EDUCATION

2014	A.T. Still University Mesa, AZ	Medical Professional Legal Consultant
2013	University of Nebraska Medical Center Omaha, NE	Master of Physician Assistant Studies
1990	Yale University School of Medicine New Haven, CT	Physician Associate Certificate
1988	University of South Florida Tampa, FL	Bachelor of Science in Biology

ACADEMIC HONORS

1991	Association of Physician Assistant Programs	Upjohn Student Writing Award
1990	Yale University Physician Associate Program	Honors Award
1990	American Academy of Physician Associates Education and Research Foundation	Scholarship Recipient
1990	Connecticut Academy of Physician Associates	Scholarship Recipient
1985 – 1988	University of South Florida	Athletic Training Scholarship Recipient

LICENSURE

Florida Board of Medicine	# PA 0002366 (expires 01/31/28)
National Commission on Certification of Physician Assistants	# 1022181 (expires 12/31/27)
Florida Board of Athletic Training	# AL 0000209 (expires 09/30/28)
Board of Certification for the Athletic Trainer	# 119102426 (expires 1/31/28)

PROFESSIONAL APPOINTMENTS

2012 – present	Athletic Trainer Spotter	National Football League
2006 – present	Physician Assistant	USF Health Morsani College of Medicine
1990 – present	Physician Assistant	Tampa General Hospital
1995 – 2024	Physician Assistant	Florida Hospital Tampa
1991 – 2018	Physician Assistant	Shriners Hospital for Children – Tampa
1990 – 2006	Physician Assistant	Florida Orthopaedic Institute

ACADEMIC APPOINTMENTS

2026 – present	Professor	Department of Medical Education University of South Florida, Morsani College of Medicine
2019 – 2026	Associate Professor	Department of Orthopaedics & Sports Medicine University of South Florida, Morsani College of Medicine
2018 – present	Associate Director	Physician Assistant Program University of South Florida, Morsani College of Medicine
2016 – 2018	Principal Faculty	Physician Assistant Program University of South Florida, Morsani College of Medicine
2011 – 2019	Assistant Professor	Department of Orthopaedics & Sports Medicine University of South Florida, Morsani College of Medicine
2006 – 2011	Instructor	Department of Orthopaedics & Sports Medicine University of South Florida, Morsani College of Medicine
2004 – 2006	Clinical Instructor	Physician Assistant Program, South University
1994 – 2011	Adjunct Instructor	School of Physical Education, Wellness & Sport Studies University of South Florida

UNIVERSITY SERVICE

2025 – present	Co-Chair, USF Health Morsani College of Medicine Appointment, Promotion & Tenure Instructor Subcommittee
2022 – present	USF Health Libraries Faculty Advisory Group
2021 – present	Interprofessional Education and Practice Champions Group
2016 – present	Physician Assistant Program Self-Study Committee
2016 – present	Physician Assistant Program Admissions Committee

2016 – present	Physician Assistant Program Academic Performance and Professionalism Committee
2015 – present	Mentor, Selmon Mentoring Institute
2014 – present	Physician Assistant Program Curriculum Committee
2023 – 2025	USF Health Capital Improvement Trust Fund Student Resource Center - Student Success/Life Enhancement Project Working Group
2019 – 2025	Athletics Council
2016 – 2024	Performing Arts in Medicine Collaborative
2014 – 2017	Physician Assistant Program Advisory Committee
2014	**Chairperson, LCME Educational Resources Subcommittee**
2013 – 2014	Physician Assistant Program Executive Steering Committee
2012 – 2018	Faculty Adviser, TriDocs at USF Triathlon Club
2012 – 2016	**Director, USF Health Concussion Center**
2011 – 2014	Faculty Adviser, USF Morsani College of Medicine Wellness Council
2011	President's Committee on Exercise is Medicine on Campus
2010 – 2016	Physician Assistant Program Development Committee
2010 – 2012	Wellness USF
2010 – 2011	University Area Community Traffic Taskforce
2009 – 2014	Morsani Operations Committee
2009 – 2014	Orthopaedic Fellowship Admissions Committee
2008 – 2016	Faculty Adviser, Tri Bulls Triathlon Club
2007 – 2014	Orthopaedic Residency Admissions Committee
2007 – present	Faculty Adviser, Pre-Physician Assistant Society
2006 – present	Preceptor, Pre-PA and medical student observations

PROFESSIONAL SERVICE

American Academy of Physician Associates

2025 – present	Delegate, House of Delegates
2022 – present	**Chair,** Constituent Relations Commission
2015 – present	Foundation Scholarship Applicant Reviewer
2014 – present	Annual Conference Poster Presentation Reviewer
2012 – present	Annual Conference Program Reviewer

National Athletic Trainers Association

2018 – present	Board Liaison to American Academy of Physician Associates
2014 – present	Clinical Symposia Program Reviewer

National Commission on Certification of Physician Associates

2022 – present	**Co-Chair, Physician Assistant National Recertifying Examination Program**
2016 – 2021	Vice Chair, Review Committee for Physician Assistant National Recertifying Exam
2008 – 2016	Review Committee for Physician Assistant National Recertifying Exam

American Academy of Physician Associates in Legal Medicine
2013 – 2015 Past-President
2011 – 2013 **President**

National Board of Medical Examiners
1996 – 2003 Surgical Review Committee for Physician Assistant National Certification Examination

Florida Academy of Physician Associates
2024 – present Legislative and Governmental Affairs Committee
2016 – present Faculty Relations Committee
1998 – 1999 **Chair, Foundation Board of Trustees**
1994 – 1998 **Chair, Publications Committee**

Student Academy of the American Academy of Physician Associates
1989 – 1990 **Board of Directors**

Connecticut Academy of Physician Associates
1989 – 1990 **Board of Directors**

Student Academy of the American Academy of Physician Associates
1989 Assembly of Representatives

American Academy of Physician Associates
1989 House of Delegates

Medical Legal Consultant
1999 – present Expert witness consultant involving Physician Associate and Athletic Trainer practice

70 case reviews

- States including AL, AZ, CA, CO, CT, DE, FL, GA, IA, IL, NJ, KY, LA, MD, MI, MO, NM, SC, UT, VA
- 27 cases representing defendant
- 43 cases representing plaintiff
- 67 cases involving Physician Associates
- 3 cases involving Athletic Trainers
- 28 depositions
- 3 trial appearances

PROFESSIONAL AWARDS

2019	Physician Assistant Education Association	Pi Alpha National Honor Society
2016	University of South Florida	Athletic Training Service Award
2007	American Academy of Physician Associates	Distinguished Fellow
2004	Athletic Trainers Association of Florida	Sports Medicine Person of the Year

PROFESSIONAL SOCIETY MEMBERSHIPS

Distinguished Fellow – American Academy of Physician Associates
Fellow – Florida Academy of Physician Associates
Fellow – Physician Associates in Orthopaedic Surgery
Fellow – Academy of Physician Associates in Legal Medicine
Member – National Athletic Trainers Association
Member – Athletic Trainers Association of Florida

COMMUNITY SERVICE

2019 - present	Site Director, Project Link/Back to School Coalition of Hillsborough County
2017 – present	USF Stampede of Service, Volunteer
2014 – present	Tampa Bay Street Medicine, Preceptor
2012 – present	Yale Day of Service, Volunteer
1995 – present	Great American Teach In, Educator

Professional Sports

2012 – 2017	LPGA, Symetra Tour Sara Bay Classic, Medical Staff
1995 – 2002	Tampa Bay Storm, Medical staff
1992 – 2000	Tampa Bay Lightning, Medical staff
1996 – 1999	Tampa Bay Mutiny, Medical staff
1991 – 1997	Jose Cuervo/Miller Lite AVP Pro Beach Volleyball, Medical staff
1995 – 1996	Tampa Bay Cyclones, Medical staff
1990 – 1996	New York and Tampa Yankees, Medical consultant
1990 – 1993	Tampa Bay Rowdies, Medical staff

Olympic Athletics

2010	USA Taekwondo, National Team Training Camp, Head Athletic Trainer
2009	USA Taekwondo, Pan Am Junior Championship, Head Athletic Trainer
2007	USA Hockey, Winter World University Games, Head Athletic Trainer
2000	USA Baseball, Jr. World Championship Qualifier, Head Athletic Trainer
1999	United States Olympic Training Center – Colorado Springs, Medical staff
1996	Atlanta Summer Olympic Games, Athlete medical staff

Collegiate Athletics

1990 – present	University of South Florida Intercollegiate Athletics, Medical staff
1995 – present	St. Leo University Intercollegiate Athletics, Medical staff
1992 – 2006	University of Tampa Intercollegiate Athletics, Medical staff

High School Athletics

2009 – 2025	Under Armour High School All-America Game, Medical staff
2003 – 2006	Alonso High School, Medical staff
1998 – 2002	Tampa Bay Tech High School, Medical staff
1993 – 1997	Chamberlain High School, Medical staff

Other Athletics

2003 – 2007	WeCeFar Adventure Racing, Medical Director
1993 – 2006	University of South Florida School of Dance, Medical consultant
2005	United States Adventure Racing Association Nationals, Medical Director
1994 – 1995, 1998, 2003	Florida Sunshine State Games, Medical staff
1992 – 2000	Saddlebrook Tennis and Golf Academy, Medical consultant
1994 – 1999	Palmer Tennis Academy, Medical consultant
1991 – 1996	Gasparilla Distance Classic, Medical staff

INSTRUCTIONAL ACTIVITIES

Physician Assistant Program Development

2010-2016	Institutional investigation, curricular and programmatic planning, development, and accreditation

USF Orthopaedics & Sports Medicine Fellowship

2010 – 2016	Coordinator, Wednesday lecture series

Thesis Students

2020-2021	Committee member, Balea Schumacher, graduate, Warming Up and Cooling Down: Perceptions and Behaviors Associated with Aerobic Exercise
2018-2019	Committee member, Abby Fleming, graduate, Psychological Responses to High-Intensity Interval Training Exercise: A Comparison of Ungraded Jogging and Graded Walking
2017-2018	Committee member, Taylor Shimshock, graduate, The Effects of Music Choice on Perceptual and Physiological Responses to Treadmill Exercise
2017-2018	Committee Chair, Amber Ellerin, Honors College undergraduate, Passing the Torch: Student Organization Guidebook
2008-2009	Committee member, Courtney Schaal, graduate, Energy Expenditure and Substrate Utilization in Underwater Treadmill Running Versus Land Based Treadmill Running

Teaching

PAS 6033 Clinical Medicine III
Course integrating epidemiology, risk factors, pathophysiology, signs and symptoms, history and physical findings, laboratory and diagnostic tests, differential diagnosis, therapeutic management, possible complications, prevention measures, prognosis, patient education, and follow-up of emergent and non-emergent disorders encountered across the lifespan in primary care. The course utilizes a systems approach and is delivered through a combination of traditional lectures and problem-based learning (PBL) sessions. Organ systems covered include: women's health, geriatrics, pediatrics, surgery, and emergency medicine.
Lecturer and PBL Facilitator 2018 - present

PAS 6007: Clinical Skills and Procedures
Course introducing students to essential procedures and skills necessary for primary care practice. Procedures include phlebotomy; injection techniques; splinting; suturing and more. Students also participate in Advanced Cardiac Life Support and Pediatric Advanced Life Support Certification training during this course.
Course director 2018 - present

PAS 6002: Cultural Issues in Healthcare
Course designed to provide students with an enhanced appreciation of cross-cultural factors influencing health and disease practices across a wide range of cultural groups. Students will explore the cultural variables impacting the delivery of health promotion and disease prevention programs and services for specific ethnic groups and in diverse communities. Students will develop an understanding of the importance of providing care to patients with diverse values, beliefs, and behaviors, including tailoring delivery to meet patients' social, cultural, and linguistic needs.
Course director 2017 - present

PAS 6030 Clinical Laboratory Medicine II
The second of a two-part course where students receive instruction in medical laboratory and radiographic studies used in the diagnosis and management of common disorders of the major body systems. Course provides the rationale for the selection, utilization and interpretation of clinical laboratory, imaging and other diagnostic tests used to evaluate each system's principal functions.
Course director 2017 - present

PAS 6040 Physical Diagnosis II
Second semester of two-part course providing instruction in the art and technique of patient interviewing, relationship building, and physical diagnosis skills. Students will develop a systems-based approach to performing a full physical examination. The course will introduce students to the art of oral and written medical communication skills, encompassing the skills of medical interviewing and documenting their findings in the form

of a medical chart. Students will be exposed to and begin to develop skills in oral case presentations and proper documentation of medical interviews and other patient encounters.
Lecturer, PBL and Lab facilitator 2017 - present

PAS 6012 Clinical Medicine II
Second semester of two-part course integrating the epidemiology, risk factors (including genetics, as applicable), pathophysiology, signs and symptoms, history and physical findings, laboratory and diagnostic tests, differential diagnosis, therapeutic management, possible complications, prevention measures, prognosis, patient education and follow-up of emergent and non-emergent disorders encountered in primary care across the lifespan utilizing a systems approach and a combination of traditional lectures and problem based learning sessions. Organ systems covered in Clinical Medicine II include: musculoskeletal, gastroenterology, endocrinology, urology, nephrology, neurology, infectious and autoimmune diseases.
Lecturer and PBL Facilitator 2017 - present

PAS 6030 Clinical Laboratory Medicine I
First of two-part course where students receive instruction in laboratory and radiographic studies used in the diagnosis and management of common medical disorders. Provides the rationale for the selection, utilization and interpretation of clinical laboratory, imaging and other diagnostic tests used to evaluate each system's principal functions.
Course director 2017 - present

PAS 6040 Physical Diagnosis I
Course providing instruction in the art and technique of patient interviewing, relationship building, and physical diagnosis skills. Students will develop a systems-based approach to performing a full physical examination. The course will introduce students to the art of oral and written medical communication skills, encompassing the skills of medical interviewing and documenting their findings in the form of a medical chart. Students will be exposed to and begin to develop skills in oral case presentations and proper documentation of medical interviews and other patient encounters.
Lecturer, PBL and Lab facilitator 2017 - present

PAS 6050 Role of the PA
Course examining the history, current issues, and future trends of physician assistant practice. Emphasis is placed upon the inception, history, and evolution of the PA profession throughout the fields of medicine and surgery, PA relationships with the supervising physician and patient, and responsibilities including the concepts of privilege, confidentiality, and informed consent. A review of legal and ethical issues in healthcare in addition to stressing the importance of active participation in healthcare policy and legislation is reviewed. Provides the foundation for students to gain an appreciation and knowledge of the role of the Physician Assistant in the interdisciplinary healthcare team.
Course director 2017 - present

PAS 6011 Clinical Medicine I
Course integrating the epidemiology, risk factors (including genetics, as applicable), pathophysiology, signs and symptoms, history and physical findings, laboratory and diagnostic tests, differential diagnosis, therapeutic management, possible complications, prevention measures, prognosis, patient education and follow-up of emergent and non-emergent disorders encountered in primary care across the lifespan utilizing a systems approach and a combination of traditional lectures and problem based learning sessions. Organ systems covered in Clinical Medicine I include: dermatology, ophthalmology, otolaryngology, cardiology, pulmonology, and hematology.
Lecturer and PBL Facilitator 2017 - present

HSC 2000 Introduction to Health Professions
Introductory course to give students a basic understanding of the U.S. healthcare system, current issues in healthcare, and an overview of various professions available within the healthcare system.
Guest Lecturer 2011 - present

MDC 7122 – Primary Care Clerkship
Small group lecture/workshop for third-year medical students reviewing and practicing details of the musculoskeletal physical examination and common musculoskeletal conditions encountered in the primary care setting including lower back, shoulder, knee, foot, and ankle.
Guest lecturer 2020 - present

BMS 6920 Colloquium I & II: Introduction to Orthopaedics and Sports Medicine
Small group course for second-year medical students designed to facilitate lifelong learning skills and professional interactions with colleagues while introducing the students to the basic concepts and practices of Orthopaedics and Sports Medicine.
Co-Course Director 2009 - 2021

ATR 6226 (formerly PET 4625/ATR 4223) Advanced Athletic Training
Course designed to expose the Senior Athletic Training Student to current concepts and techniques in the evaluation and treatment of musculoskeletal conditions. Didactic sessions are open forum/discussions allowing the students to work through each case under the direction of the lecturer.
Course Director 2009 - 2024
Course Redesign 2016

BCC 8116 Introduction to Dermatology, Orthopedics and Rheumatology Fourth Year Clerkship (formerly Skin & Bones)
Four-week clinical clerkship in Dermatology, Rheumatology and Orthopaedics for the fourth-year medical student.
Co-Course Director 2010 - 2022

Clinical Preceptor 2005 - 2022
Course re-design 2009

BCC 6173 – Introduction to Clerkships
One week course to prepare third-year medical students for their clinical years including introduction to the operating room and aseptic technique.
Course Instructor 2009 – 2020

BMS 6640 – Course 1 Core Principles & the Musculoskeletal System
Course emphasizes aspects of fundamental biochemistry, cell biology, genetics, musculoskeletal anatomy, and human behavior that have immediate relevance for clinical medicine while also providing a fundamental foundation of understanding that facilitates life-long learning.
Assistant Course Director (Clinical) 2012 - 2020

BCC 7184 – Primary Care Clerkship
Twelve-week rotations for third-year students in the ambulatory setting. This clerkship introduces students to the principles of primary care medicine (Internal Medicine, Family Medicine, Pediatrics, and Special Populations such as geriatrics, adolescence, women's health) in the ambulatory setting. Students are allowed to select a 4-week rotation in musculoskeletal medicine.
Clinical Preceptor 2009 – 2016
Lecturer 2019 – present

HSC 200 Introduction to Allied Health Professions (University of Tampa)
Required course for all students enrolled in the pre-professional allied health concentration. Introductory course examining the various career opportunities recognized by the American Medical Association within allied health.
Guest Lecturer 2009 – 2018

BMS 5005 Professions of Medicine – Foundations of Doctoring
Three-week introduction to the practice of medicine to provide incoming students with an interdisciplinary introduction to the curriculum at the College of Medicine, by integrating basic science and clinical science and demonstrating the importance of ethics and professionalism.
Course Instructor 2007

PET 4935 Case Studies in Athletic Health Care
Athletic Training majors only. Capstone course intended to provide a unifying opportunity to utilize concepts, principles and skills learned from other athletic training courses.
Course Director 2002 – 2008

PET 2622C Care and Prevention of Athletic Injuries
Introduction to the principles and techniques involved in the prevention and care of

injuries in physical education and athletic activities.
Course Director 1998 – 2011
