

CURRICULUM VITAE

Donna Jean Haiduven, BSN, MSN, PhD, CIC, CPH, FAPIC

Global and Planetary Health, College of Public Health

University of South Florida

13201 Bruce B. Downs Blvd., MDC 56

Tampa, FL 33612

(813) 974-3770

dhaiduve@usf.edu

EDUCATION

- 2000 Ph.D. Occupational Health Nursing, Minor in Teaching, University of California, San Francisco
1995 Prerequisites for doctoral program, West Valley College, Saratoga, California
1981 Masters of Science in Nursing Medical/Surgical Nursing Administration, University of Miami, FL
1977 Bachelors of Science in Nursing (BSN), University of South Florida, Tampa, FL

ACADEMIC EXPERIENCE

- 2021 Professor, USF COPH
2001-2020 Associate Professor (Assistant Professor until 2013), Global and Planetary Health, College of Public Health (COPH), University of South Florida (USF), Tampa, FL
2013-Present Director, Infection Control Concentration for the COPH Masters in Public Health (MPH) Program
2003-Present Director, University USF Graduate and Undergraduate Infection Control Certificate Programs
2002-2008 Assistant Professor, USF Center for Biological Defense, College of Public Health, University of South Florida

OTHER EXPERIENCE

- 2014-2015 Trainer, Centers for Disease Control & Prevention's "Safety Training Course for Healthcare Workers Going to West Africa in Response to the 2014 Ebola Outbreak", Anniston, Alabama
2003-2014 Researcher, Director, Sharps Safety Evaluation Laboratory, James A. Haley V.A. Research Center of Excellence, Tampa, (FL)
2001-2003 Postdoctoral Nurse Research Fellow, James A. Haley V.A. Hospital Patient Safety Center of Inquiry, Tampa, FL
2001 Nurse Researcher, James A. Haley V.A. Hospital Patient Safety Center of Inquiry, Tampa, FL
1986-2000 Infection Control Supervisor, Santa Clara Valley Medical Center San Jose, California (CA)
1996-1999 Graduate Assistant on NIOSH-funded Home Health Care Project, University of California, Berkeley, CA
1983-1986 Infection Control Nurse, V.A. Medical Center, Miami, FL
1982-1983 Dialysis Nurse/Intensive Care Unit Staff Relief, South Miami Hospital, Miami, FL
1982 Dialysis Nurse, Outpatient Dialysis Unit, Miami, FL
1979-1982 Health Services Coordinator, Sunrise Retirement Club, Miami, FL
1978-1979 Staff Relief R.N. for Intensive Care Unit, Medical Personnel Pool, Cleveland, Ohio
1977 Staff R.N. Intensive Care Step-down Unit, University Community Hospital Tampa, FL
1976-1977 Research Assistant for Animal Spinal Cord Injury Study, Tampa V.A. Medical Center, Tampa, FL

TEACHING ACTIVITIES

Courses Taught

University of South Florida, College of Public Health, Department of Global Health

Graduate Courses

- PHC 6251 Disease Surveillance and Monitoring, 2001-
PHC 6517 Infectious Disease Prevention Strategies, 2003-
PHC 6314 Infection Control Program Design, 2003-
PHC 6977/43 Special Project/Integrative Learning Experience MPH, 2003 -
PHC 6945/49 Supervised Field Experience/Applied Practice Experience MPH 2003-
PHC 6357 Environmental & Occupational Health, Pune, India, 2005
PHC 6905 Independent Study Public Health, 2007-
PHC 7910 Directed Research, 2006-
PHC 7980 Dissertation, 2006-
PHC 6934 USF Representative for “A Master Course: Applied Public Health” statewide course, 2007 & 2009

Modules in Other Courses/Guest Lectures

- PHC 6562 Microbiology for Healthcare Workers (contribute 10% of class instruction) 2006-present
PHC 6510 Exotic and Emerging Infectious Diseases
PHC 6764 Foundations of Global Health
PHC 6357 Environmental and Occupational Health (Core course & Executive MPH course)
PHC 6360 Principles and Practices of Safety Management (*Bloodborne Pathogens and Tuberculosis*)
NUR 4636 Community Health Nursing University of South Florida, College of Nursing: *Communicable Diseases*
NUR 6651 Occupational Health Nursing II: “Evolution of a Research Program”

Other Lectures/Presentations at USF

- 2021 Infectious Diseases Journal Club, March 4, 2021, “Maximizing Fit for Medical & Cloth Masks to Reduce COVID-19 Transmission & Exposure”
2017 Guest lecture in PHC 4032 Foundations of Infection Control, “Infection Control Opportunities: Undergraduate, Graduate & Professional”
2016 Guest lecture in PHC 6360 Safety Management Principles and Practices, “Bloodborne Pathogens and Tuberculosis”
2015 Guest lecture in PHC 4942 undergraduate Public Health Seminar: Pandemics,” The 2014-2015 Ebola Epidemic”
2014 USF Global Health Seminar Series, “Evaluation of Jet Injection Technology for Delivering Medication without Needles”
2014 USF Global Health Seminar Series, “Does Blood Splatter Occur when Healthcare Workers Use Intravascular Devices?”
2013 USF Honors College Public Health Seminar Series, “All about Infection Prevention and Control”
2013 USF Global Health Seminar Series, “Evaluating Sharps Devices to Prevent Injuries in Healthcare Workers”

CONTINUING EDUCATION

- 2020 Developed and presented a continuing education (CE) program “Immunizations for Healthcare Workers”. Presented in webinar to the Association for Clinical Research Professionals (ARCP) on November 17, 2020.

2019 Reviewer for New York State Infection Control module for physician Continuing Medical Education (CME) units

University of South Florida, College of Public Health, Center for Biological Defense

2002-2008 Developed 1, 2, 4, 8 and 16-hour programs on bioreadiness and pandemic influenza preparedness programs. Traveled throughout Florida as well as to NC, NY, CA, and Washington D.C. to present these programs.

2004 Developed a Bioreadiness Training Program for Nurses on CD-ROM, distributed to 120 nursing programs in Florida in March 2004. Traveled throughout Florida to deliver in-person bioreadiness training to nursing schools (2, 3, and 4-hour programs) as well as 1-hour programs for mental health professionals.

Florida Public Health Institute

2010 Statewide Webinar on “Influenza 1918” in 2010

Stanford University School of Medicine

Course# 302C - Infectious Disease Clerkship

Infectious Disease Grand Rounds: “Varicella and the Vaccine- Where Do We Go from Here?”

Presentation of Research Rounds, “Percutaneous Injury Epidemiology: Challenge for Research”

Overview of Infection Control Program

Course #242 - Occupational Health Research Seminar, “Bloodborne Exposures in the Home Care Setting: A Multi-Center Analysis”.

University of California San Francisco

N242 - Occupational Health Research Seminar, “Perceived Barriers and Facilitating Conditions for Nurses’ Use of Needle Safety Devices and Practices in the Home Care Setting”

N274B - Occupational Health Nursing, “Factors in Injury Control”

Seminar, “Nursing Research Service Award”

Seminar, “Scientific Presentations: Abstracts, Posters, and Oral Sessions”

Course #215A - Community Health Assessment System, Presenting Scientific Data”

Santa Clara Valley Medical Center, San Jose, CA

Developed, conducted, and evaluated a five-week preceptorship program for an Infection Control nurse from Japan

Bioterrorism Workshops/Lectures Presented for Continuing Education

2008 Monthly meeting of Bay Area Society for Facilities Engineers, “Building Vulnerabilities and Protections”, Tampa, FL.

2008 USDA, Animal and Plant Health Inspection annual conference, inspection officers, “Agro terrorism, Biological Defense and Emerging Infections” and “Is Avian Influenza the Next Pandemic?”, Tampa, FL.

2008 Mental Health Care Incorporated, “How Prepared the U.S. is for Bioterrorism?” Tampa, FL.

2008 Veteran’s Administration Outpatient Psychiatric Facility, “The Current Threat of Bioterrorism”, Tampa, FL.

2007 Santa Monica Public Library, “Pandemic Influenza Preparedness for Santa Monica Healthcare”, Santa Monica, CA.

2007 Tampa Alliance for Physician Assistants and Nurse Practitioners, “Is Avian Influenza the Next Pandemic?” Tampa, FL.

2007 Sarasota Police Department, “Pandemic Influenza”, Sarasota, FL

2007 Northside Mental Health Outpatient Clinic, “How Real is the Threat of Bioterrorism?” Tampa, FL.

2007 Northside Mental Health, Inpatient. “Historical Perspective on Biological Warfare”, Tampa, FL.

2007 Northside Mental Health F.A.C.T. Team “Avian Influenza: The Next Pandemic?” Tampa, FL.

2007 Access House Mental Health Unit, "How Real is the Threat of Bioterrorism?" Tampa, FL.

2007 Northside Mental Health, Inpatient, "Pandemic Influenza: The Next Pandemic?" Tampa, FL.

2006 New Port Richey (NPR) Community Hospital, "How real is the Bioterrorism Threat?" NPR, FL.

2006 Florida Association of Occupational Health Nurses, "Pandemic Influenza Preparedness for Occupational Health", 6-hour workshop, Orlando, FL.

2006 Invited lecture to Tampa Bay Association of Physician Assistants & Nurse Practitioners, "How Real is the Threat of Bioterrorism?", Tampa, FL.

2006 Mental health professionals, "How Real is the Threat of Bioterrorism?" Tampa, FL.

2006 Presentation, 8-hour course, "Bioreadiness for Healthcare Workers and Safety Professionals", Cupertino, CA.

2006 New Port Richey F.A.C.T. Team, mental health professionals, "Protecting the Family & Home from Biological Terrorism", New Port Richey, FL.

2006 Northside Mental Health, Inpatient, "How Real is the Threat of Bioterrorism?" Tampa, FL.

2006 Access House Mental Health Facility, "How Bioready is the U.S.?", Tampa, FL.

2005 College of Public Health Masters students, "Bioreadiness for Environmental & Occupational Health", USF, Tampa, FL

2005 Mental Health Care Workers, Peace River F.A.C.T. Team, "Bioterrorism Scenarios & BioAgent Jeopardy", Lakeland, FL.

2005 Mental Health Care Workers, Peace River F.A.C.T. Team, "Category A Agents of Biological Terrorism", Lakeland, FL.

2005 Annual meeting of the Florida Professionals in Infection Control, "Overview of State Healthcare Facilities Bioreadiness Preparedness", Orlando, FL.

2005 Mental Health Care Workers, Peace River F.A.C.T. Team, "Historical Perspective on Biological Warfare", Lakeland, FL.

2005 Presentation to Information Technology students "Historical Perspective on Biological Warfare & Current Threat of Bioterrorism", Category A Agents of Bioterrorism", "Bioterrorism Scenarios", "BioAgent Jeopardy", Pune, India.

2005 College of Public Health Masters students, "Bioreadiness for Environmental & Occupational Health", USF, Tampa, FL.

2005 Annual Bioterrorism Consortium, Clearwater, FL-presented 3 posters on effectiveness of educational activities conducted to date at annual meeting of bioreadiness researchers.

2005 Sanford Community College Nursing Students, "Bioreadiness for Nurses", Lake Mary, FL.

2005 Orlando Tech Nursing Students & Faculty, "Bioreadiness for Nurses", Orlando, FL.

2005 Santa Fe Community College Nursing Faculty, "Bioreadiness for Nurses", Gainesville, FL.

2005 University of South Florida, College of Public Health Masters Students, "Bioreadiness Plans for Healthcare Facilities and Category A Agents of Bioterrorism" Tampa, FL.

2005 Northside Mental Health Clinic, "How Prepared the U.S. is for Bioterrorism", Tampa, FL.

2005 The Harbor, Mental Health Care Workers, "Protecting the Family and Home from Biological Terrorism", Dade City, FL.

2005 Peace River F.A.C.T. Team, Mental Health Care Workers, "Protecting the Home and Family from Biological Terrorism", Lakeland, FL.

2005 Central Florida Community College Nursing Students, "Bioreadiness for Nurses", Ocala, FL

2005 MHC FACT Team, Mental Health Care Workers, "Protecting the Home and Family from Biological Terrorism", Tampa, FL

2005 University of South Florida, College of Public Health Masters Students, Masters Students, "A Historical Perspective on Biological Warfare", Tampa, FL

2005 Jacksonville University School of Nursing, "Bioreadiness for Nurses", Jacksonville, FL

2005 Florida A & M University, College Students, "Bioreadiness for Nurses", Tallahassee, FL

- 2004 Access House, Mental Health Care Workers, “Protecting the Building and Its Occupants from a Biological Attack”, Tampa, FL
- 2004 Ocala Professional Health Training Academy, Health Care Workers, “Bioreadiness for Health Care Workers”, Ocala, FL
- 2004 Mental Health Care, Inc., “Historical Perspective on Biological Warfare”, Tampa, FL
- 2004 Community Emergency Response Team, “Bioreadiness”, New Tampa, FL
- 2004 Ontario County healthcare, law enforcement, emergency response and firefighter personnel, 8-hour “Bioreadiness for Healthcare & Safety Professionals”, Canandaigua, NY
- 2004 University of South Florida College of Nursing, “Bioreadiness for Nurses”, St. Petersburg, FL
- 2004 Florida Occupational Health Nurses Annual Conference, “Historical Perspective on Biological Terrorism”, St. Petersburg, FL
- 2004 Florida Occupational Health Nurses Annual Conference, “Ricin as an Agent of Bioterrorism” St. Petersburg, FL
- 2004 University of Florida Nursing Students, “Bioreadiness for Nurses”, Gainesville, FL

Additional Bioterrorism and Bioreadiness Presentations

- 2004 Access House Mental Health Facility, Tampa, FL
- 2004 Community Emergency Response Team, New Tampa, FL
- 2004 Northside Mental Health Clinic, Tampa, FL
- 2004 National Reconnaissance Office-Fairfax, VA.
- 2004 Environmental & Occupational Health (EOH) students, University of South Florida, Tampa, FL (Guest lecturer in EOH core class).
- 2004 Healthcare workers, Miami, FL
- 2004 Safety professionals, government workers, first responders, HCWs, Lake County, FL
- 2004 Safety professionals, government workers, first responders, HCWs, Hernando County, FL
- 2004 Mental health professionals. Tampa, FL
- 2004 Safety professionals, government workers, first responders, Lake Worth, FL
- 2004 Safety professionals, government workers, first responders. Lecanto, FL
- 2004 Mental health professionals. Tampa, FL
- 2004 Safety professionals, public health officials, government workers, first responders, Duck Key, FL
- 2004 Safety professionals, Tampa, FL
- 2004 Nursing personnel-St. Pete Junior College, St. Pete, FL
- 2004 Safety professionals, Cocoa Beach, FL
- 2004 Technical Institute-nursing personnel, Sarasota, FL
- 2004 North Carolina Winter Institute, Safety professionals, Safety Harbor, FL
- 2004 Pasco County safety professionals, FL
- 2003 Safety professionals, Miami, FL
- 2003 Physicians, nurses, laboratorians, Naples Community Hospital, Naples, FL
- 2003 Naples Safety Professionals, Naples, FL
- 2003 University of Florida, College of Nursing. Gainesville, FL
- 2003 College of Public Health-HAZWOPPER. Tampa, FL
- 2003 Sarasota, FL
- 2003 St. Joseph’s Hospital, Tampa, FL
- 2003 University of North Carolina, Charlotte, NC
- 2003 Primrose Center, Orlando, FL
- 2003 Florida Atlantic University, Ft. Lauderdale, FL
- 2003 University of South Florida, College of Public Health, Tampa, FL
- 2003 West Palm Beach Community College, West Palm Beach, FL

2003 Arcadia, FL
 2003 University of South Florida, College of Public Health, Tampa, FL
 2003 University of South Florida, College of Public Health, Tampa, FL
 2003 Safety Harbor, FL

STUDENT SUPERVISION AND COMMITTEES

University of South Florida College of Public Health

Supervised Field Experience (PHC 6945)/Applied Practice Experience (PHC 6949)

2009 Marilyn Aluoch, Dual MPH nursing/occupational health student, “Measuring blood splatter from intravascular devices”
 2008 Anuradha Poolla, MPH Student, “Determining ergonomic forces to use intramuscular syringes with retractable mechanisms”
 2007 Miloni Shroff, MPH Student, “Developing a method to detect blood splatter from intravascular devices: Protocols”
 2006 James Tucker, MPH Student, “Developing methods for blood splatter experiments: filter selection analytical scale use”
 2004 Jason Konopack, MPH student, “Force experiments with retractable intramuscular syringes”
 2004 Abdel Alli, MPH student, “Building a chamber and calibrating the analytical scale for blood splatter experiments”
 2004 Heidi DiSalvo, MPH student, “Development of force experiments with intramuscular syringes”
 2003 Brian Wright, MPH student, “Developing a sharps safety evaluation laboratory: equipment review and selection”
 2002 Jean Marc Romeus, MPH student, “Evaluating a hospital-wide pertussis outbreak”

Advisor, Special Project (PHC 6977)/Integrated learning Experience (PHC 6943)

2021 Taylor Crue, IFC MPH student, “Efficacy of COVID-19 control policies”
 2021 Arielle Gomes-Williams, IFC MPH student, “Critical review of recent pandemic responses”
 2020 Kristine Nawrocki, IFC MPH student, “Evaluating the implementation process of an instrument tracking system”
 2020 Sarah Schumacher, IFC MPH student, “*Clostridioides difficile* and fecal microbiota transplants”
 2020 Jessica LeGrand, IFC MPH student, “Guidebook for college students on sexually transmitted infections”
 2019 Muhammad Buyatpoor, IFC MPH student, “Communicable disease school manual”
 2019 Harish Veerapalli, Global Communicable Diseases MPH student, “Sharps injuries in medical students and residents”
 2018 Stephanie Scott, IFC MPH student, “Development of a proposal for implementation of an infection control plan for a multi-specialty physician group”
 2018 Leilani Quintas, IFC MPH student, “Methodologies used to promote hand hygiene in the hospital setting: Review and recommendations”
 2018 Diane Bain, IFC MPH student, “Effectiveness of blood diversion devices for reducing false positive blood cultures in the emergency department”

- 2018 Amadine Pierre, IFC MPH student, “The effect of state legislative mandates on nurse-to-patient-ratio on the rates of hospital acquired infection”
- 2018 Yessinia Alvarez, IFC MPH student, “An analysis of HIV community-based services and their impact on the Latinx community”
- 2018 Rebecca Harrison, IFC MPH student, “Use of electronic and hygiene monitoring system on portable work stations to improve hand hygiene compliance”
- 2018 Kimberly Bray, IFC MPH student, “A retrospective analysis of catheter-associated urinary tract infections amongst cancer center patients”
- 2018 Brianna Williams, IFC MPH student, “Educating our youth: Teaching adolescents about STIs and STDs”
- 2018 Dat Nguyen, IFC MPH student, “Infection control & prevention online patient education platform”
- 2017 Ashlyn Wayman, IFC MPH student, “Assessment and evaluation of appropriate urinary catheter utilization in a rural healthcare setting”
- 2017 Amanda Ramsburg, IFC MPH student, “Analysis of surgical antibiotic prophylaxis at the NIH clinical center”
- 2017 Erica Roche, IFC MPH student, “Education to reduce blood culture contamination with a focus on proper cleaning techniques and inoculation in the emergency room setting”
- 2017 Dominic DiFranco, IFC MPH student, “How antibiotic-resistant organisms increase the threat of bioterrorism”
- 2017 Tara Call, IFC MPH student, “Recommended infection prevention strategies and guidelines for plague, hantavirus and Valley fever in California”
- 2017 Maria Botero, IFC MPH student, “Improving influenza vaccine coverage among school children by developing an educational program”
- 2017 Chelsea Devine, IFC MPH student, “Infection control practices in midwife vs. hospital care and the impact on birth rates in developed and developing countries”
- 2017 Christina Howald, Public Health Practice (PHP) MPH student, “Evaluation of terminal cleaning in operating rooms through Adenosine Triphosphate Bioluminescent assay”
- 2017 Lauren Bryan, PHP MPH student, “Implementation of an evidence-based treatment to decrease the risk of surgical site infections associated with Cesarean section”
- 2017 Amanda Bennett, PHP MPH student, “Best Practice for methicillin-resistant *Staphylococcus aureus* isolation in healthcare settings”
- 2017 Patricia Tomasini, PHP MPH student, “Case turnover cleaning compliance in the operating room”
- 2017 Sheryl Knight, PHP MPH student, “Hepatitis C - A public health Concern and the recommendations for routine diagnostic testing”
- 2017 Kristy Shaeer, dual Global Communicable Diseases and Epidemiology MPH student, “Epidemiologic evaluation of *Rothia* bacteremias: A single cancer center three year experience”
- 2017 Jennifer Ramirez, IFC MPH student, “Legionella, its effects on urban communities and preventive strategies of future outbreaks”
- 2017 Lentz Dorcelly, IFC MPH student, “Analysis of healthcare-associated MRSA infections for decolonization protocol efficacy”
- 2017 Carlina Moreland, Global Communicable Diseases (GCD) MPH student, “Evaluation of Florida's health care acquired infection program”
- 2017 Tamami Koizumi, Global Communicable Diseases (GCD) MPH student, “Contact precautions surveillance at a cancer hospital”
- 2017 Caitlin Marzi, IFC MPH student, “Provider hand hygiene compliance and patient outcomes”

- 2017 Eman Aly, IFC MPH student, “Catheter-associated urinary tract infections (CAUTI)”
- 2016 Sheria Baker, Public Health Practice (PHP) MPH student, “Analysis of central-line associated bloodstream infections (CLABSI) in adult intensive care units’ (ICU) patient and evidence-based practices that decrease infection”
- 2016 Carol Corbin, IFC MPH student, “Proper infection prevention and control of foodborne illness in a restaurant setting”
- 2016 Jennifer Daun, IFC MPH student, “Analyzing communication of patient *Clostridium difficile* status between sister and non-sister hospitals”
- 2016 Ashlee Nelson, Global Communicable Diseases (GCD) MPH student, “Proposal for implementation of a hepatitis C linkage to care program for young adults in Hillsborough County”
- 2016 Brittany Zartman, GCD MPH student, “Knowledge, attitudes and practices among veterinary professionals relative to zoonotic disease reporting and infection prevention methods”
- 2016 Shawn Mercer, IFC MPH student, “Analysis of the implementation of an antimicrobial stewardship program in a rural community hospital”
- 2016 Daniela Monje, IFC MPH student, “Policy analysis of *Clostridium difficile* policies and procedures of Martin Health System”
- 2016 Cassandra Miltich, IFC MPH student, “Transmission of *Clostridium difficile*, methicillin-resistant *Staphylococcus aureus* and Vancomycin-resistant *Enterococci* from patient to patient through environmental contact”
- 2016 Matthew Shopshire-Griffin, GCD MPH student, “Utilizing geo-coding techniques to enhance waterborne and communicable disease surveillance in rural Uganda”
- 2016 Hanin Fernandez, GCD MPH student, “The evolving epidemiology of HIV and syphilis co-infection in Hillsborough County, Florida, 2010-2015”
- 2016 Nasstasia Mitchell, PHP MPH student, “Are syringe services programs effective at decreasing transmission of bloodborne pathogens among injection drug users: A literature review”
- 2016 Saleicia Samaroo, IFC MPH student, “Evaluating the employee screening protocol in a small community hospital to reduce the rate of hospital-acquired methicillin-resistant *Staphylococcus aureus*”
- 2016 Alicia Thornton, PHP MPH student, “Preventing healthcare-associated infections one hand at a time”
- 2016 Andrea Pruitt, IFC MPH student, “Electronic surveillance system utilization in hospital epidemiology-Children’s Healthcare of Atlanta”
- 2016 Lane Vause, PHP MPH student, “A review of laboratory-acquired Ebola infections in laboratory personnel and preventative recommendations for rapid diagnostic testing”
- 2016 Salma Abugherin, IFC MPH student, “Influenza vaccination among healthcare workers”
- 2015 Sydney Henderson, IFC MPH student, “Analysis and development of an improved bloodborne pathogen exposure policy for a community hospital”
- 2015 Sheryl Davis, dual EPI/GCD MPH student, “State of infection prevention and control department utilizing baseline data on hospital demographics and hospital-acquired outcomes”
- 2015 Stephanie Carraway, IFC MPH student, “Effectiveness of current cleaning and disinfection procedures of endoscopic retrograde cholangiopancreatography duodenoscopes at a comprehensive cancer center”
- 2015 Jaleh Khorsandian-Fallah, GCD MPH student, “Analysis of intestinal parasite burden of dogs and cats admitted to an open shelter in Pasco County”
- 2015 Melanie Gavin, IFC MPH student, “Mitigating infectious risks from Ebola by optimizing precautions during sterile procedures on patients”

- 2015 Ketsela Yabushet, PHP MPH student, “HIV and AIDS treatment and electronic chart access for patient to improve total health outcomes”
- 2015 Trevor Hedberg, IFC MPH student, “An evaluation of the William F. Ryan Community Health Center HIV Pre-exposure Prophylaxis (PrEP) Program”
- 2015 Travelle Mason, PHP MPH student, “Process evaluation of a reminder system for Rocky Mountain Spotted Fever testing”
- 2015 Rachael Rodger, GCD MPH student, “Development of a TB culture database and educational program”
- 2015 Jammie Cheung, IFC MPH student, “Feasibility and Acceptability of integrating ultraviolet light an adjunct to disinfecting patient rooms in an inner-city tertiary care hospital”
- 2015 Vivian Sterling, IFC MPH student, “Do nursing perceptions and interventions influence urinary catheter-associated infection data?”
- 2015 Natassia Watson, GCD MPH student, “Understanding the Ebola chain of infection in a medical center”
- 2015 Chi Westerhold, IFC MPH student, “A comparison of healthcare associated infections before and after reconstruction of a new hospital facility”
- 2014 Anna Rivara, IFC MPH student, “Healthcare-associated infections of *C. difficile*: The next big threat to healthcare facilities and patients”
- 2014 Angelica Williams, IFC MPH student, “An analysis of hand hygiene compliance in 18 critical care nursing units”
- 2014 Diane Weidley, PHP MPH student, “Developing a mid-level oral health provider in Florida”
- 2014 Shon Nguyen, PHP MPH student, “Evaluating the impact of a proficiency testing program using dried tube specimens for HIV-1 viral load testing in resource-limited settings”
- 2014 Ngan Lam, IFC MPH student, “Evaluation of syringe-exchange programs for hepatitis C-positive young adults”
- 2014 Vivian Oduwo, MPH student, “A retrospective analysis on the incidence of influenza infection after vaccination in hematopoietic stem cell transplant patients”
- 2014 Rachel Pyngolil, dual MD/MPH student, “Prevention of catheter-associated urinary tract infections due to short-term use of indwelling Foley catheters during acute hospitalization”
- 2014 Jeanine Ghisolfi, PHP MPH student, “Review of pre-analytical, analytical, and post analytical testing methods for tuberculosis testing at Bureau of Public Health Laboratories-Jacksonville, FL”
- 2013 Lynn Dennis, PHP MPH student, “Residents in nursing homes and the influenza vaccine”
- 2013 William Johnston, dual EPI/GCD MPH student, “The reemergence of dengue in the United States”
- 2013 Kera Taylor Covani, “Catheter-associated urinary tract infections form the nursing perspective and prevention”
- 2013 Danielle Holman Olson, “Quantification of M13 phage using real-time PCR”
- 2013 Steffanie Lee, PHP MPH student, “Education session on infection control practices in an outpatient IV therapy department”
- 2013 Paula Fritsch, GCD MPH student, “Quinolone resistant *Escherichia coli* bacteremia in neutropenic patients with hematologic malignancies”
- 2012 Mohammed Suleiman, PHP MPH student, “Interventions to reduce *C. difficile* infections”
- 2011 Veronica Nieves-Garcia, Executive MPH student, “Contact between patients with and without multi-drug resistant organisms in a community living facility”

- 2011 Lillian Collazo, Executive MPH student, "Use of the microscope to detect blood splatter from intravascular devices"
- 2010 Dawn Howard, MPH Student, "Knowledge, perceptions, and current practices of HIV screening in the emergency department: A pilot study of Tampa Bay area hospitals"
- 2010 Mina Katsuri, MPH Student, "Influenza outbreak in Florida from October 1, 2008 to September 24, 2009: A trend analysis of novel influenza H1N1, A H1, A H3 and influenza B"
- 2009 Caitlin Stowe, MPH Student, "Field evaluation of HCWs using safer blood collection devices"
- 2009 Peter Lapolla, MPH Student, "Experiments to evaluate blood drawing devices for the V.A."
- 2007- 2008 Merlene Fredericks-James, MPH Student, "Study to determine the perceived risks associated with sharps, sharps injuries, during various hospital procedures at a main hospital in St. Lucia, West Indies"
- 2007 Miloni Shroff, MPH Student, Draft manuscript of paper on the method for evaluation of three intravascular devices with engineered sharps injury protection for blood splatter
- 2007 Susan Kennedy, MPH Student, "Eco-epidemiology of Chagas disease in a newly recognized epidemic region in Santa Fe District of Central Panama"
- 2007 James Tucker, MPH Student, "Evaluating methodologies to detect blood splatter from retractable intravascular devices"
- 2007 Byron Ihegwood, MPH Student, "*Methylobacter* and *Mycobacterium* in the healthcare setting"
- 2006 Albert Dang, MPH Student, "Nosocomial *Acinetobacter baumannii* in Tampa hospital network"
- 2006 Olivia Sires, MPH Student, "Detection of Methicillin resistant *Staphylococcus aureus* (MRSA) from nasal swab techniques using the IDI-MRSA assay compared to nasal swab culture on patients with antibiotics"
- 2006 Ariel Ansley, MPH Student, "A literature review on outbreaks of pertussis-like illness in healthcare facilities and community settings in the United States and abroad"
- 2006 Juan Luna, MPH Student, "Educational program on public health aspects of emerging / re-emerging infectious diseases"
- 2006 Panos Fotopoulos, MPH Student, "Avian influenza in Greece: Projection of effect on the healthcare system"
- 2006 Sharon Olenski, Occupational Health Nursing MPH Student, "Involving nurses in safer needle device evaluations"
- 2005 Jason Ambrose, MPH Student "Providing easy access for busy HCWs on bioreadiness education"
- 2005 Alicia Bahadur, MPH Student, "A community's view on HIV and condom usage"
- 2005 Jason Konopack, MPH Student, "Evaluation of the force exerted during activation of safer needle devices"
- 2005 Sitha Mangipudy, MPH Student, "Giving healthcare workers a helping hand: The global impact of safer needle devices on the spread of bloodborne pathogens"
- 2005 Andrew Tan, MPH Student, "Web-Based compilation of bioreadiness resources for frontline healthcare personnel"
- 2004 Sharon Hoskins, MPH Student, "Influenza viruses: A tale of birds, pig, and people"
- 2004 Heidi DiSalvo, MPH Student, "Literature review of benefits of animals in the healthcare setting"
- 2004 Luis Galindez, MPH Student, "Preliminary study of sharps injuries & blood exposures among healthcare workers in a public Venezuelan hospital"
- 2004 Paulina Katsouli, MPH student, "Development of a protocol for measuring the forces exerted when using intramuscular devices with retractable mechanisms"

- 2004 Abdel Alli, MPH Student, “Methodology for blood splatter analysis of various retractable devices”
- 2004 Callie Kabrick, MPH Student, “Effectiveness of bioreadiness training in a variety of health education settings”
- 2004 Olubunmi Oladdinni, MPH student, “Strategies to decrease visiting childrens’ exposures in the hospital setting” Date: Spring 2004
- 2003 Brian Wright, MPH student, “Smallpox vaccine: Associated legal issues and liabilities”
- 2003 Ana Arroyave, MPH student, “Florida Department of Health: Chronic hepatitis B and C in Hillsborough County 10/01/2002-9/30/2003”
- 2003 Shalah Ferol, ARNP/MPH Nursing student, “Needlesticks in the home healthcare setting”

Advisor, PHC 6907 Independent Study Advisor

- 2018 Rebecca Harrison, IFC MPH student,
- 2016 Ashlyn Wayman, IFC MPH student, “Recent Outbreaks of Diseases with Public Health Significance”
- 2016 Lauren Satchell, IFC MPH student, “Regulatory Oversight and Infection Control”
- 2016 Matthew Shopshire-Griffin, GCD MPH student, “Creation of a gaming module for tuberculosis transmission in Hillsborough County”
- 2015 Hanin Fernandez, GCD MPH student, “Working together to stop the transmission of HIV and STDs/STIs”
- 2012 Donald Post, GCD MPH student, “Review of the literature on the effectiveness of sharps safety devices”

Doctoral Dissertation/DrPH Committees

- 2020-present Rachel Guran, DrPH with infection control focus, dissertation title TBD
Role: Co-major professor
- 2020-present Xiomara Hewitt, DrPH with infection control focus, dissertation title TBD
Role: Co-major professor
- 2019-present Mohammad Ourani, “Antibiotics Usage and the Development of Antimicrobial Resistance: Role of Laboratories”
Role: Doctoral committee member
- 2016-2018 Laike Abebe
Topic: Methicillin-resistant *Staphylococcus aureus*
Role: Doctoral committee member
Left program 2018
- 2016 Ayesha Johnson: “The Effect of Non-Asthmatic Atopy on Pregnancy Outcomes”
Role: Chair, Dissertation defense
Graduated with PhD 2016
- 2014-2019 Matthew Weissenbach
Topic: Antimicrobial Stewardship
Role: Major Professor
Graduated with DrPH May 2019
- 2013- 2014 Elinda Steury
Title: “Mobile Phone Short Message Service to Improve Malaria Pharmacoadherence in Sub-Saharan Africa”

Role: Dissertation committee member
UCF doctoral student; Graduated with PhD summer 2014

2008- 2013 Christine McGuire-Wolfe
Title: “Practices and factors influencing sharps use and safety in suburban fire departments and emergency service personnel”
Role: Major Professor
Graduated with PhD May 2013

2009- 2011 Shawn Applegarth
Title: “Developing a method to detect blood splatter from intravascular devices with high speed photography”
Role: Co-major Professor of dissertation research
Passed away June 4, 2011

2005-2009 Luis Galindez
Dissertation title: “Factors associated with recapping needles and needlestick injuries in nurses at the Maracay Central Hospital, Aragua, Venezuela”
Role: Committee Member
Graduated with PhD December 2009

Master’s Thesis Committees

2015- 2016 Rallya Telussa, MSPH Global Communicable Diseases
Title: “Antimicrobial activity of ESKAPE pathogens”
Role: MSPH committee member

2011- 2013 Humberto Olivero, MD, Occupational Medicine resident
Title: “Evaluating the ergonomic forces of a needleless injection system”
Role: Thesis Advisor, Director of Thesis Research

2010 - 2012 Aiysha Ansari, MD, Occupational Medicine resident
Title: “Comparison of visual vs. microscopic methods to detect blood splatter from an intravascular catheter with engineered sharps injury protection (ESIP)”
Role: Thesis Advisor, Director of Thesis Research

2006 - 2007 Melissa Cameron, MSPH student
Title: “Evaluation of Taqman real time PCR for the detection of viable *Cryptosporidium parvum* oocysts in environmental water samples”
Role: Thesis Committee member

2005- 2006 Owen Bendixsen
Title: “The rise of *Clostridium difficile* in Florida”
Role: Thesis Committee member

RESEARCH AND CONTRACTS

Internal Grant Awards

2015 University of South Florida, College of Public Health March, *Awardee, \$3500; Department of Global Health matched with additional \$3,500*
Purpose: Received Professional Development Award for attendance at a local conference and an international conference in May and June 2015

- 2012- 2013 University of South Florida, College of Public Health, Department of Environmental and Occupational Health, *Principal Investigator*, **\$20,000**
Purpose: Received funding from this department for a research assistant to conduct evaluations of devices with engineered sharps injury protection (ESIP) with Occupational Medicine residents on the research team.
- 2011-2012 Veteran’s Administration Research Center of Excellence, Patient Safety Center Tampa, FL
Principal Investigator, Director of laboratory, funding awardee, **one year of salary to serve 0.1 FTE**
Purpose: Received 0.1 FTE for salary to continue evaluation sharps devices used by healthcare workers in the Sharps Safety Evaluation Laboratory.
- 2010 University of South Florida, College of Public Health
 Equipment funding, *Principal Investigator*, **\$2,400**
Purpose: Proposal accepted for purchase of digital microscope and accessories for blood splatter and syringe force device evaluations.
- 2006 University of South Florida, College of Public Health
 Internal Awards Program, New Researcher Grant, *Principal Investigator*, **\$9,392.**
Purpose: Submitted proposal and received USF Internal New Researcher Award January 2006 for project entitled, “A Pilot Study to Detect Blood Splatter from Retractable Venous Access Devices”.
- 2006 University of South Florida, College of Public Health
Purpose: Equipment funding, Laboratory Committee, *Principal Investigator*, **\$5,500.**
 Equipment funding proposal accepted in January 2006 for a proposal for a glove box to use in blood splatter and other safer needle device experiments.
- 2005- 2006 University of South Florida, College of Public Health, Department of Global Health,
 Postdoctoral Fellow Research Support, *Mentor for postdoctoral fellow*, **Award amount: 1 year of funding for postdoctoral fellow**
Purpose: The purpose of this fellowship was for the candidate to receive mentored guidance from the faculty awardee. The fellow contributed to research efforts in the safer needle device evaluation laboratory, supervised students in the laboratory, participated in publication and dissemination efforts from research projects, contributed in writing two major grant proposals using pilot data from current projects, and assisted the mentor in teaching at the University of South Florida.
- 2005 University of South Florida, College of Public Health
 Equipment funding, Laboratory Committee, *Principal Investigator*, **\$3,000**
Purpose: Submitted a proposal, which was accepted, for purchase of an analytical scale. Scale needed to conduct experiments to detect blood splatter in intravenous safety catheters and phlebotomy devices with retractable mechanisms (Equipment cost: ~)
- 2004-2005 University of South Florida, College of Public Health
 Graduate Research Fund, *Principal Investigator*, **\$6,590.**
Purpose: Selected by Dean’s office to receive funding for equipment and graduate assistant support for research activities in the safer needle device evaluation laboratory. Funding allowed hiring of graduate assistant (former student-Heidi DiSalvo), who contributed to pilot studies, abstract and manuscript development

External Grant Awards

- 2021 “Building Capacity of the Public Health Workforce: An Examination of Challenges and Opportunities Related to Enhancing Infection, Prevention and Control Education and Training for

Students”. Awarded to Association for Professionals in Infection Control & Epidemiology (APIC) by National Network of Public Health Institutes (NNPHI) sub award under CFDA # 93.421 Centers for Disease Control and Prevention Cooperative Agreement NU38OT000303.

Purpose: To lead a set of activities that will inform the development of infection prevention and control (IPC) coursework and/or academic certificate programs for students studying public health and/or infection prevention in community colleges, vocational programs, schools and programs of public health, or other similarly situated educational institutions. **APIC Grant amount: \$150,000**

Role: One of four subject matter experts serving on task force (*task force members awarded portion of funds*)

Time period: April 20-July 31, 2021

- 2010- 2011 Occupational Health Strategic Healthcare Group
Office of Public Health, Veterans Health Administration (VHA), Principal Investigator, **\$67,000**
Purpose: Received funding to conduct VHA-wide safety evaluation of devices with engineered sharps injury protection (ESIP).
- 2008- 2010 Occupational Health Strategic Healthcare Group
Office of Public Health, Veterans Health Administration (VHA), *Principal Investigator*, **\$200,000**
Purpose: Received funding to conduct VHA-wide safety evaluation of currently available phlebotomy (blood- drawing) devices.
- 2003- 2005 Safer Needle Device Evaluation Laboratory
Veterans Health Administration Department of Occupational Safety and Health Patient Safety Center Special Project Fund, *Principal Investigator*, **\$75,000**
Purpose: To develop a V.A.-wide center for needle device testing and evaluation with the goal of standardization. The *short-term goals* of this project were to 1) establish the physical requirements for a laboratory for testing safer needle devices 2) develop objective and subjective measures for evaluating safer needle devices 3) develop scenarios for healthcare workers to use to evaluate the safety of needle devices in a controlled laboratory setting and 4) develop a web-site for V.A. facilities to access information regarding evaluation results of needle devices.
- 2001- 2003 Post-doctoral Nurse Research Fellowship, “Safe Patient Handling and Movement”
Veterans Administration Office of Academic Affairs, *Research Fellow Candidate*, **2 years of postdoctoral fellow salary**
Purpose: The goals for the nursing research fellow candidate were to:
a) Establish a research program of clinical nursing research in patient safety, focusing on safe patient handling and movement.
b) Broaden expertise in data base construction, data management, quantitative analysis.
c) Foster communication of clinical research findings through presentations, publications, and by networking with national researchers in technology assessment and evaluation related to patient safety.
d) Initiate development of track record for funding as a principal investigator at national level.
e) Prepare for a role as a nurse scientist at the Patient Safety Center of Inquiry at the Tampa VAMC.
- 2001-2002 James A. Haley V. A. Patient Safety Center, Tampa, FL. “Development and Reliability of a Seated Device for Quantifying External Spinal Compression”, *Co-Principal Investigator*
Purpose: This pilot study was conducted with 22 subjects, using a seated stadiometer developed by the research team. External spinal compression was measured in the AM and PM of day 1 and repeated one week later. There was a significant difference in spinal compression between morning and afternoon measures, but not from week one to the next. Inter-rater reliability between 2

researchers was 0.99 (intra-class correlation). This is a reliable, inexpensive practical way to measure spinal compression. May be used to predict risk factors for back injuries.

- 1995-1996 OSHA training grants, “Factors Influencing Nurses’ Use of Needle Safety Devices” #F31-NRO17167, *Research Service Award Recipient*, **Funding for 5 years of doctoral study at UCSF**
Purpose: For doctoral study at the University of California, San Francisco. Doctoral dissertation focused on circumstances surrounding blood exposures and safer needle device use in home care nurses and design of interventions to decrease injuries and increase the use of safer devices.
- 1998-1999 National Institutes of Health, National Institute of Nursing Research, Nurses’ Research Service Award, “Factors Influencing Nurses’ Use of Needle Safety Devices” #F31-NRO17167, *Research Service Award Recipient*, **Funding for 5 years of doctoral study at UCSF**
Purpose: For doctoral study at the University of California, San Francisco. Doctoral dissertation focused on circumstances surrounding blood exposures and safer needle device use in home care nurses and design of interventions to decrease injuries and increase the use of safer devices.
- 1999-2000 University of California, San Francisco Occupational Health Nursing Department, “Factors Influencing Nurses’ Use of Needle Safety Devices” #F31-NRO17167, *Research Service Award Recipient*, **Funding for 5 years of doctoral study at UCSF**
Purpose: For doctoral study at the University of California, San Francisco. Doctoral dissertation focused on circumstances surrounding blood exposures and safer needle device use in home care nurses and design of interventions to decrease injuries and increase the use of safer devices.

PROFESSIONAL PRESENTATIONS

Refereed Abstracts Presented (asterisk denotes presenting author)

Haiduven, D.* (2017, June). *Tools for evaluating graduate infection control programs*. Poster presentation at the 4th International Conference on Prevention & Infection Control, Geneva, Switzerland.

McGuire-Wolfe, C.*, **Haiduven, D.** (2017, June). *Development of an exposure decision pathway in a suburban fire department*. Poster presentation at the 4th International Conference on Prevention & Infection Control, Geneva, Switzerland.

McGuire-Wolfe, C.*, **Haiduven, D.** (2017, June). *The role of the infection preventionist in a fire department providing emergency medical services (EMS) response*. Poster presentation at the 4th International Conference on Prevention & Infection Control, Geneva, Switzerland.

Weissenbach, M.* (student), Qutaishat, S. & **Haiduven D.** (2017, June). *Exploring the role of infection preventionists in antimicrobial stewardship programs through several lenses*. Poster presentation at the 44th APIC Annual Educational & International Meeting, Portland, Oregon.

Haiduven, D.* (2016, March). *Lessons learned from training healthcare workers to care for Ebola patients in West Africa*. Poster presentation at the 16th Congress of the International Federation of Infection Control (IFIC), Vienna, Austria.

Haiduven, D.* (2016, March). *University-level strategies for educating current and future infection preventionists*. Oral presentation at the 16th Congress of the International Federation of Infection Control (IFIC), Vienna, Austria.

McGuire-Wolfe, C. & **Haiduven, D.*** (2014, June). *Sharps usage patterns and hazards among firefighters & emergency services personnel at suburban fire department*. Poster presentation at the 41st APIC Educational Conference and Educational Meeting, Anaheim, CA.

McGuire-Wolfe, C. & **Haiduven, D.*** (2014, June). *Participation in a Hepatitis C and HIV Screening Program among Emergency Responders in a Suburban Fire Department*. Poster presentation at the 41st APIC Educational Conference and Educational Meeting, Anaheim, CA.

Haiduven, D. & McGuire-Wolfe, C.*, (student). (2013, June). *Subjective evaluation of winged phlebotomy devices by healthcare workers*. Poster presentation at the 40th APIC Educational Conference and International Meeting, Ft. Lauderdale, FL.

McGuire-Wolfe, C.*, (student) & **Haiduven, D.** (2013, June). *Unexpected sharps hazards for emergency services personnel and firefighters*. Poster presentation at the 40th APIC Educational Conference and International Meeting, Ft. Lauderdale, FL.

Olivero, H.* (student), Ramaiah, P., Kerrigan, M. & **Haiduven, D.** (2013, May). *Quantifying the ergonomic impact on healthcare workers using a needleless jet injector*. Poster presentation at the American Occupational Health Conference 2013, Orlando, FL.

Ansari, A.*, (student), **Haiduven, D.**, Salihu, H., Ramaiah, P., & Collazo, L. (student). (2012, April-May). *Comparison of visual vs. microscopic methods to detect blood splatter from an intravascular catheter with*

- engineered sharps injury protection (ESIP)*. Oral presentation at the American Occupational Health Conference 2012, Los Angeles, CA.
- Williams, R.* (student), **Haiduven, D.**, Applegarth, S. & Tenouri, M., (student). (2010, May). *Measuring the tensile force required to draw fluid into retractable intramuscular syringes: A comparison of two methods*. M. Poster presentation at American Occupational Health Conference, Orlando, FL.
- Haiduven, D.***, McGuire- Wolfe, C., Lapolla, P., (student), Tenouri, M., student, & Applegarth, S.P. (2010, March). *Contribution of a Winged Phlebotomy Device Design to Blood Splatter*. Oral presentation at the 5th Decennial International Conference on Healthcare Associated Infections, Atlanta, GA.
- Applegarth, S.P., **Haiduven, D.***, McGuire-Wolfe, C., (student), & Tenouri, M. (student). (2010, March). *Does the human dynamic influence the compressive forces required to activate retractable intramuscular syringes?* Poster presentation at the 5th Decennial International Conference on Healthcare Associated Infections, Atlanta, GA.
- McGuire-Wolfe*, C. (student), Hitchcock, C. D., & **Haiduven, D.** (2010, March). *Practices, attitudes and beliefs of emergency medical services personnel regarding hand hygiene*. Poster presentation at the 5th Decennial International Conference on Healthcare Associated Infections, Atlanta, GA.
- Haiduven, D.***, Poolla, A., (student), Shroff, M., (student), & Applegarth, S. (2009, June). *The ergonomics of retraction: a comparison of two brands of retractable syringes*. Poster presentation at the 36th APIC Educational Conference and International Meeting, Ft. Lauderdale, FL.
- Haiduven, D** & McGuire-Wolfe, C.* (student). (2009, June). *Using a graduate infection control certificate program to educate infection control professionals*. Poster presentation at the 36th APIC Educational Conference and International Meeting, Ft. Lauderdale, FL.
- Haiduven, D.***, Shroff, M., (student), Poolla, A., (student), & Applegarth, S. (2009, March). *Variability in activation forces for retractable syringes: does it exist?* Poster presentation at the 19th Scientific Meeting of the Society for Healthcare Epidemiology of America, San Diego, CA.
- Haiduven, D.***, Applegarth, S.P., Shroff, M.P., (student), Thompson, V.P. (2008, June). *An experimental method for detecting blood splatter from a winged intravascular device*. Oral presentation at the 35th APIC Educational Conference and International Meeting, Denver, CO.
- Haiduven, D.***, Applegarth, S.P., Shroff, M.P. (student), Thompson, V.P. (2007, June). *Detecting blood splatter from retractable phlebotomy & intravascular devices: an experimental method*. Poster presentation at the 34th APIC Educational Conference and International Meeting, San Jose, CA.
- Applegarth, S.P., **Haiduven, D.*** (2007, June). *Enhancing infection control education through collaborative university partnerships*. Poster presentation at the 34th APIC Educational Conference and International Meeting San Jose, CA.
- Haiduven, D.***, Applegarth, S., DiSalvo, H., (student), Mangipudy, S., (student), Konopack, J., (student), & Fisher, J. (2006, June). *A pilot study to measure the compressive and tensile forces required to use retractable intramuscular safety syringes*. Poster presentation at the 33rd APIC Educational Conference and International Meeting, Tampa, FL.
- Galindez, L.* (student) & **Haiduven, D.** (2006, June). *Circumstances surrounding needlestick /sharp injuries among healthcare workers in a Venezuelan public hospital*. Poster presentation at the 33rd APIC Educational Conference and International Meeting, Tampa, FL.
- Haiduven, D.***, Tucker, J., (student), & Thompson, V. (2006, May). *Comparison of didactic vs. interactive teaching strategies for category A agents of bioterrorism*. Oral presentation at the 7th Annual Meeting of the Consortium of Biodefense Researchers, Clearwater, FL, May 31, 2006.
- Haiduven, D.*** (2005, June). *Development and implementation of a nursing bioreadiness training program*. Poster presentation at the 32nd APIC Educational Conference and International Meeting, Baltimore, MD.
- Haiduven, D.**, Cooper, E.* (student), & Luther, S. (2005, June). *Comparison of live versus on-line bioreadiness training program for nurses*. Poster presentation at the 32nd APIC Educational Conference and International Meeting, Baltimore, MD.
- Konopack, J.* (student), DiSalvo, H., (student), Applegarth, S., & **Haiduven, D.** (2005, June). *From bedside to bench: A pilot study to measure the force required to activate a retractable safety syringe*. Poster presentation at the 32nd APIC Educational Conference and International Meeting, Baltimore, MD.

- Haiduven, D.***. (2005, June). *Development and evaluation of bioreadiness education for nurses and other healthcare professionals*. Oral presentation at the 6th Annual Meeting of the Consortium of Biodefense Researchers, Clearwater, FL.
- DiSalvo, H., (*student*), Konopack, J., (*student*), Applegarth, S., **Haiduven, D.***, Katsouli, P. (*student*), & Fisher, J. (2005, April). *A pilot study to measure the compressive force required to activate retractable intramuscular safety syringes*. Poster presentation at the Society for Healthcare Epidemiology of America Annual Educational Conference, Los Angeles, CA.
- Haiduven, D.***, Kabrick, C., (*student*), & McCluskey, J. (2004, June). *Structure and evaluation of an eight-hour bioreadiness program*. Poster presentation at the 31st APIC Educational Conference and International Meeting, Phoenix, AZ.
- Haiduven, D.***, Kabrick, C., (*student*), & McCluskey, J. (2004, June). *Effectiveness of a bioreadiness training program*. Poster presentation at 31st APIC Educational Conference and International Meeting, Phoenix, AZ.
- Johnson, N., Hench, C., Reyes, V., **Haiduven, D.***, Shaw, R., & David A. Stevens, D.A. (2003, June). *Who let the dogs out? Infection control did*. Poster presentation at the 30th APIC Educational Conference and International Meeting, San Antonio, TX.
- Haiduven, D.**, Hench, C., Meyer, V., Johnson, N.*, & Stevens, D.A. (2002, May). *Strategies to decrease visiting children's exposures in the hospital setting*. Poster presentation at the 29th APIC Educational Conference and International Meeting, Nashville, TN, May 20-21, 2002.
- D. Haiduven, D.***, Nelson, A., Lloyd, L., Wilkinson, S., & Applegarth, S. (2002, January). *Development of a patient safety simulation research laboratory*. Poster presentation at the Second Safe Patient Handling & Movement Conference, Clearwater, FL
- Haiduven, D.***, Askari, E., Gross, R., & Fisher, J. (2001, December). *Barriers to and facilitating conditions for safe working practice in the home health care setting*. Poster presentation at "Mobilizing for a Safe USA: A Leadership Conference to Reduce Violence and Injury in America, Atlanta, GA.
- Haiduven, D.***, Hench, C., Scott, K., & Deresinski, S. (2001, June). *Outbreak of a pertussis-like illness in a public teaching hospital*. Poster presentation at the 28th Annual APIC Educational Conference, Seattle, WA.
- Haiduven, D.***, Hench, C., & Stevens, D.A. (2001, June). *Components of a successful infection control committee*. Poster presentation at the 28th Annual APIC Educational Conference, Seattle, WA.
- Haiduven, D.***. (2000, June). *Circumstances surrounding blood exposures and needle safety practices in home health care nurses*. Poster presentation at the 27th Annual APIC Educational Conference, Minneapolis, MN.
- Haiduven, D.***, Scott, K., Chen, S. (2000, June). *Use of the California-occupational safety and health administration's employee injury log to monitor sharps exposures: one hospital's experience*. Poster presentation at the 27th Annual APIC Educational Conference, Minneapolis, MN.
- Hench, C., D'Alena, M., Johnson, N., **Haiduven, D.***, Scott, K., Deresinski, S., Stevens, D.A., & Chen, S. *Erythrovirus b19 (parvovirus b19) exposure in obstetrics/gynecology setting: An infection control dilemma*. Poster presentation at the 27th Annual APIC Educational Conference, Minneapolis, MN.
- Haiduven, D.*** (1999, September). *An evaluation of engineering and work practice controls for sharps disposal in the operating room*. Oral presentation at the 4th International Conference on Occupational Health for Health Care Workers, Montreal, Canada.
- Haiduven, D.***. (1999, September). *Barriers to and facilitating conditions for nurses' use of needle safety devices and practices in the home health care setting*. Oral presentation at the 4th International Conference on Occupational Health for Health Care Workers, Montreal, Canada.
- Haiduven, D.***, Askari, E., Gross, R., Fisher, J. (1999, June). *Use of focus groups to explore home health care nurses' concerns regarding bloodborne exposures and safety products*. Poster presentation at the 26th Annual APIC Educational Conference, Baltimore, MD.
- Haiduven, D.***, Phillips, E., Hench, C., Simpkins, S., Reyes, V. (1999, June). *Innovative teaching method for complying with OSHA's bloodborne pathogen and tuberculosis exposure control plans*. Poster presentation at the 26th Annual APIC Educational Conference, Baltimore, MD.
- Haiduven, D.***, Hench, C., Simpkins, S., Reyes, V., & Stevens, D. A. (1999, June). *A systematic procedure for varicella exposure work-ups*. Poster presentation at the 26th Annual APIC Educational Conference, Baltimore, MD.

- Haiduven, D.***, Hench, C., Simpkins, S., Stevens, D. (1998, May). *Compliance with the Federal Register's Vancomycin-resistant enterococci guidelines: one hospital's experience*. Poster presentation at the 25th APIC Annual Educational Conference and International Meeting, San Diego, CA.
- Haiduven, D.***, Askari, E., Gross, R., Fisher, J. (1997, June). *Bloodborne exposures in the home care setting*. Poster presentation at the 24th Annual APIC Educational Conference, New Orleans, LA.
- Haiduven, D.**, Hench, C., Simpkins, S., Reyes, V., & Stevens, D. * (1997, May). *A hybrid isolation system: A practical solution to a challenging issue*. Poster presentation at the 97th Annual Meeting of the American Society for Microbiology, Miami, FL.
- Haiduven, D.***, Hench, C., Simpkins, S., et al. (1996, June). *Strategies for management of varicella-vaccinated employees*. Poster presentation at the 23rd Annual APIC Educational Conference, Atlanta, GA
- Haiduven, D.***, Hench, C., Simpkins, S., et al. (1996, June). *Standardized management of patients and employees exposed to pertussis*. Poster presentation at the 23rd Annual APIC Educational Conference, Atlanta, GA.
- Haiduven, D.*** Simpkins, S., Phillips, E., Stevens, D. (1995, August). *Percutaneous /mucocutaneous injury reporting in a county teaching hospital*. Poster presentation at the Second Conference for Frontline Healthcare Workers on Prevention of Bloodborne Pathogens, Atlanta, GA.
- Haiduven, D.***, Stevens, D. (1994, October). *Eight year analysis of percutaneous injuries: categorization, effective reduction methods and future strategies*. Poster presentation at the 34th Interscience Conference on Antimicrobial Agents & Chemotherapy, Orlando, FL
- Simpkins, S., **Haiduven, D.***, Stevens, D. (1994, May). *Lessons learned from evaluating safety products*. Poster presentation at the 21st APIC Conference, Cincinnati, OH.
- Haiduven, D.***, Allo, M. (1994, February). *Evaluation of a one-handed surgical suturing device to decrease intraoperative needlestick injuries and glove perforations: Phase I*. Oral presentation at the Society for Hospital Epidemiologists of America Conference in New Orleans, LA.
- Haiduven, D.***, Allo, M. (1994, February). *Evaluation of a one-handed surgical suturing device to decrease intraoperative needlestick injuries and glove perforations: Phase II*. Poster presentation at the American College of Surgeons/Centers for Disease Control Conference for Prevention of Bloodborne Pathogens in Surgery and Obstetrics, Atlanta, GA
- Swor, G. M. & **Haiduven, D.*** (1994, February). *Perceived risk of acquiring bloodborne infections in surgery*. Poster presentation at the American College of Surgeons/Centers for Disease Control Conference on Prevention of Bloodborne Pathogens in Surgery and Obstetrics, Atlanta, GA.
- Haiduven, D.***, Hench, C., & Stevens, D. (1993, October). *A post-exposure varicella management in non-immune personnel: An alternative approach*. Oral presentation at the 33rd Interscience Conference on Antimicrobial Agents and Chemotherapy, New Orleans, LA.
- Haiduven, D.***, DeMaio, T., Stevens, D. (1992, August). *Strategies for successful reduction in percutaneous injuries based on a five-year study*. Poster presentation at the National Conference on Prevention of Device-Mediated Bloodborne Infections in Washington, D.C.
- Haiduven, D.*** (1992, August). *Standardized categorization of device-mediated percutaneous injuries*. Poster presentation at the National Conference on Prevention of Device-Mediated Bloodborne Infections in Washington, D.C.
- Haiduven, D.***, Hench, C., & Stevens, D. (1992, June). *How One Hospital Attempts to Pre-screen Contract Personnel*. Poster presentation at the 19th Annual APIC Educational Conference, San Francisco, CA.
- Haiduven, D.***, Tucker, R., Stevens, D. (1991, May). *Contingency plans for management of contagious lethal diseases*. Poster presentation at the 2nd Conference on International Travel Medicine, Atlanta, GA.
- Haiduven, D.***, Tucker, R., Stevens, D. (1991, May). *Epidemiologic characteristics of contagious lethal diseases*. Poster presentation at the 2nd Conference on International Travel Medicine, Atlanta, GA.
- Haiduven, D.***, *Four-year study shows significant reduction in needlestick injuries with convenient placement of sharps containers and educational programs*. Oral presentation at the 18th Annual APIC Educational and International Conference, Nashville, TN.
- Haiduven, D.***, Tucker, R., Stevens, D. (1988, September). *Management of contagious lethal communicable diseases in the hospital setting: algorithms and policy*. Oral presentation at the 2nd International Conference of Infection Control, sponsored by Infection Control Nurses of the United Kingdom, Harrogate England.

National Conference Presentations

- 2015 “Training Healthcare Workers to Care for Ebola Patients”, 2015 Annual Workers’ Compensation Institute, Orlando, FL.
- 2008 “Evolution of the Infection Control Professional to Researcher”, 35th Annual APIC Educational Conference & International Meeting, Denver, CO.
- 2008 “Nosocomial Aspergillosis and Building Construction Cases”. 3rd Advances against Aspergillosis International Conference, Infectious Disease Professionals, Miami, FL.
- 2002 “Focus Groups: Evolution from Market Research to Qualitative Research”, 20th Health Services Research & Development Conference, Washington, D.C.
- 2001 “Hepatitis C, Occupational Health, and Workers’ Compensation”, Tenth Anniversary National Workers’ Compensation and Occupational Medicine Seminar, San Diego, CA.
- 2001 “Promoting Safety Behaviors: Risk Perception and Behavior”, Tenth Anniversary National Workers’ Compensation and Occupational Medicine Seminar, San Diego, CA.
- 1996 “Needleless Needles NOT Needless Needlesticks”, Canadian Intravenous Nurse Association’s Annual Conference, Toronto, Canada.

Regional Conference Presentations

- 2012 “A Program of Research on Devices with Engineered Sharps Injury Prevention”, Annual APIC educational seminar, West Central Council Chapter 91, Venice, FL.
- 2010 “Occupational Health Implications of Sharps Device Use by Healthcare Workers”, 50th anniversary of the Florida Occupational Health Nurses’ Conference, Naples, FL.
- 2010 “Pandemic Influenza”, Florida Public Health Institute’s statewide webinar series, online.
- 2007 “Bioreadiness for Clinicians”. Medical Grand Rounds, Santa Clara Valley Medical Center, San Jose, CA.
- 2007 “Infectious Disease Update for Occupational Health Professionals”, Annual meeting of the Florida Association of Occupational Health Nurses, Orlando, FL.
- 2007 “Bioreadiness & Pandemic Influenza Preparedness”, Eight-hour module, one of seven selected for inclusion in the First Annual Master Public Health Course in Applied Public Health, Florida Department of Health and the Florida Public Health Institute, Lantana, FL.
- 2006 “Pandemic Influenza Preparedness for Occupational Health Professionals”. Annual meeting of the Florida Association of Occupational Health Nurses, Orlando, Florida.
- 2006 “Factors Contributing to Underreporting of Nurses’ Musculoskeletal Injuries” Annual Safe Patient Handling & Movement Conference, James A. Haley V.A. Patient Safety Center, Clearwater, FL.
- 2005 “Underreporting of Musculoskeletal Injuries in Nurses”. Annual Safe Patient Handling & Movement Conference, V.A. Patient Safety Center, St. Petersburg, FL.
- 2005 “Bioreadiness Preparedness for State Healthcare Facilities”, Annual Conference of the Florida Practitioners in Infection Control, Orlando, FL.
- 2004 “HIV/AIDS Update”, Annual Conference of the Florida Practitioners in Infection Control. Orlando, FL.
- 2004 “Bioreadiness and Pertussis”. Tampa, FL. Bay Area Practitioners in Infection Control Annual Educational Conference.
- 2003 “HIV/AIDS Update”, Invited speaker, Annual Conference of the Florida Practitioners in Infection Control. Orlando, FL.
- 2002 “Best Practices: Prevention of Sharps-Related Injuries”, Tampa, FL. Presented at VA VISN 8 Occupational Health Strategic Planning Meeting”.
- 2002 Patient Safety Center of Inquiry Lecture Series on Patient Safety, “Patient Safety and Infection Control”, James A. Haley VA Hospital, Tampa, FL
- 2002 “Changing Provider Behavior”, Second Safe Patient Handling & Movement Conference, Clearwater, FL.
- 2002 “Best Practices: Prevention of Sharps-Related Injuries”, VA VISN 8 Occupational Health Strategic Planning Meeting, Tampa, FL.

- 2000 “Circumstances Surrounding Blood Exposures & Needle Safety Practices in Home Care Nurses”, San Francisco Bay Area chapter of Association of Occupational Health Professionals in Health Care, San Francisco, CA.
- 2000 “Circumstances Surrounding Blood Exposures & Needle Safety Practices in Home Care Nurses”, Series of seminars presented to state facilities for the developmentally disabled. California Occupational Safety and Health Administration’s Consultation Service, CA.
- 2000 “Barriers and Facilitating Conditions for Needle Safety Practices in Home Care Nurses”, Stanford Medical Center Conference on Issues in Home Care, Stanford, CA.
- 1998 Adventures in Safety; Countywide Safety Day for Santa Clara County presentation, “Keeping Infectious Diseases at Bay: At Home and Away”, San Jose, CA.
- 1997 “Bloodborne Exposures in the Homecare Setting: A Multi-Center Analysis”, Statewide Committee on Sharps Injury Surveillance, Sacramento, CA.
- 1997 “Varicella and the Vaccine: Where Do We Go from Here?” Critical Issues for Occupational Health in Health Care conference, Sacramento, CA.
- 1996 “Keeping the Bugs Away At Work, At Home, At Play”, Santa Clara County Safety Seminar, San Jose, CA.
- 1995 “Much Ado about Ebola and Other Hemorrhagic Fevers”, Presented at the September monthly meeting of the Santa Clara County Public Health Department, San Jose, CA.
- 1995 “Bloodborne Pathogens and Tuberculosis”, Lecture to physicians at Santa Clara County jail, San Jose, CA.
- 1992 “Vaccine Preventable Diseases”, Lecture to physical therapists at rehabilitation clinic in San Francisco, CA.

University Presentations

University of South Florida (USF)

- 2008 “Nosocomial Aspergillosis”. USF, Infectious Disease Student Association, Tampa, FL.
- 2003 “Bioreadiness Training for Safety Professionals”, Center for Biological Defense, Safety Harbor, FL.
- 2003 “Infection Control Challenges in the 21st Century”, Multi- disciplinary conference, USF, College of Public Health (COPH), Tampa, FL.
- 2002 “Components of a Hospital Bioreadiness Plan”, Center for Biological Defense, Jupiter, FL.
- 2002 How to Conduct Successful Focus Groups”, Workshop presented to focus group moderators in preparation for joint USF/VA Patient Safety Summit, Tampa FL.

University of California, San Francisco

- 1999 Oral presentation of paper, “Use of Focus Groups to Explore Home Health Care Nurses’ Concerns Regarding Bloodborne Exposures and Safety Products”, 1999 University of California San Francisco Community of Scholars, San Francisco, CA.
- 1998 Poster presentation of paper, “Bloodborne Exposures |in the Homecare Setting: A Multi-center Analysis” 1998 University of California San Francisco Graduate Research Day, San Francisco, CA.
- 1998 Oral presentation of paper, “Bloodborne Exposures in the Homecare Setting: A Multi-center Analysis” at the 1998 University of California San Francisco Community of Scholars, San Francisco, CA.
- 1997 Poster presentation of paper “Use of a One Handed Surgical Suturing Device to Reduce Percutaneous Injuries and Glove Perforations.” University of California San Francisco Graduate Research Day, San Francisco, CA.
- 1996-1997 Committee member, University of California San Francisco’s “Community of Scholar’s” 1997 program. Activities included planning, conducting, and evaluating the program. San Francisco, CA.
- 1996 Poster presentation of paper “Percutaneous/Mucocutaneous Reporting in a County Teaching Hospital”, 1996 Graduate Research Day at University of California San Francisco, San Francisco, CA.
- 1996 Oral presentation of paper “Percutaneous/ Mucocutaneous Reporting in a County Teaching Hospital”, University of California San Francisco Community of Scholars, San Francisco, CA.

PROFESSIONAL SERVICE

Service to the University of South Florida

2021	Students working group member for the COPH Academic Master Plan/Comprehensive Strategy to Address Systemic Racism
2021	Selected as one of the judges for 2021 Florida Outstanding Woman in Public Health Award Selection Committee
2021	Served as judge for the occupational health section posters for USF Health Research Day, February, 2021
2020-	Appointed to Faculty Affairs (Appointment, Promotion & Tenure) Committee
2020-	Alternate voting member for MPH programs, Educational Committee
2017-2020	Selected member of the Educational Technology and Assessment Committee, part of the USF COPH Education Committee
2019	Volunteer Marshal for the fall commencement ceremony, December 14, 2019
2017	Volunteer Marshal for the spring commencement ceremony August 5, 2017
2017	Volunteer Marshal for the second USF Health combined commencement ceremony, Sun Dome, May 5, 2017, Tampa FL.
2016	Selected as one of four judges for Florida Outstanding Woman in Public Health Award Selection Committee
2015-2016	Member, College Committees & Bylaws Workgroup
2015	Volunteer Marshall for first USF Health combined graduation ceremony, Sun Dome, May 1, 2015
2015	Selected as one of four judges for the 2015 Florida Outstanding Woman in Public Health Award Selection Committee
2014	Selected as one of four judges for the 2014 Florida Outstanding Woman in Public Health award selection committee
2013	Served as judge of poster competition for the USF Graduate Research Symposium, March 22, 2013
2013-present	Director, on-line MPH Program, Infection Control Concentration
2012-2016	Member, Transforming the MPH Workgroups
2012-2015	Member, College of Public Health Strategic Mastery Workgroup
2012-2014	Reviewer of MPH candidates for USF Public Health Practice Program
2011-2016	Member, College of Public Health, Student Affairs Committee
2009-2018	Chair, Departmental Student Affairs, & Graduate Certificates Committees
2009-2018	Member, Departmental Educational Technology & Assessment, Research, & Educational Outcomes Committees
2007-2009	Chair, USF College of Public Health Educational Technology & Assessment Committee
2006-2010	Member, USF College of Public Health Educational Technology & Assessment Committee. Appointed as chair October 2007-October 2009
2005	Proposal panelist and reviewer for the USF Internal Awards program
2005-2008	Member, College of Public Health, Student Affairs Committee
2004-2008	Member, Departmental Doctoral Application Review Committee for Communicable Disease Track
2004-2007	Coordinator, Concentration Exam, Global Communicable Disease Track
2003-present	Director, Graduate Certificate Program in Infection Control
2003-2018	Member, MSPH/MPH Admissions Committee for Department of Global Health, Communicable Disease Track
2002	Trained moderators for, coordinated, and conducted focus groups for the USF-sponsored Patient Safety Summit, Tampa, FL

Hospital Service:

2000- 2003 Served 3-year term as a Member of the James A. Haley Research and Development Committee- Responsible for reviewing research proposals, manuscripts, and unfunded studies for scientific integrity, budget, and informed consent issues

Service to the Profession

Editorial Activities

2020-present Reappointed as member of the Editorial Board for *Infection Control and Hospital Epidemiology* for a 2-year term

2017-2020 Associate Editor, *International Journal of Nursing Studies*

2016-2020 Reappointed to the Editorial Advisory Board for *Infection Control & Hospital Epidemiology*

2011-2016 Reappointed as member of Editorial Board for *Infection Control and Hospital Epidemiology* journal for a 5-year term

2008-2011 Appointed member of Editorial Board for *Infection Control and Hospital Epidemiology* for 3-year term

2000-2003 Member of Editorial Board for *American Journal of Infection Control*

1996-1998 Member of Editorial Board for *Infection Control Today*

1996-1998 Editorial tutor for nursing doctoral and master's students at the University of California, San Francisco

Manuscript Reviews

2020 Reviewed manuscripts for *American Journal of Infection Control, Antimicrobial Resistance and Infection Control, Infection Control and Hospital Epidemiology, and International Journal of Nursing Studies*

2019 Reviewed manuscripts for the *American Journal of Infection Control, Antimicrobial Resistance and Infection Control, Infection Control & Hospital Epidemiology, and International Journal of Nursing Studies*

2018 Reviewed manuscripts for the *American Journal of Infection Control and International Journal of Occupational and Environmental Health*

2017 Reviewed manuscripts for *American Journal of Infection Control, Diagnostic Microbiology and Infectious Diseases, and International Journal of Occupational and Environmental Health*

2016 Reviewed manuscripts for *American Journal of Infection Control, Infection Control and Hospital Epidemiology and International Journal of Nursing Studies*

2015 Reviewed manuscripts for *American Journal of Infection Control and Mycoses*

2014 Reviewed manuscripts for *Infection Control and Hospital Epidemiology, International Journal of Nursing Studies and Mycopathologia*

2013 Reviewed manuscripts for *International Journal of Nursing Studies*

2011-2012 Reviewed manuscripts for *International Journal of Nursing Studies, Mycology and Industrial Health*

2009 Reviewed manuscripts for *International Journal of Nursing Studies, Journal of Nursing Education Scholarship and Biomedical Central Infectious Disease*

1995-2008 Manuscript reviewer for *Infection Control & Hospital Epidemiology*

1996-2010 Manuscript reviewer for *American Journal of Infection Control*

1995 Manuscript reviewer for the *American Journal of Public Health*

Service to the Community

San Jose, California

2012-present Board of Directors, Foundation for Research in Infectious Diseases, California Institute for Medical Research

Tampa, Florida

March 8, 2018 “University Infection Control Opportunities: Undergraduate, Graduate & Professional”, presented to Infection Preventionists for HCA West in the Tampa, Bay Area

2010-2019 Frequent donations to Lutz Senior Center

2001-2019 Contributor to Paralyzed Veterans of America, Salvation Army, Metropolitan Ministries, cancer foundations, Sheriff and Police organizations

2011 Sponsored runner for American Cancer Society’ “Relay for Life”

San Francisco, California

2000 Contributed to promotion of children’s Handwashing Poster Contest in Santa Clara County during National Infection Control Week, October 2000

2000 Served on a panel of judges for the Santa Clara Valley Medical Center children’s’ entries

1986-2000 Supporter of and contributor to “Inn Vision” Women’s Shelter, Goodwill, Sacred Heart Center, American Cancer Society, Paralyzed Veterans of America, Canine Companions for Independence and Second Harvest Food Bank

1999 Participated in countywide emergency epidemic committee during the 1999 outbreak of pertussis-like illness at Santa Clara Valley Medical Center.

1998 Interviewed by San Jose Radio News channel in 1998 on needlestick prevention activities.

1995 Interviewed on 2 broadcasts for San Jose Channel 5 News, May 1995, to provide community information about Ebola virus prevention and management.

1995 Lecture to physicians at Santa Clara County jail on “Bloodborne Pathogens and Tuberculosis”, March 1995.

1993 Participant in “Dog Days Run”, 1993; proceeds to San Jose Lion’s Blind Center

1987 Chairman of publicity committee of “Run for the Valley”, 1987; proceeds to Santa Clara Valley Medical Center.

Miami, Florida

1983-1986 Served on task force for the American Heart Association (AHA) “Nurses Day” (athletic event to encourage participation of nurses in area hospitals) for three years, 1983-1986. Proceeds went to AHA. Participant in athletic events representing the Miami Veterans Administration Medical Center’s Team, all three years.

1985 Presented information on infectious diseases and prevention to the public at area shopping malls in 1984 and 1985 as part of National Infection Control Week.

1985 Participated in community-wide 10-mile walk to support the March of Dimes, March, 1985

HONORS & AWARDS

April 2021 Selected from a pool of 40 applicants to serve as one of four subject matter experts on an Infection Prevention and Control education academic pathways grant project funded by the National Network of Public Health Institutes (NNPHI), sub awarded to the Centers for Disease Control and Prevention.

January 2021 Recipient of Quality Matters certification for on-line course entitled “PHC 6517 Infectious Disease Prevention Strategies” at the University of South Florida, College of Public Health (*score 100/100*) (*third course submitted*).

October 2020 Recipient of the Cliff Blair Excellence in Teaching Award, 2020, at USF-COPH (*formerly the Deans Excellence in Teaching Award*).

- June 2020 Recipient of Quality Matters certification for on-line course entitled “PHC 6251 Disease Surveillance and Monitoring” at the University of South Florida, College of Public Health (*score 100/100*) (*second course submitted*).
- May 2020 Achievement of Fellow status into the Association for Professionals in Infection Control and Epidemiology (APIC) in recognition of achievement and exemplary contribution in the field of infection prevention and control.
- April 2020 Recipient of first Quality Matters certification for on-line course entitled “PHC 6314 Infection Control Program Design” at the University of South Florida, College of Public Health (score 98/100).
- 2020 Invited to renew as Associate Editor for the *International Journal of Nursing Studies* for the 2020 calendar year.
- 2019 Invited to renew as Associate Editor for the *International Journal of Nursing Studies* for the 2019 calendar year.
- 2018 Received Certificate of Recognition for 16 reviews for *International Journal of Nursing Studies*.
- 2018 Invited to renew as Associate Editor for the *International Journal of Nursing Studies* for the 2018 calendar year.
- 2017 Received Certificate of Recognition for 1 review for the *Diagnostic Microbiology & Infectious Disease* journal.
- 2017 Invited to be an Associate Editor for the *International Journal of Nursing Studies* for the 2017 calendar year.
- 2016 Received Certificate of Recognition for five reviews for *American Journal of Infection Control*.
- 2015 Achieved Certification in Public Health (CPH) credential by successful examination.
- 2015 Runner-up for the *International Journal of Nursing Studies*’ Reviewer Excellence Award for review of “Practices and impacts post-exposure to blood and body fluid in operating room nurses: A cross-sectional study”.
- 2015 Recipient of USF COPH Professional Development Award (matched by Global Health Department) to support attendance at two conferences in May and June, 2015, to update knowledge in the field of infection control and assist preparation for re-certification exam in infection control.
- 2014-2015 Selected as one of the trainers for the Centers for Disease Control and Prevention’s Safety Training Course for Healthcare Workers going to West Africa to Care for Patients in Ebola Treatment Units. Participated in 7 training sessions between November 2014 and March 2015.
- 2013 Awarded graduate scholar status at the University of Central Florida, to serve as outside member of a doctoral dissertation committee.
- 2012-2013 Selected by students as 2012 Outstanding University Professor of the Year for the USF COPH
- 2012 USF College of Public Health nominee for the Association of Schools of Public Health. (ASPH)/Pfizer 2012 Award for Teaching Excellence. One of 14 national nominees for 2012.
- 2008 Recipient of APIC Blue Ribbon Abstract Award for Research and Member Development at the 34th Annual APIC Educational and International Meeting in Denver, Colorado, June 2008. (5/365 submissions selected).
- 2008 Recognized as one of twelve outstanding contributors to the field of infection control and epidemiology at the 34th Annual APIC Educational and International Meeting in Denver, Colorado, June 2008.
- 2006 Nominated for and recipient of an International Sharps Injury Prevention Award from the International Sharps Injury Prevention Association, 2006, featured in December 2006 issue of *Managing Infection Control Today*
- 2005-2006 Nominated and accepted for inclusion into 2005/2006 Manchester Who’s Who among Executive and Professional Women in Research and Science “Honors Edition” of the registry.

- 2004 Inducted into Sigma Xi Scientific Research Society, University of South Florida Chapter, Tampa, Florida, April 2004.
- 2001-2003 Three year recipient of Veterans Administration Post-doctoral Nursing Fellowship for, James A. Haley VA Hospital, Tampa, FL
- 2000 Invited to become charter member of Nurses' Educational Funds Society of Scholars.
- 1999-2000 Recipient of National Institute for Occupational Safety and Health (NIOSH) educational grant from the UCSF Occupational Health Nursing Department.
- 1999 Recipient of 1999 Robert Legge Award for dedication to and academic excellence in occupational health studies; awarded by the Industrial Hygiene Society.
- 1999 Recipient of 1999 Barbara Resnick Writing Award for graduate students in occupational health nursing from the Occupational Health Nursing Program at the University of California, San Francisco (UCSF). Award for paper on hepatitis C exposure management in health care workers.
- 1998-1999 Recipient of single Chancellor's Dissertation fellowship from UCSF College of Nursing for 1998-99 academic year.
- 1998-1999 Recipient of UCSF Department of Nursing Century funds for dissertation research for 1998-99 academic years.
- 1997-1998 Recipient of Sigma Theta Tau research grant for doctoral research from the UCSF chapter for the 1997-1998 academic year.
- 1997-1998 Recipient of a Regent's Fellowship from the Graduate Division of UCSF, for the 1997-98 academic year.
- 1996-1997 Recipient of UCSF Nursing Alumni Scholarship for the 1996-97 academic year.
- 1996-1997 Single recipient of the 1996-1997 Isabel Hampton Robb top scholarship award in nursing from Nurses' Educational Funds, Inc., a division of the American Nurses Association.
- 1995-1996 Recipient of NIOSH educational grant from the UCSF Occupational Health Nursing Department for the 1995-96 academic year.
- 1996 1996 recipient of a 3-year training grant, Nurse's Research Service Award (NRSA), from the National Institutes of Health, National Institute of Nursing Research, for doctoral study at UCSF. Study entitled "Factors Influencing Nurses' Use of Needle Safety Devices".
- 1996 Nominated by San Francisco Bay Area APIC Chapter for Carol DeMille Achievement Award for Outstanding Infection Control Practitioner.
- 1995 Nominated by San Francisco Bay Area APIC Chapter for Carol DeMille Achievement Award for Outstanding Infection Control Practitioner.
- 1988 Selected as Santa Clara Valley Medical Center's "Employee of the Month", January 1988.
- 1981 Inducted into Sigma Theta Tau National Honor Society of Nursing in 1981.
- 1981 Graduated Magna cum Laude from the Master's program at the University of Miami.
- 1977 Graduated cum Laude from the undergraduate program at the University of South Florida.
- 1976 Inducted into the Phi Kappa Phi National Honor Society in 1976 and maintains membership to present.
- 1972-1973 Recipient of single Faculty-Staff Scholarship from the College of Nursing, USF, for the 1972-1973 academic year.

PROFESSIONAL MEMBERSHIPS

- 2009-Present Delta Omega honorary society for graduate studies in public health
- 2012-Present Florida Education Association
- 2012-present Florida Public Health Association ID#6460905
- 2008 Member, scientific committee for "3rd Advances against Aspergillosis" International Conference, January 16-19, 2008, Miami, Florida.
- 2004-Present Sigma Xi Scientific Research Society, University of South Florida Chapter ID#20042560043
- 1998-2000 American Association of Occupational Health Professionals
- 1998 Member of Nurses Educational Funds Society of Scholars

- 1997-2000 County Employees Management Association, Santa Clara County, CA
- 1995-1996 Association of Nurses in AIDS Care
- 1986-1997 Registered Nurses Professional Association, Santa Clara County, California
- 1983-Present Association for Professionals in Infection Control & Epidemiology (APIC) National & local chapters (Miami, FL 1983-1986) (San Francisco, CA 1986-2005) (Tampa, FL 2000-present) ID#14094
- 1981-2000 Sigma Theta Tau National Honor Society of Nursing and local chapter (San Francisco, California 1996 -2000) (Miami, Florida 1981-1996)
- 1976-Present Phi Kappa Phi Honor Society ID#10163204

**ASSOCIATION FOR PROFESSIONALS IN INFECTION CONTROL & EPIDEMIOLOGY
(APIC) ACTIVITIES**

National

- 2003 Speaker at 2003 National APIC Educational Conference and International Meeting on “Standardized Management Strategies for Patients and Employees Exposed to Pertussis”, San Antonio, TX. .
- 1997 Invited speaker at 1997 National APIC Educational Conference on “Immunizations for Health Care Workers” in a preconference on Occupational Safety, New Orleans, LA.
- 1996 Invited speaker at National APIC Educational Conference. Two lectures: “Scientific Presentations” and “Writing for Publication” in preconference entitled “Enhancing Professional Competence”, Atlanta, GA
- 1996 Nominated to run for National Office in 1996 - declined due to entrance into the Doctoral program.

Regional

- 1992 Invited Speaker to the California Association for Practitioners in Infection Control (CAL - APIC) Conference on Developing an Effective Infection Control Program for Beginning Infection Control Practitioners, “Isolation/Precautions: An Array of Methods”, Monterey, CA.
- 1991 One of six program committee member for CAL - APIC “Advanced Practitioner Program for Infection Prevention and Control”, Los Angeles, CA.

Local

- 2001-2006 Member, Tampa, FL, chapter of APIC.
- 2006 Presentation, “Academic & Professional Opportunities for Infection Control Professionals”, Plant City, FL.
- 1986-2004 Member, San Francisco Bay Area APIC Chapter, San Francisco, CA.
- 1999 Presentation panel member, “Multi-drug Resistant Pathogens”, San Francisco Bay Area APIC Chapter Burlingame, CA.
- 1997 Member, nominating committee of the San Francisco Bay Area APIC Chapter, San Francisco, CA.
- 1995 Current Practices Session, “Varicella Vaccine Update”, San Francisco Bay Area APIC, Castro Valley, CA.
- 1995 “Much Ado about Ebola Virus and Other Hemorrhagic Fevers” Program. San Francisco Bay Area APIC, Castro Valley, CA.
- 1994 “Post-exposure Varicella Management of Nonimmune Personnel: An Alternate Approach” Program. San Francisco Bay Area APIC, Menlo Park, CA.
- 1992 Served as President-Elect, Chairman of By-laws and Government Affairs Committees, San Francisco Bay Area APIC Chapter, San Francisco, CA.
- 1991-1992 Co-founder and Chairman of Scientific Presentations Task Force, San Francisco Bay Area APIC Chapter, San Francisco, CA.
- 1991 Served as Recording Secretary, San Francisco Bay Area APIC Chapter, San Francisco, CA.

- 1991 “Preparing for Scientific Presentations: Abstracts, Oral Sessions, and Posters” Program. San Francisco Bay Area APIC Chapter, Menlo Park, CA.
- 1991 Current Practices Session “Scientific Presentations - Survey and Results” San Francisco Bay Area APIC Chapter, Menlo Park, CA.
- 1990 “A Sharper View of Needlestick Injuries” Program. San Francisco Bay Area APIC Chapter.
- 1990 Served as Program Chairman, San Francisco Bay Area APIC Chapter, San Francisco, CA.
- 1989 “Management of Viral Hemorrhagic Fevers and Other Contagious Lethal Diseases in the Hospital Setting” Program. San Francisco Bay Area APIC Chapter.
- 1988 Current Practices Session “Multiply-Resistant Organisms - Survey Results and Discussion” San Francisco Bay Area APIC Chapter.
- 1987 San Francisco Bay Area APIC Chapter. “Central Venous Lines” - Current Practices Session.
- 1983-1986 Active member of the Dade County, Florida Chapter of APIC. Served as Nominating Committee Chairman, two-year member of Infection Control Week Committee and elected.
- 1986 Secretary of the Dade County, Florida Chapter of APIC.

PROFESSIONAL MEETINGS AND WORKSHOPS ATTENDED

- 2018 Attended 1-day annual conference of the Tampa Bay Area APIC Association, January 19, 2018 Tampa,
- 2017 Fourth International Conference on Prevention & Infection Control, Geneva, Switzerland, June 20-23, 2017. Presented 3 posters.
- 2016 EdMedia 2016: Association for the Advancement of Computing in Education, World Conference on Educational Media and Technology (WCCEMT), Vancouver, BC, June 28-30, 2016.
- 2016 Sixteenth Congress of the International Federation of Infection Control (IFIC, Vienna, Austria, March 16-19, 2016. Presented one poster and one oral paper.
- 2015 Third International Conference on Infection Prevention & Control (ICPIC), Geneva, Switzerland, June 16-19, 2015.
- 2015 Society for Healthcare Epidemiology of America (SHEA), Spring 2015 International Educational and Scientific Meeting: “Science Guiding Prevention”, Orlando, FL., May 14- 17, 2015.
- 2014 41st Association for Professionals in Infection Control & Epidemiology (APIC) Educational Conference and Educational Meeting, Anaheim, CA, June 7-9, 2014. Presented 2 posters.
- 2013 EdMedia 2013: WCCEMT, Victoria, BC, June 24-28, 2013.
- 2010 5th Decennial International Conference on Healthcare-Associated Infections, Atlanta, GA, March 18-22, 2010. Presented one poster and gave one oral presentation; co-author of another poster with doctoral candidate.
- 2009 36th APIC Educational Conference and International Meeting, Ft. Lauderdale, FL, June 7-11, 2009. Presentation of 2 posters (one by self and one by doctoral student) as well as moderated 2 sessions.
- 2008 35th Annual National APIC Educational and International Meeting, Denver, CO, June 15-19. Presented oral abstract and invited lecture.
- 2008 3rd Advances against Aspergillosis International Scientific Meeting. January, 2008, Miami, FL. Invited lecture entitled “Nosocomial Aspergillosis and Building Construction Cases”.
- 2007 34th Annual National APIC Educational and International Meeting, San Jose, CA, June 24-28. Presented oral abstract and 2 posters.
- 2006 33rd Annual National APIC Educational and International Meeting, Tampa, Florida, June 11-15. Presented oral abstract and 2 posters.
- 2006 7th Annual Meeting of the Consortium of Biodefense Researchers. Sheraton Resort, FL., May 29- June 1, 2006. Oral presentation on “Comparison of Didactic vs. Interactive Teaching Strategies for Category A Agents of Biological Terrorism”.
- 2006 Pandemic Influenza Summit. February 16, 2006, Tallahassee, FL.

- 2005 32nd Annual APIC Educational and International Meeting, Baltimore, MD, June 18-22, 2005. Presented 3 posters: 2 on Bioreadiness training on 1 on safer needle device pilot research.
- 2005 6th Annual Meeting of the Consortium of Biodefense Researchers. Clearwater, FL, May 31-June 3, 2005. Oral presentation of “Development and Evaluation of Bioreadiness Education for Nurses and Other Healthcare Professionals”.
- 2005 15th Annual SHEA Scientific Meeting, April 9-12, 2005, Los Angeles, CA. Presented poster on retractable safety syringe research.
- 2004 31st Annual APIC Educational and International Meeting, Phoenix, AZ, June 7-9, 2004. Presented two posters on Bioreadiness Training.
- 2003 30th Annual APIC Educational and International Meeting, San Antonio, TX, June 8-12, 2003. Invited lecture on pertussis and presented poster on policies for dogs in the hospital setting.
- 2003 Selected as one of 9 nurse participants to attend “Randomized Clinical Trials” course, Chicago, IL, April 7-11, 2003. Sponsored by the Veterans Administration.
- 2002 VA VISN 8 Occupational Health Strategic Planning Meeting, Tampa, FL, August 13-15. Invited speaker- “Best Practices: Prevention of Sharps-Related Injuries”.
- 2002 Veterans Administration Summer Epidemiology Session, Seattle, WA. , June 24-28,
- 2002 One week session taking three courses: Grant writing, Logistic Regression, & Clinical Trials.
- 2002 29th Annual APIC Educational and International Meeting, Nashville, TN, May 19-22, 2002. Presented poster entitled, “Strategies to Decrease Visiting Children’s Exposures in the Hospital Setting”.
- 2002 20th Health Services Research & Development Conference, Washington DC, February 13-15, 2002. Presented invited workshop entitled, “Focus groups: Evolution from Market Research to Qualitative Research”.
- 2002 2nd “Safe Patient Handling & Movement” Conference. Clearwater, FL., January 16-18, 2002. Poster accepted for presentation. Invited lecture- “Changing Provider Behavior”.
- 2001 Mobilizing for Safe USA: A Leadership Conference to Reduce Violence and Injury in America”. Atlanta, GA., December 2001. Poster accepted for presentation.
- 2001 28th Annual APIC Educational Conference, Seattle, WA. June, 2001. Three papers accepted for poster presentations; presenting author on two; contributing author on one.
- 2001 10th Anniversary National Worker’s Compensation and Occupational Medicine Seminar. San Diego, CA. Invited speaker for two lectures.
- 2001 Safe Patient Handling and Movement Conference and Back Injury Resource Nurse Conference. St. Petersburg, FL. Invited presentation, “Understanding Behavior & How to Change it”.
- 2000 Bioterrorism conference. Presented by the Santa Clara County Health Department, San Jose, CA. Conference participant.
- 2000 27th Annual APIC Educational Conference, Minneapolis, MN. Presented 3 papers.
- 1999 4th International Conference on Occupational Health for Health Care Workers, Montreal, Canada. Two oral presentations for accepted papers.
- 1999 26th Annual APIC Educational Conference, Baltimore, MD. Presented 3 posters.
- 1998 25th Annual APIC Educational Conference, San Diego, CA. Poster presentation.
- 1998 4th Conference for Frontline Healthcare Worker Safety, Washington, D.C. Conference attendee.
- 1997 24th Annual APIC Educational Conference, New Orleans, LA. Invited lecture and oral presentation of abstract.
- 1996 23rd Annual APIC Educational Conference, Atlanta, GA. Presented two posters.
- 1995 3rd Conference for Frontline Healthcare Workers on Prevention of Bloodborne Pathogens, Atlanta, GA. Oral presentation.
- 1994 34th Interscience Conference on Antimicrobial Agents and Chemotherapy, Orlando, FL. Oral presentation.
- 1994 21st Annual APIC Educational Conference, Cincinnati, OH. Presented poster.
- 1994 American College of Surgeons/Centers for Disease Control Conference on Prevention of Bloodborne Pathogens in Surgery and Obstetrics, Atlanta, GA. Presented two posters.

- 1993 33rd Interscience Conference on Antimicrobial Agents and Chemotherapy, New Orleans, LA. Oral presentation.
- 1993 20th Annual APIC Educational Conference, Miami, FL. Presentation on prevention of needlestick injuries to product representatives of Sanofi-Winthrop, Inc.
- 1992 2nd Conference on Prevention of Device-Mediated Bloodborne Infections, Washington, D.C. Presented two posters.
- 1992 19th Annual APIC Educational Conference, San Francisco, CA. Poster presentation.
- 1991 18th Annual APIC Educational Conference, Nashville, TN. Oral abstract presentation.
- 1991 2nd Conference on International Travel Medicine, Atlanta, GA. Presented two posters.
- 1988 2nd International Conference on Infection Control, Harrogate, England. Oral presentation of abstract.
- 1987 14th Annual Association for Professionals in Infection Control and Epidemiology (APIC) National Educational Conference, Miami, FL. Conference participant.

ADDITIONAL EDUCATIONAL PROGRAMS ATTENDED

including short courses and professional development classes

University of South Florida

College of Public Health

- February 2019 Mental Health First Aid 8-hour certification course
- October 2018 Quality Matters 8-hour workshop for teaching
- October 7, 2016 Advanced Teaching & Learning Workshop, Tampa, FL
- November 2015-May 2016 Educational Technology & Assessment Workshops (*New Technologies for PowerPoint, Canvas Technologies, & Lesson Plans*) Tampa, FL
- May 18, 2012 Promotion and Tenure Workshop, Tampa, FL
- January 20, 2011 SOPHAS training, Tampa, FL
- February 25, 2010 Blackboard 9: The Grade Center, Tampa, FL
- February 11, 2010 Blackboard 9: Blackboard Course Tools, Tampa, FL
- February 4, 2010 Blackboard 9: Overview, Tampa, FL
- June 14, 2010 Conference call "How to conduct a webinar", Teleconference
- January 15, 2009 Blackboard Training class, Tampa, FL
- February 1, 2008 Faculty Development Workshop "Better Courses, Better Tests, Better Students", Tampa, FL
- October 4, 2003 Blackboard Training, Tampa, FL
- September 4, 2003 USF Blackboard Training Tampa, FL

Other USF Entities

- N.d. Center for 21st Century Teaching Excellence, Technology in Teaching, one week course, dates irretrievable, Tampa FL
- May 8- October 14, 2006 USF College of Arts & Sciences How to Obtain Peer-reviewed Federal Funding, Tampa, FL
- January 28, 2004 USF Radio Center, Learning to do professional audiovisual taping to record Bioreadiness CD for Florida nurses, Tampa, FL
- October 22, 2003 College of Medicine, Principal Investigator Awareness, Tampa, FL

Other Organizations/Entities

- March 6, 2009 Veteran's Administration Research Center of Excellence, 8-hour class on how to operate the Universal Tensile Testing Machine for experiments, Tampa, FL
- April 7-11, 2003 Veteran's Administration Randomized Clinical Trials course Chicago, Illinois
December 5, 2002 Tampa V.A. Patient Safety Center How to Write an Informed Consent Tampa, FL

June 24-28, 2008	Epidemiologic Research & Info. Ctr. Annual Epidemiology, Biostatistics & Clinical Research Methods Summer Session Seattle, Washington
January-February 1994	Zenger-Miller Leadership Academy Phase 2, Santa Clara Valley Medical Center San Jose, CA
January-March 1990	Zenger-Miller Frontline Leadership Program - Phase 1 Santa Clara Valley Medical Center San Jose, CA
January 29-30, 1987	California Nurses' Association AIDS Train the Trainer Program V.A. Medical Center Palo Alto, CA
March 20-29, 1985	Centers for Disease Control & Prevention (CDC), Applied Epidemiology course, Miami. FL
March 21-30, 1984	Centers for Disease Control & Prevention (CDC), Course #1200G <i>Surveillance, Prevention and Control of Nosocomial Infections</i> , Atlanta, GA

**This list is not exhaustive and does not include any continuing education courses (24-30 hours per every 2-year period) required for the maintenance of registered nurse licenses in Florida and California, the Certified in Public Health certification (50 units per every 2 years), nor required Human Subjects Research training courses. A complete list of all continuing education courses can be furnished upon request.*

CERTIFICATION AND LICENSURE

2020-	Fellow, Association for Professionals in Infection Control & Epidemiology (FAPIC)
1985-Present	Board Certification in Infection Control ID #3511 Achieved 2020, 2015, 2010, 2004, 1999, 1994, 1989; required every 5 years; valid through 12/31/2025
2015-Present	Certification in Public Health (CPH), ID #11769 . Achieved November 2015; renewed 2016, 2018, 2020
2000-Present	Registered Nurse - State of Florida License # 9169857
1977-1997	Registered Nurse - State of Florida License # 9169857
1986-Present	Registered Nurse - State of California License # 399320
