EDUCATION

UNDERGRADUATE

Bachelor of Science, Cytotechnology May 2010
Indiana University School of Medicine, Indianapolis, IN

GRADUATE

Doctor of Medicine May 2015
Indiana University School of Medicine, Indianapolis, IN

RESIDENCY

Emergency Medicine Residency June 2018
Carolinas Medical Center, Charlotte, NC

CERTIFICATES & FELLOWSHIPS

Global Health Certificate June 2018 Carolinas
Medical Center, Charlotte, NC

MAT Waiver July 2020

American Academy of Addiction Psychiatry

Residency Administration Fellowship April 2021

Council of Residency Directors in Emergency Medicine, Irving, TX

Diversity & Inclusion Certificate May 2021

University of South Florida Muma College of Business, Tampa, FL

Physician Leadership Program Certificate December 2023 University of
South Florida Muma College of Business, Tampa FL

Current ACLS, PALS, ATLS Certifications

LICENSURE

- Florida Medical License ME136421 May 2018 – Current
- Indiana Medical License December 2018 – Current
- ABEM Certification April 2021

APPOINTMENTS

- **Team Health Emergency Medicine Physician** | Tampa General Hospital | August 2018 – Current
Work as an emergency physician in busy level 1 trauma center located in Tampa, FL
- **Collaborative Faculty Member** | University of South Florida Morsani College of Medicine | August 2018-Current
Teach and supervise residents, medical students, ACPs, and NPs at USF Emergency Medicine Residency Program
- **Associate Program Director** | University of South Florida Emergency Medicine Residency Program | October 2019 –
Current
- **Board Member** | Village CHI Community Health Initiative | October 2021 – Current
Serve on Board for non-profit organization designed to improve health outcomes with a primary focus in Nigeria.
- **Medical Director** | The Crisis Center of Tampa Bay, Inc. | January 2024 – Current
- **Medical Director** | Gulf Coast Jewish Family & Community Services, Inc. | January 2024 – Current

HOSPITAL & DEPARTMENTAL INVOLVEMENT

- Residency Intra/Interdepartmental Relations Committee | Carolinas Medical Center | April 2016 – June 2018
- Resident Liaison for Intensive Care Unit Committee | Carolinas Medical Center | June 2016 – June 2017
- Organizational Reviewer for Department of Internal Medicine & Emergency Medicine Institutional Review Board
submissions | University of South Florida | August 2020 – Current

- TGH Stroke Liaison responsible for maintaining intradepartmental communication between neurology and emergency medicine, stroke quality improvement, and developing acute stroke imaging algorithm | Tampa General Hospital | January 2021 – Current
- Interviewer for TGH Pharmacy Residency Program | February 2022
- Center for Advanced Medical Learning and Simulation Instructor and Curriculum Author including Malaria Simulation Case and ACEP Trauma Case | October 2018 – 2020
- Faculty Advisor for the Emergency Medicine Student Interest Group responsible for organizing EMIG meetings and developing mentor program | University of South Florida Morsani College of Medicine | October 2019 – Current
- Diversity Initiative Committee Member | University of South Florida Emergency Medicine Residency Program | October 2019 – Current
- Chair of the Program Evaluation Committee | University of South Florida Emergency Medicine Residency Program | October 2019 – Current
- Clinical Competency Committee Member | University of South Florida Emergency Medicine Residency Program | October 2019 – Current
- USF Global Health Fellowship Emergency Medicine Liaison and Developer of Global Health Lecture Series and Journal Club | University of South Florida | June 2019 – Current
- Established Pediatric Task Force Improvement Committee and continue to serve as committee member | University of South Florida Emergency Medicine Residency Program | May 2020 – Current
- Department of Emergency Medicine Quality Improvement and Protocol Process Leader establishing and managing a central protocol website for our department | Tampa General Hospital | June 2020 – Current
- Established the USF Emergency Medicine Training Blog, <https://www.usfemergencymedicine.org/blog>, serving as Author and Chief Editor | University of South Florida Emergency Medicine Residency Program | June 2020 – Current
- Slack Intern Curriculum Faculty Course Director – June 2020
- Established Annual Scholars' Day to encourage scholarship during residency | University of South Florida Emergency Medicine Residency Program | June 2021 - Current
- Faculty Advisor for the USF Wilderness Medicine and Global Health Student Interest Group responsible for organizing meetings and educational opportunities | University of South Florida Morsani College of Medicine | August 2021 – July 2022
- Established a novel arrhythmia detection program for patients discharged from the ED with palpitations or syncope in collaboration with USF Cardiology | September 2021 – Current
- Emergency Medicine Liaison for Domestic Violence partnering with The Spring and The Crisis Center of Tampa Bay
- Faculty Advisor for the USF Survivor Advocacy Group | August 2022 – Current

COMMUNITY INVOLVEMENT

- Volunteer Internship | American Cancer Society, Center Township, Indianapolis, IN | August 2004 – 2005
- Volunteer Curriculum Developer contributing to the “Redefining Beauty” Program for Girls Incorporated | Girls, Inc. | January 2007 – 2009
- Volunteer | Indianapolis Homeless Shelters | November 2007 – July 2010
- Youth Mentor & Tutor | Crispus Attucks Indianapolis Public School | January 2011 – December 2011
- Co-Director | Indiana University School of Medicine Camp MD & Doctor Camp | August 2011 – August 2012
- Peer Mentor | Indiana University School of Medicine Vertical Mentoring | August 2011 – May 2015
- Health Clinic Volunteer | Wheeler Mission & IU Student Outreach Clinic | April 2014 – March 2015
- Stop the Bleed Instructor and Volunteer, Charlotte, NC | February 2018 – June 2018
- Warehouse Volunteer for Feed Tampa Bay | Tampa, FL | April 2020, December 2020, January 2021, March 2021
- Physician Volunteer for Tampa Bay Street Medicine | University of South Florida Morsani College of Medicine | July 2021 – Current
- Faculty sponsor for EMIG Service Group & Cooking up Kindness initiative to feed homeless of downtown Tampa | November 2021 – Current
- Faculty volunteer for TBSM maintaining a regular commitment to providing faculty supervisions for street runs and clinics | August 2021 – Current
- Committee Member of the Hillsborough County Domestic Violence Task Force in partnership with The Spring May 2021 – Current.

PROFESSIONAL DEVELOPMENT

- Annual Citi Training for Biomedical Investigators and Key Personnel & Good Clinical Practice 2019 – Current
- 3/9/19 Council of Residency Directors Annual Conference
- 12/8/20 GME Introductory Bootcamp - Resident Remediation
- 2/3/21 Resident Remediation – Cuc Mai, MD
- 2/21/21 Proactive and Responsive Approaches to Racial Bias in Clinical Learning
- 2/21/21 Role of the Program Director Joanne Valeriano-Marcet, MD and DeLaura Shorter, MS
- 2/23/21 GME Finance – Brad Clark, MBA

- 3/24/21 GME Research Grant Application Workshop
- 3/24/21 UMEM Emergency Cardiology Symposium
- 4/12/21 CORD Academic Assembly Residency Administration Fellowship Meeting
- 4/14/21 Trauma Fundamentals
- 4/21/21 Increasing Diversity Among House Staff
- 4/21-5/21 MUMA Diversity & Inclusion Training
- 10/20/21 ACEP Unconventional
- 3/20/23 Council of Residency Directors Annual Conference
- 08/01/23 Use of Alternate Light Sources to Diagnose Unseen Injury of Enhance Faint Bruising Strangulation Webinar
- 6/19/23 Miscarriage in the ED Webinar AAEM
- 9/06/23 Elevate Diversity Equity and Inclusion Belonging and Inclusion Summit
- 11/17/2023 Scientific Writing Course provided by USF Health

MENTORING

- University of South Florida Morsani College of Medicine Emergency Medicine Interest Group Faculty Advisor to medical students
- Adam Koby – Faculty mentor to resident on scholarly project and regional conference presentation on Clinical Case Presentation, Spontaneous Retroperitoneal Bleed in Anticoagulated Patient | June 2019
- Martin Gaccione – Faculty mentor to resident on scholarly project and regional conference presentation on Clinical Case Presentation, Neurosyphilis presenting as Altered Mental Status | June 2019
- Michael Buchko – Mentored resident on Cerebral T waves grand rounds presentation and Symposium by the Sea Interesting Case Presentation Competition where we received first place | June 2020 & August 2021
- Morgan Dufresne – Faculty mentor to resident on scholarly project, Slack Intern Study | June 2020 - Current
- Christian Scheutz – Emergency Medicine Interest Group Faculty Advisor & Faculty mentor on medical student scholarly project, Epsilon Waves in Young Cardiac Arrest Patient | June 2020
- Rachael Chaska – Emergency Medicine Interest Group Faculty Advisor & Faculty mentor on medical student scholarly project, Epsilon Waves in Patient with rTOF | June 2020
- Mikhail Marchenko – Faculty mentor to resident on scholarly project, Evaluation of Web-based In-training Exam Preparation Module | December 2020 - Current
- Jillian Kiely – Career mentor and Global Health scholarly activity mentor to resident | July 2020 – June 2023
- Larry Seymour – Mentored resident on Takotsubo Cardiomyopathy grand rounds presentation | September 2020
- Michael Weaver – Mentored resident on Dual-Sequential Defibrillation grand rounds presentation | June 2020
- Brian Samuels – Faculty mentor to resident on scholarly project resulting in publication, Epsilon Waves in Young Cardiac Arrest Patient | June 2020
- Brian Hyman – Faculty mentor to resident on scholarly project resulting in publication, Epsilon Waves in Young Cardiac Arrest Patient and Use of Magnetic Bougie in Difficult Airways | June 2020
- Maram Bishawi – Faculty mentor to resident on scholarly project, Epsilon Waves in Patient with rTOF | July 2020
- Adam Morris – Faculty mentor to resident on research project – The Use of TEG in Patients Presenting to the Emergency Department with GI Bleed | June 2021 – June 2023
- Vincent Costers – Career mentor, Wilderness Medicine Scholarly Project mentor, Symposium by the Sea Clinical Case Presentation Mentor | July 2020, August 2021 – June 2023
- Courtland Samuels – Faculty mentor and Research Advisor on scholarly project, Implementing Ziopatch Monitoring at Time of Discharge from the ED in Patients with Low-Risk Syncope and Palpitations to Evaluate for Arrhythmia | May 2021- June 2023
- Jessica Cobb – Faculty mentor for medical student and president of EMIG August 2021 – Current
- Nicholas Lewis – Faculty mentor and scholarly activity mentor on hemolytic uremia publication for EM bound medical student and EMIG co-president May 2021 – June 2022
- Allison Dombroski – Faculty mentor and scholarly activity mentor for medical student summer RISE Grant recipient for Acute Stroke Imaging Algorithm Quality Improvement project May 2021 – Current
- Amanda Priddy – Faculty mentor for EM and quality improvement project – Geriatric Trauma Alerts | July 2021 – Current
- Chris Popiolek – SELECT Mentor on project, Formation of the Hillsborough County Strangulation Task Force and Non-Fatal Strangulation Protocol for the Emergency Department | May 2022
- Naveen Perisetla – RISE Mentor on project, Arrhythmia Detection in Patients Discharged from the Emergency Department | May 2022 – Current
- Claire Dalby – RISE Mentor on project, Arrhythmia Detection in Patients Discharged from the Emergency Department and the Relationship with Area of Deprivation Index. Project won 1st place for Best Student Project at Florida College of Emergency Physicians Symposium by the Sea Conference August 2022 | May 2022 – Current
- Alexa Frederique – Research Mentor on project, Clinical Case Series in Patients Discharged from the Emergency Department with Palpitations & Syncope | May 2022 – Current

- Su Bin Hahn – Research Mentor on project, Comparing rTEG to AIM65 to Predict Mortality in GI Bleed | May 2022 – August 2022
- Devon Khiabani – Faculty mentor to resident on research project – The Use of TEG in Patients Presenting to the Emergency Department with GI Bleed | July 2022 – Current
- Julia Wang – Faculty mentor for quality improvement projects centered on improving the care of individuals who have experienced sexual assault and intimate partner violence | August 2022 – Current
- Amir Khiabani – Faculty mentor to resident on quality improvement project – Improving the Care of Patients Presenting to the Emergency Department Following Sexual Assault | September 2022 – Current
- Urmila Venkataramani – RISE Mentor for the quality improvement project – Improving the Care of Patients Presenting to the ED Following Sexual Assault. Project won 1st place for Best Student Project at Florida College of Emergency Physicians Symposium by the Sea Conference | May 2023 – August 2023
- Autumn Bass – Faculty Mentor for the research project – Arrhythmia Detection in Minority Patients and the Impact of Area of Deprivation Index on a Novel Arrhythmia Pathway. Project awarded \$5,000 Resident research grant funding | July 2022 – Current
- Alex Hoerig – Faculty Mentor on research project - Arrhythmia Detection in the Emergency Department | September 2022 – Current
- Ryan Long – Faculty Mentor on research project - Arrhythmia Detection in the Emergency Department | September 2022 – Current
- Iman Awan – Faculty Mentor for the quality improvement project – Improving the Care of Patients Presenting to the ED Following Sexual Assault | May 2023 – August 2023
- Celeste Wilson – RISE Mentor for research project – Predictors of Arrhythmia in Patients Discharged from the Emergency Department Following a Visit for Palpitations or Syncope | May 2023 – Current
- Alexis Sharma – Research Mentor – Predictors of Arrhythmia in Patients Discharged from the Emergency Department Following a Visit for Palpitations or Syncope | May 2023 – Current
- Julia Wright – Research Mentor – Predictors of Arrhythmia in Patients Discharged from the Emergency Department Following a Visit for Palpitations or Syncope | May 2023 – Current
- Zachary Schwartz – Research Mentor – Distribution of rTEG in Emergency Department Patients with GI Bleed | November 2023 – Current

EDUCATIONAL LECTURES

- Management of Atrial Fibrillation with Rapid Rate | University of South Florida Emergency Medicine Residency Program | 10/10/19
- Aortic Stenosis | University of South Florida Emergency Medicine Residency Program | 11/13/2019
- Massive GI Bleeder | University of South Florida Emergency Medicine Residency Program | 7/15/20
- Pulmonary Hypertension | University of South Florida Emergency Medicine Residency Program | 02/05/20
- Right Heart Failure & Avoiding the Spiral of Death | University of South Florida Emergency Medicine Residency Program | 5/05/20
- Oral Board Prep | University of South Florida Emergency Medicine Residency Program | 9/02/20
- Physician Mental Health | University of South Florida Emergency Medicine Residency Program | 09/15/20
- Supraventricular Tachycardia | University of South Florida Emergency Medicine Residency Program | 9/16/20
- Massive GI Bleeder | Guest Lecturer at Carolinas Medical Center, Charlotte, NC | 9/03/20
- Global Health Infections | University of South Florida Emergency Medicine Residency Program | 11/11/20
- OB for the ITE | University of South Florida Emergency Medicine Residency Program | 02/02/21
- Life in the ER | University of South Florida Medical Student Interest Group | 4/23/21
- Stroke Case Reviews | University of South Florida Emergency Medicine Residency Program Neurology Joint Conference | 5/19/21
- Massive Hemoptysis | University of South Florida Emergency Medicine Residency Program | 08/18/21
- Treatment of Intracerebral Following tPA Administration | University of South Florida Emergency Medicine Residency Program Neurology Joint Conference | 9/15/21
- GI Bleed & Rapid TEG | University of South Florida Emergency Medicine Residency Program Neurology Joint Conference | 1/09/22
- Tachyarrhythmias: Recognizing, Managing, and Avoiding the Pitfalls | University of South Florida Roy H Behnke Internal Grand Rounds | 05/26/22
- Obstetric Emergencies – Lecture and Skills Lab | Center for Advanced Learning and Simulation | 04/12/23
- Emergency Medicine Practical Skills | University of South Florida Emergency Medicine Residency Program | 06/12/23
- Medical Management of Strangulation | Hillsborough County Fire Rescue Training | 10/15/23
- Intimate Partner Violence and Strangulation Training | University of South Florida Emergency Medicine Residency Program | 10/25/23
- Improving the Care of Patients Experiencing Intimate Partner Violence | University of South Florida Roy H Behnke MD | 10/26/23
- The Top 10 Management Tips for Ischemic Stroke | University of South Florida Emergency Medicine Residency Program | 12/09/2023
- Emergency Deliveries (Breech, Dystocia, Cord Prolapse, & Postpartum Hemorrhage) | Center for Advanced Medical Learning & Simulation | 1/10/2024

AWARDS & HONORS

- 2009 Indiana University Purdue University Indianapolis Top 100 Outstanding Student
- 2010 College of American Pathologists Geraldine Zeiler Award
- 2010 American Society of Clinical Pathology Scholarship Recipient
- 2010 William Plater Civic Engagement Award
- 2015 Medical Student Excellence Award - Society of Academic Emergency Medicine
- 2018 Darren Bean Resident Teaching Award

RESEARCH

Senior Clinical Research Assistant & Research Coordinator | Indiana University School of Medicine, Department of Anesthesia | June 2006 – August 2010

- Completed Indiana University School of Nursing Research Coordinator education program
- Assisted multiple Principal Investigators with protocol development, grant proposals, data collection, IRB compliance, and sponsor communication
- Functioned as the primary research coordinator on studies involving:
 - a. Quality of life in patients with cancer, PI Natalie Hamrick, Ph.D.
 - b. Residency competency training, PI David Nakata, M.D. & Jerome Adams, M.D.
 - c. Peripheral nerve blocks, PI James Mitchell, M.D. & John Hasewinkel, M.D.

Clinical Research Assistant | Simon Cancer Center, Indianapolis | May 2011 – August 2011

- Assisted Dr. Robert Nelson with oncology focused research
- Utilized electronic medical records to track adverse events associated with various chemotherapy regimens among patients with hematologic malignancies

Research Assistant | Indiana University Department of Emergency Medicine | April 2014 – May 2015

- Assisted Principal Investigator, Dr. Joseph Turner, with study design, IRB submissions, data collection, and manuscript development for upright intubation studies
- Completed formal research elective with Drs. Daren Beam & Jeffrey Kline during April 2014 with focus on research technique, basic laboratory concepts, and pulmonary embolism translational research

Research Investigator | Carolinas Medical Center | June 2016 – June 2018

- Completed resident driven research studies investigating sepsis care in patients with cirrhosis with Dr. Allen Heffner and global health education research with Dr. Erin Noste

Co-Investigator | Tampa General Hospital | 2020 Involvement – Current

- I have served as a key co-investigator on multiple studies:
- Annexa-1 – a randomized, clinical trial of Andexanet Alfa in acute intracranial hemorrhage in patients receiving an oral factor Xa inhibitor. Active enrollment.
- Annexa S – prospective, open-label study of Andexanet Alfa in patients in patients receiving a Xa inhibitor who require urgent Surgery (ANNEXA-S). Study closed.
- NIDA – Emergency Department-initiated Buprenorphine Validation Network Trial. Ongoing
- CARPO – A randomized, double-blind, placebo-controlled dose-ranging study of Auxora in patients with acute pancreatitis and accompany systemic inflammatory response syndrome.

Principal Investigator | University of South Florida | March 2021

- CORN Research Group Slack Intern Curriculum

Principal Investigator | Tampa General Hospital | March 2021 – May 2023

- A Phase 1b, Randomized, Double-Blind, Placebo-Controlled, Dose-Escalation Trial of Intravenous Zotatfin in Adults with Mild or Moderate Coronavirus Disease 2019 (COVID-19),

Principal Investigator | Tampa General Hospital | September 2021 – May 2023

- A Phase 3, Randomized, Double-Blind, Placebo-Controlled Trial of Flecainide Acetate Inhalation Solution for Cardioversion of Recent-Onset, Symptomatic Atrial Fibrillation, active study

Principal Investigator | Tampa General Hospital | September 2021 – August 2022

- Retrospective Analysis of an ED Based Stroke Imaging Protocol

Principal Investigator | Tampa General Hospital | Jan 2022 – Current

- Rapid Thromboelastography Patterns in Patients Presenting to the Emergency Department with Gastrointestinal Bleed: a prospective cohort study, enrollment began January 2022

Principal Investigator | Tampa General Hospital | April 2022 - Current

- A Novel ED discharge pathway for low to moderate risk syncope patients presenting with symptoms concerning for possible cardiac arrhythmia.
