PUBLIC HEALTH PRACTICE EXPERIENCE

Dec 2012 – June 2020 **Data Analyst, Sub-Contractor**
BMR Consulting, LLC
Lutz, FL

Summary: Performed data analysis for community-engaged projects using SPSS and Microsoft Excel. Prepared data and evaluation reports for BMR clients. Engaged in federally, state, and community funded program evaluation in areas such as HIV, youth development, health equity, and substance use.

Oct 2012 – Aug 2013 **Human Services Program Consultant II**
Florida Department of Health, Pinellas County
St. Petersburg, FL

Summary: Facilitated Pinellas County Community Health Action Team (CHAT) committees on (1) Health Promotion and Disease Prevention and (2) Healthy Communities and Environments. Assisted with community health improvement planning, including development of the 2012 Pinellas County Community Health Assessment and the Pinellas County Health Improvement Plan 2013 – 2017. Took a lead role in documentation of standards and measures related to population health data collection and reporting, ensuring compliance with Public Health Accreditation Board Standards and Measures (PHAB). Responsible for developing a continuous process for monitoring, evaluation and reporting on achievement of goals, objectives and measures using performance data and quality improvement tools and techniques.

Jan 2012 – Sept 2012 **Researcher, Communities Putting Prevention to Work (CPPW)**
Juvenile Welfare Board
Health and Human Services Coordinating Council for Pinellas County
Clearwater, FL

Summary: Compiled and analyzed data relevant to the identification of health concerns and socio-economical determinants of health as related to the project, *Communities Putting Prevention to Work*. Prepared written and data reports regarding research findings and planning strategies. Worked collaboratively with community-based planning and advocacy organizations

to identify and implement strategies for healthy communities.

June 2009 – July 2011 **Public Health Advisor**
United States Peace Corps
Marafa, Kenya

Summary: Established a youth-friendly services program in conjunction with the Ministry of Public Health and Sanitation, providing a network between local peer educators and health center staff to ensure better quality and access to sexual health care for young people. Conducted trainings with community health workers and community leaders in HIV prevention and care, data collection and analysis, and home-based management of malaria. Coordinated collaboration efforts between local traditional birth attendants and the health center, including a low-cost mosquito net distribution project and outreach efforts in unintended pregnancy reduction and HIV reduction. Coordinated health communication messages leading to the creation of two brochures and two murals concerning HIV and unintended pregnancy reduction.
