-year-old children and families with or at risk for developmental disorders; large State contract with Federal pass through funding and extensive monitoring and reporting requirements. Supervised between 35-70 clinical, service coordination and administrative staff. I co-wrote competitive renewals in both 2013 and 2017; after this program was transitioned to the current director. Multiple successful programs developed as a result of this clinical contract, which served thousands of patients. Early Steps was the foundation program for the development of the Psychology Graduate Program as well as clinical programs that served children with behavioral and language disorders. (Helping Our Toddlers, Developing Our Children's Skills -HOTDOCS, Parent Child Interaction Therapy, Trauma Informed Therapy and Hanen Program)

1997-1999

Director, Hillsborough Health Department Pediatric Nurse Practitioner Project. University of South Florida, Department of Pediatrics, Tampa, FL. A joint program between the University of South Florida and Hillsborough County Health Department to provide primary care to under-served children at health department sites. Supervised APRN's at 6 sites, helped to develop clinical protocols and provided case review and consultation for more complex cases.

1995-2016

Medical Director: USF/Children's Medical Services Growth Clinic. University of South Florida, Department of Pediatrics, Tampa, FL. Program operated within Children's Medical Services Site serving close to 1000 children referred with failure to thrive and malnutrition. Developed clinical protocol for evaluation and management for both ambulatory and hospitalized children. Supervised team including RN, Social Work, Nutritionist and coordinated services through other programs such as Early Steps, subspecialty care and community resources.

1992-1994

Director, Pediatric Services: Yukon-Kuskokwim Health Corporation-Bethel Hospital, Bethel, AK. Supervised 1-3 Pediatricians providing primary, emergency and consulting care for children from villages on the Y-K Delta area. Consulted with family practitioners and village health aides via radio traffic; and travelled to villages to provide direct care to children. Provided air transport of seriously ill infants from villages to Bethel to stabilize prior to transport to Anchorage. Subspecialty consult program coordinated with Seattle Children's Hospital, Providence and Alaska Native Medical Center. (ENT, Pulmonary, Genetics, Hematology-Oncology, Cardiology). Developed high risk infant community integrated services grant to create registry for tracking through public health service nurses in villages – for infants and children with special health care needs. Coordinated and participated in local clinical trials involving HiB vaccine for native population and RSV prophylaxis. Established the Regional Medical Child Abuse Protocol for the Bethel Service Unit.

- Lilly, C.** 2005 *Triage of Referrals for Children with Developmental Delay in the Education/Head Start System; Psychiatry, Neurology, Pediatrician or All of the Above?* Presentation, Hillsborough County Head Start, Tampa, FL.
- Lilly, C.** 2005 *Early Steps New Model Implementation –Author and Co-Presenter with Grosz, P. Progress and Challenges for Center One (Hardee, Highlands, Hillsborough, Manatee and Polk Counties)*. Presentation, Early Steps Regional Meeting, Tampa FL.

Lilly, C. 2004 *The Family Support Plan Meeting: Negotiating and Intervention Plan Using the Consultative (Coaching) Model.* Presentation at 5 Regional Meetings held in Central Florida from December 2003 to January 2004. Tampa, FL. Lakeland, FL., Bartow, FL

Lilly, C. 2001 *Overview of Pediatric Under Nutrition in the Foster Care Environment.* Presentation, Training for Children's Medical Services Medical Foster Care Program, Tampa, FL.

CLINICAL SERVICE GRANTS AND CONTRACTS

Grants below are Clinical Service Grants for which I have been the PI and Medical Director. These grants have served nearly 90,000 children/families in the prior 17 years. The Victims of Crimes program funds case coordinators who provide victim advocacy, urgent safety counseling, resource and referral for children referred for sexual abuse. Since 2012, this program has served over 1,000 children/families. The Children's Home (CHS) program funds APRN – Nurse Practitioner support for the Polk County component of the Child Protection Team. All grants require fiscal and clinical benchmark reporting to the Department of Health and Juvenile Justice programs in Florida. Below are the details for grants from 2007 to current from the date of my last promotion. Grants prior to 2007 are summarized at the end of this section.

A) Current Grants:

Agency: Florida Office of Attorney General
I.D.# 6119146600
Title: Victims of Crime Act (VOCA)
P.I.: Lilly, Carol M
Percent effort: No PI effort
Budgeted costs project period: **\$219,627 +**
Project period: 10/01/2019 – 09/30/2020 & 10/1/2020 – 09/30/2021

Agency: Florida Department of Health
I.D.# 6119144401
Title: Children's Medical Services- Statewide Medical Director
P.I.: Lilly, Carol M
Percent effort: ~65%
Budgeted costs project period: **\$**
Project period: 05/01/2020 – 06/30/2021 and 7/1/2021 – 6/30/2022

Agency: Children's Home Society of Florida
I.D.# 6119146201
Title: Independent Contractor Agreement
P.I.: Lilly, Carol M
Percent effort: No PI effort
Budgeted costs project period: **\$115,613+**
Project period: 07/01/2020 – 06/30/2021 + 7/1/2021 – 6/30/2022

B) Past Grants

Agency: Florida Office of Attorney General
I.D.# 6119146600
Title: Victims of Crime Act (VOCA)
P.I.: Lilly, Carol M
Percent effort: No PI effort
Total costs for project period: **\$219,627**
Project period: 10/01/2018 – 09/30/2019

Agency: Florida Department of Health
I.D.# 6119144401
Title: Children's Medical Services- Medical Director
P.I.: Lilly, Carol M
Percent effort: 58.26%
Budgeted costs project period: **\$106,365**
Project period: 07/01/2019 – 06/30/2020

Agency: Florida Department of Health
I.D.# 6119144401
Title: Children's Medical Services- Medical Director
P.I.: Lilly, Carol M
Percent effort: 58.26%
Total costs for project period: **\$106,365**
Project period: 07/01/2018 – 06/30/2019

Agency: Florida Department of Health
I.D.# 6119139503
Title: Children's Medical Services- Child Protection Team
P.I.: Lilly, Carol M
Percent effort: 30%
Total costs for project period: **\$889,446**
Project period: 07/01/2018 – 06/30/2019

Agency: Children's Home Society of Florida
I.D.# 6119146201
Title: Independent Contractor Agreement
P.I.: Lilly, Carol M
Percent effort: No PI effort
Total costs for project period: **\$115,613**
Project period: 07/01/2019 – 06/30/2020

Agency: Florida Department of Health
I.D.# 6119132504, 6119132504, 6119114604
Title: Children's Medical Services- Early Steps
P.I.: Lilly, Carol M
Percent effort: 10%
Total costs for project period: **\$3,424,463.43**
Project period: 07/01/2017 – 12/31/2017

Agency: Florida Department of Health
I.D.# 6119132503, 6119132503, 6119114603
Title: Children's Medical Services- Early Steps
P.I.: Lilly, Carol M
Percent effort: 10%
Total costs for project period: **\$7,068,528**
Project period: 07/01/2016 – 6/30/2017

Agency: Florida Department of Health
I.D.# 6119132502, 6119132502, 6119114602
Title: Children's Medical Services- Early Steps
P.I.: Lilly, Carol M
Percent effort: 10%
Total costs for project period: **\$6,662,855**
Project period: 07/01/2015 – 6/30/2016

Agency: Florida Department of Health
I.D.# 6119132501, 6119132501, 6119114601
Title: Children's Medical Services- Early Steps
P.I.: Lilly, Carol M
Percent effort: 10%
Total costs for project period: **\$4,044,437**
Project period: 07/01/2014 – 6/30/2015

Agency: Florida Department of Health
I.D.# 6119132500, 6119132500, 6119114600
Title: Children's Medical Services- Early Steps – Competitive Renewal
P.I.: Lilly, Carol M
Percent effort: 10%
Total costs for project period: **\$6,751,793**
Project period: 07/01/2013 – 12/31/2014

Agency: Florida Department of Health
 I.D.# 6119123702, 6119123802, 6119123900, 6119123701, 6119123801
 6119123900, 6119123700, 6119123800, 6119123900, 6119114300
 6119114500, 6119114600, 6119121000, 6119111200, 6119111300
 6119111400, 6119111500
 Title: Children's Medical Services- Early Steps
 P.I.: Lilly, Carol M
 Percent effort: 10%
 Total costs for project period: \$2,772,284.80 + \$3,625,727 + \$3,301,060 + \$3,301,060 + \$5,166,148
 +\$2,583,074 = **\$18,166,280**
 Project period: 07/01/2007 – 12/31/2013

Agency: Florida Office of Attorney General
 I.D.# 6119144700, 6119143000, 6119136801, 6119136800, 6119133400,
 6119129600
 Title: Victims of Crime Act (VOCA)
 P.I.: Lilly, Carol M
 Percent effort: No PI effort

Total costs for project period: \$155,363 + \$140,656 = \$120,880 + \$120,880 + \$110,880 + \$105,600 =
\$749,259
 Project period: 10/01/2012 – 09/30/2018

Agency: Florida Department of Health
 I.D.# 6119144400, 6119132003, 6119132002
 Title: Children's Medical Services- Medical Director
 P.I.: Lilly, Carol M
 Percent effort: 58.26%, 58%, 58%

SERVICE/ADMIN/LEADERSHIP

Administrative Leadership

2010 - 2020

Chief: Division of General Pediatrics, University of South Florida,
Department of Pediatrics, Tampa, FL

Sections: **Largest division within Dept. of Pediatrics**

- Ambulatory Pediatrics
- TGH Inpatient Service,
- Child Protection Team
- Complex Care, Early Steps

Direct Supervision of 12-15 faculty, 6 APRNs, 2 admin positions.

General Pediatrics: 2018-19 Charges: \$15,657,965

Payments: \$4,774,930

Signature Programs: General Pediatrics

Healthy Start's Substance Exposed Infant Comprehensive

Care Program. Funds 0.2 faculty FTE and provides coordinated Care for Children/Families through the Mary Lee's House at USF CPT Site. Start date fall 2019.

USF-Tampa General Hospital Joint Neonatal Complex Care Program.

Responsible for development and implementation. Program

includes: Registry of ~500 patients with complex medical needs Neonatal fellows Follow-Up Clinic; additional continuity clinic for Pediatric Residents interested in ICU or hospitalist fellowship. Expanded from 17 Davis office site to add CMS as site in 2015. 2012-current

Neonatal follow-up for fellow research studies and pharmaceutical studies initiated in neonatal ICU.

Primary Care Integrated Mental Health/Family Resource Support –

As a component of our **Integrated Health in Primary Care Program**, **sought funding from Children's Board of Hillsborough County** along with another agency – Infants, Young Children of Tampa Bay to provide Healthy Steps Model to families within USF Pediatrics primary care practice. Children's Board continued funding through Grace Point. This program helps to integrate family support and mental health and developmental triage, resource and referral using family resource specialists at the two largest USF pediatric primary care sites serving ~150 families per year.

2014-current.

Co-developed and Co-supervised School Psychology Doctoral Interns in Primary Care to Develop an Integrated Health Program.

Program delivered direct assessment and intervention for children with developmental and behavioral needs at the 17 Davis and Health Park practice sites. Program coordinated mental health/developmental care within the primary care office using a co-training model for Pediatric Residents and Pediatric Psychology Interns. 2013-2015, 2018-current

Co-Director of USF Pediatrics Medical Home Project – Division selected as one of 20 Florida sites for the American Academy of Pediatrics Florida Medical Home Demonstration Project. This was precursor to seeking NCQA recognition noted below. 2011-2015

Co-led efforts to attain National Committee for Quality Assurance Designation Patient Centered Medical Home 2015. Program recertified with Dr. Soylu was lead in 2018.

2001-2010

Chief: Division of Child Development, University of South Florida, Department of Pediatrics, Tampa, FL

Sections:

- Early Steps Program
- School Age Development Clinic
- Pediatric Psychology Program

Direct Supervision of 3-5 faculty, 1-2 APRNs, 4-7 admin positions, Division of Child Development employed 40-60 care coordinators and clinical providers including psychology, speech, physical and occupational therapists

Signature Programs: Child Development

Early Steps Early Intervention Program: **I have served as PI and Director of this contract from 2001-2017.**

- Supervised nearly \$40,000,000 in contract revenue at USF since 2001
- Served over 80,000 children from 0-3 years
- Supported 15 graduate psychology interns and negotiated funding, which was the foundation for the majority of clinical research initiated within the Division during this time.

Programs initiated to serve Early Steps children include: HOTDOCS (Helping Our Toddlers, Developing Our Children), Parent Child Interactive Therapy, Autism Testing, Trauma Informed Services and Hanen Programs.

Psychology Program: Established and co-developed a Graduate Psychology Program in collaboration with the USF School and Clinical Psychology Programs. Activities included recruitment of psychology interns, dissertation supervision, administrative and clinical supervision of graduate internships. **Secured funding from the State of Florida Department of Health to enable graduate interns to be trained as Infant Toddler Development Specialists.** This program funds graduate assistantships. Research within the Division improved significantly with the addition of Psychology trainees. Graduates from the Pediatric Psychology Training program have

published over 70 articles/abstracts/book chapters and presented at nearly 50 conferences.

Collaboration with Children’s Board of Hillsborough County resulted in Division being established as part of the county Administrative Services Organization; and resulted in additional grant funding for Case Coordination through the Early Steps Early Intervention Program.

1992-1994

President: Medical Staff Yukon Kuskokwim Health Corporation, Bethel Hospital, Bethel, AK

Signature Programs: Yukon Kuskokwim Health Corporation

Led Medical Staff during re-organization of service delivery to Transition from US Public Health Service Program to Native-Run Governing Board – Yukon-Kuskokwim Regional Health Corporation – through PL-638 process.

Editorial
