

## Curriculum Vitae

**IVÁN G. RODRÍGUEZ-FLORES, PSY.D.**

CLINICAL NEUROPSYCHOLOGIST

LICENSED PSYCHOLOGIST

### DEMOGRAPHICS

**Office Address:** University of South Florida  
Psychiatry and Behavioral Neurosciences  
3515 East Fletcher Avenue  
Tampa, Florida 33613  
Phone Number: (813) 396-0286  
E-mail: [irodriguezflores@usf.edu](mailto:irodriguezflores@usf.edu)

### EDUCATION

<b>Fellowship</b>	Clinical Neuropsychology, AdventHealth & AdventHealth Medical Group Neuropsychology Department, Central FL Division, Winter Park, FL <ul style="list-style-type: none"> <li>Compliant with Houston Conference Guidelines for Specialty Education &amp; Training in Clinical Neuropsychology</li> </ul>	09/2019 — 08/2021
<b>Psy.D.</b>	Albizu University, Miami, FL Clinical Psychology, Neuropsychology Concentration APA accredited program	01/2014 — 08/2019
<b>MS</b>	Albizu University, Miami, FL Clinical Psychology (en route to Psy.D.) APA accredited program	01/2014 — 05/2015
<b>MA</b>	FL School of Professional Psychology, Tampa, FL Clinical Psychology (Studies), APA accredited program	09/2011 — 12/2013
<b>MA</b>	InterAmerican University of Puerto Rico, San Juan, PR Degree Awarded in Industrial/Organizational Psychology	09/2008 — 05/2011
<b>BA</b>	University of Puerto Rico, Rio Piedras, San Juan, PR Psychology	09/2003 — 05/2008

### LICENSURE & CERTIFICATIONS

Psychologist	State of FL, FL Board of Psychology Expire: 05/31/2024—05/31/2026	License # PY11209
Psychologist	National Register of Health Service Providers in Psychology Expire: 02/27/2025—02/28/2026	Member# 146648
CITI	CITI Training. Human Research, Biomedical Investigator & Key Personnel. Expire: 10/10/2022—10/09/2025	Record ID#: 51932731
CITI	CITI Training. Good Clinical Practice	Record ID#: 51932733

Expire: 10/10/2022—10/09/2025

C-SSRS RFMH-A002a - The C-SSRS Training – English-USA - V.1.1 – Initial Training  
Expire: 11/27/2022—11/27/2024

C-CDR Certified Clinical Dementia Rater. Washington University School of Medicine  
Knight Alzheimer's Disease Research Center Memory & Aging Project. St. Louis, Missouri.  
Effective: 01/03/2023

## PROFESSIONAL INTERESTS

### • Clinical interests:

- Neuropsychological evaluations across the adult lifespan, neurodegenerative disorders, mild cognitive impairment, frontotemporal dementia, atypical dementias, cerebrovascular diseases, movement disorders, traumatic brain injury/concussions, pre and post neuropsychological evaluations of Deep Brain Stimulator (DBS) surgery, cognitive rehabilitation, psychopharmacology, cultural and cross-cultural neuropsychology, primary brain tumors, multiple sclerosis, and neuropsychological evaluations of organ transplant.

### • Research Interests:

- Outcome of cultural variables on neuropsychological tests, cross-cultural applications of neuropsychological tests, impact of metabolic syndrome in neurodegenerative disorders, mild cognitive impairment versus normal aging, neuropsychological effects of DBS surgery, cognitive and behavioral effects of medications, neuropsychiatric aspects of traumatic brain injuries/concussion, cognitive sequela after falls in older adults, rehabilitation following stroke/TBI, Mood/Affective Disorders (e.g., Bipolar Related Disorders, Depression, Anxiety, PTSD), and Borderline Personality Disorder; anatomical correlates of learning and memory, executive functions, and social cognition.

## PROFESSIONAL EXPERIENCE

**Instructor, Clinical Neuropsychologist** 09/2022 — Present  
University of South Florida, Department of Psychiatry & Behavioral Neurosciences, Tampa, Florida

- Supervisors: Stephen M. Strenges, MBA, LSSBB  
Brian C. Luben, MBA-HCA, LSSBB  
Ryan Wagoner, MD  
Yonatan “Ty” Breiter, MSN, APRN, PMHNP-BC, CNL  
Glenn Currier, MD, MPH  
Yvonne Bannon, RN, MSHS, CCRC
- Conduct neuropsychological assessment in the stated funded Memory Disorders Clinic (MDC) housed in the University of South Florida (USF) to patients with Alzheimer's Disease and Other Related Dementias. The MDC at USF receives patients from Hillsborough, Manatee, Hardee, Pasco, Hernando, and Sarasota counties. Achieved:
  - Reduced patient waitlist from 10 months to 4 months.
  - Conducted 97 neuropsychological assessments in 8 months.
  - Attend weekly multidisciplinary meeting with MDC members, such as geriatric psychiatrist, nurse practitioner, social workers, and pharmacists.
- Conduct neuropsychological assessment in support of the Department of Psychiatry & Behavioral Neurosciences to other neurological conditions (e.g., cerebrovascular diseases, TBI/concussions, Movement Disorders, epilepsy, cognitive deficits from chemotherapy) and neuropsychiatric conditions in the Greater Tampa Bay region. Within this department also conducted:

- Neuropsychological assessment to patients who are undergoing Solid Organ Transplant surgery.
- Psychological clearance to patients undergoing Spinal Cord Stimulator surgery.
- Perform clinical trial efficacy and safety ratings in pharmaceutical trials in the USF Department of Psychiatry and Behavioral Neurosciences, Division of Clinical Trial.
- Attend monthly meetings with other clinical psychologist in the Department of Psychiatry & Behavioral Neurosciences.
- Attend monthly faculty meetings in the Department of Psychiatry & Behavioral Neurosciences.
- Services are all conducted in English and Spanish
- EMR used: Epic.

**Clinical Neuropsychologist**

09/2021 — 08/2022

LifeStance Health, Brandon, FL

- Supervisors: Kelly Barrington, Psy.D.  
Pamela Voccia, Ed.D.
- Performed psychiatric diagnostic interviews, neurobehavioral status examination, as well as psychological and neuropsychological assessments in both English and Spanish in the greater Tampa Bay area, greater Orlando area, and greater South Florida area.
- Neuropsychological assessments to adults (16+) with a broad range of neurological conditions (e.g., cerebrovascular diseases, TBI/concussions, multiple sclerosis) and neurodegenerative diseases with complex behavioral disturbances.
- Conducted neuropsychological-psychological assessments of neuropsychiatric disorders, such as OCD, ADHD, Bipolar Disorders, adults with autism spectrum disorders, and substance use disorders to aid in treatment dispositions.
- Conduct psychological assessments as needed for differential diagnosis of several co-occurring psychiatric disorders to provide treatment support and guide psychotherapeutic interventions.
- Administrative responsibilities include overseeing three to four psychometricians, attend weekly meetings, and providing consultation to psychiatrists, psychiatric nurse practitioners, physician assistants, and therapists.

**FELLOWSHIP TRAINING****Neuropsychology Postdoctoral Fellow**

09/2019 — 08/2021

AdventHealth &amp; AdventHealth Medical Group, Winter Park, FL

- Fellowship Director: Michael Westerveld, Ph.D., ABPP-CN
- Supervisors: Benjamin Johnson-Markve, Psy.D., ABPP-CN  
Elizabeth Morgan, Ph.D., ABPP-CN  
Jodi Nadler, Ph.D.  
Charles Lammers, Ph.D.

**Rotation 1: Outpatient Clinic**

09/2019 — 08/2021

AdventHealth &amp; AdventHealth Medical Group, Neuropsychology at Winter Park, FL

- Provided neuropsychological evaluations in both English and Spanish to adults and geriatrics with a broad range of neurodegenerative diseases, acquired brain injury, cerebral vascular diseases, and other neurological diseases.
- Within this service specialty skills obtained include:

- Development and implementation of TeleNeuropsychological model during Covid-19 pandemic using Microsoft Team platform. Also Proficient with Zoom, Doxy.me, and Amwell.
- Development and implementation of neuropsychological battery for surgical clearance evaluations for Deep Brain Stimulation (DBS) or MRI-guided focused ultrasound (MRgFUS) for Parkinson's Disease, essential tremors, and dystonia as part of the AdventHealth Neuroscience Institute and Movement Disorders Program.
- Neuropsychological evaluations after Ventriculoperitoneal (VP) Shunt Surgery for idiopathic Normal Pressure Hydrocephalus, as part of the AdventHealth Neuroscience Institute.
- Psychological clearance for spinal-cord stimulators.
- Neuropsychological evaluations with retired NFL players through the NFL-BAP/MAF Concussion Settlement Program.

**Rotation 2: Inpatient Neurorehabilitation—Physical Medicine & Rehabilitation**  
AdventHealth & AdventHealth Medical Group, Advent Health Hospital, Winter Park, FL

11/2019 — 03/2021

- Supervisor: Benjamin Johnson-Markve, Psy.D., ABPP-CN
- Provided psychological and neuropsychological services and consultations to adult and geriatric medical inpatients in the two CARF-certified Physical Medicine and Rehabilitation units. Services include conducting bedside and brief neuropsychological assessments and Brief Solution-Focused Therapy, Cognitive Behavioral Therapy, Act and Commitment Therapy, and Motivational Interviewing techniques.
- Population served include individuals who suffered a spinal cord injury or those with a complex orthopedic diagnosis, medical complexities, and a myriad of brain injury and rehabilitation after undergoing neurosurgical procedures such as strokes, moderate-to-severe traumatic brain injury, brain tumor resection recovery, post-acute Covid-19 recovery, and Guillain-Barré syndrome.
- Participate in multidisciplinary treatment meetings.

## RESEARCH EXPERIENCE

**Local Expert Advisor/Independent Clinical Rater**  
Cogstate Ltd

08/2023 — Present

- Supervisors: Edward I. Bartolic, PhD  
Kim Baldwin, MA  
Sheree L. Hawkins, MA
- Provide reviews of completed neuropsychological test batteries for central monitoring of data to ensure accuracy in administration and scoring and contribute to the overall success of a clinical trial.
- Conduct independent clinical ratings of the Clinical Dementia Rating Scale (CDR)
- Review response forms and recordings of remote scale administrations and offering feedback to raters via email and telephone communications.
- Attend meetings and mandatory training to maintain appropriate calibration of independent reviewing skills.
- Clinical Trial:
  - A Study of Donanemab versus Placebo in Participants at Risk for Cognitive and Functional Decline of Alzheimer's Disease.
    - Sponsor Name: Eli Lilly & Company
    - Role: Independent Clinical Rater

**Clinical Trials Efficacy and Safety Rater**

09/2022 — Present

University of South Florida, Department of Psychiatry & Behavioral Neurosciences, Tampa, Florida

- Supervisor: Yvonne Bannon, RN, MSHS, CCRC

- Rater in psychiatric and neurocognitive batteries in the USF Department of Psychiatry and Behavioral Neurosciences, Division of Clinical Trial.
- Clinical Trial Studies Involved:
  - MK-1942 for Treatment Resistant Depression. A 6-week study to evaluate the efficacy and safety of MK-1942, a small molecule NAM of mGluR2 thought to increase glutamate signaling in the brain. MK-1942 will be given as add on treatment to stable antidepressant therapy for the treatment of treatment-resistant depression. To be eligible must have treatment-resistant depression and be ages 18-65 years old.
    - Role: Efficacy and Safety Rater
  - Mild Dementia due to Alzheimer's Disease. A 28-week study of piromelatine vs placebo in participants with mild dementia due to Alzheimer's disease. Piromelatine is a novel melatonin MT1, 2, & 3 and serotonin 5-HT<sub>1A</sub> and 1D receptor agonist with a different proposed mechanism of action than currently available AD medications.
    - Role: Independent Blind Clinical Rater

**Graduate Research Assistant**

07/2017 — 05/2018

Albizu University, Department of Clinical Psychology, Psy.D. Program, Miami, FL

- Supervisor: Miriam J. Rodríguez, Ph.D.
- Responsibilities include assisting in an NIH funded study examining cultural factors that impact cognitive functioning and brain atrophy in cognitively normal adults and individuals with neurodegenerative diseases, such as Mild Cognitive Impairment and Alzheimer's disease from the 1FL ADRC project housed at Mount Sinai Medical Center in Miami Beach and in collaboration with the University of FL and FL Atlantic University.
- Other responsibilities include assisting in database coding and analysis utilizing SPSS software as well as assisting in the preparation of manuscript and grant writing proposals.

**Research Assistant**

08/2015 — 05/2018

Neuropsychology Research Team, Albizu University, Department of Clinical Psychology, Psy.D. Program Miami, FL

- Supervisors: Miriam J. Rodríguez, Ph.D.  
Isaac Tourgeman, Ph.D.
- Attend meetings to discuss areas of research in the field of Neuropsychology, such as Alzheimer's disease, Traumatic Brain Injury (TBI), Mild Cognitive Impairment (MCI), and other Neurological Disorders.
- Responsibilities are to aid faculty members in literature reviews and data analysis. Provide liaison services with two major facilities, Mt. Sinai Medical Center and Design Neuroscience Center, for research publication efforts.
- Retrospective research abstracts from an NIA/NIH funded study from 2011-2015. Grant Study #1P50AG025711-05, Bethesda, MD given to Mount Sinai Medical Center at Miami Beach, FL.

**Research Assistant**

02/2014 — 04/2016

Albizu University, Department of Clinical Psychology, Psy.D. Program, Miami, FL

- Supervisors: Frances Ernst, MS (Psy.D. en route)  
Erica Kinne, MS (Psy.D. en route)  
Marilyn Cugnetto, Ph.D.

- Assisted the researcher team in the collection of data.
- Administered questionnaires to participants.
- Data entry in SPSS.

## PUBLICATIONS

## CONFERENCE PRESENTATIONS & PUBLISHED ABSTRACTS

---

1. **Rodríguez-Flores, I.**, Carrasco, R., Varga, C., Thornton, V. Johnson-Markve, B. An Examination of Relevant Factors Associated with Performance Validity Failure (PVT) in a Sample of Former NFL Players. Poster abstract presented at the 18<sup>th</sup> Annual Conference and Workshops of the American Academy of Clinical Neuropsychology (AACN), presented on July 10, 2021.
2. **Rodríguez, I.**, Quintana, A., & Rivas-Vazquez, R (2019, January). *The role of subjective complaints on neurocognitive measures in a Caucasian & Hispanic Sample*. Poster abstract presented at the 127<sup>th</sup> Annual Conference of the American Psychological Association, Chicago, Illinois. August 8-11.
3. **Rodríguez, I.**, Rivas-Vazquez, R., Rey, G., Valdivia, R., Borgan, C. (2018, September). Differences in Memory Performance on Neuropsychological Measures among Adults with Attention-Deficit Hyperactive Disorder. [Abstract]. *Archives of Clinical Neuropsychology*, 33 (6), 703-794. <https://doi.org/10.1093/arclin/acy061.152>. Poster presented at the 38<sup>th</sup> Annual Conference of the National Academy of Neuropsychology (NAN), October 17 - 20, 2018 in New Orleans, LA.
4. Rodríguez, M., Mendoza, L., **Rodríguez, I.**, Roselli, M., Loewenstein, D., & Duara, R. (2018, March). *The relationship between cultural factors, neuroimaging, and neuropsychological performance among older adults*. Poster abstract presented at 8th Annual Alzheimer's Association Regional Education Conference, March 23 in Miami, FL.
5. **Rodríguez-Flores, I.**, Capovani, M., Chan, A., Hernandez-Cardenache, R. (2017, September). Is Adult Attention-Deficit Hyperactive Disorder (ADHD) a Risk Factor for Dementia? A Closer Look from Neuropsychological Perspective, [Abstract]. *Archives of Clinical Neuropsychology, Neuropsychology*, 32 (6), 667-765. <https://doi.org/10.1093/arclin/acx076.39>. Poster presented at the 37th Annual Conference of the National Academy of Neuropsychology (NAN), October 25 - 28, 2017 in Boston, MA.
6. **Rodríguez-Flores, I.**, Ream, D., Loewenstein, D., Duara, R., Greig, M., Rodriguez, M., Tourgeman, I. (2017, September). Do Cardiovascular Risk Factors (CVRF) Mediate the Relationship Between White Matter Hyperintensities (WMHs) and Neurocognitive Performance? [Abstract]. *Archives of Clinical Neuropsychology*, 32 (6), 667-765, <https://doi.org/10.1093/arclin/acx076.20>. Poster presented at the 37th

- Annual Conference of the National Academy of Neuropsychology (NAN), October 25 - 28, 2017 in Boston, MA.
7. **Rodríguez, I.**, Ream, D., Loewenstein, D., Duara, R., Grieg, M., Rodríguez, M., & Tourgeman, I. (2017, August). *White Matter Hyperintensities & Cardiovascular Risk Factors Intercede on Cognition in MCI & AD*. Poster abstract presented at the 125<sup>th</sup> Annual Conference of the American Psychological Association, Washington, D.C., August 3-6.
  8. Ream, D., **Rodríguez, I.**, Loewenstein, D., Duara, R., Grieg, M., Rodríguez, M., & Tourgeman, I. (2017, August). *The Independent Effect of Depression on Cognition among Dementia Groups*. Poster abstract presented at the 125<sup>th</sup> Annual Conference of the American Psychological Association, Washington, D.C., August 3-6.
  9. Ream, D., **Rodríguez, I.**, Loewenstein, D., Duara, R., Grieg, M., Rodríguez, M., & Tourgeman, I. (2017, March). *The Isolated Effect of Depression on Neurocognitive Performance in Dementia* Poster abstract presented at the 2<sup>nd</sup> South FL Student Research Symposium, Miami, FL. March 31, 2017.
  10. **Rodríguez, I.**, Alpizar, J., Loewenstein, D., Duara, R., Grieg, M., Rodríguez, M., & Tourgeman, I. (2017, March). *Neurocognitive Performance Mediated by Cardiovascular Risk Factors (CVRFs) in Older Adults*. Poster abstract presented at the 2<sup>nd</sup> South FL Student Research Symposium, Miami, FL. March 31, 2017
  11. **Rodríguez, I.**, Tourgeman, I., & Rodríguez, M. (2017, March). Do Profiles on Objective Measures of Emotions Vary by Severity of Traumatic Brain Injury (TBI): An Exploration of Recent Research. [Abstract]. *Brain Injury*, (31):6-7, p.807. DOI: [10.1080/02699052.2017.1312145](https://doi.org/10.1080/02699052.2017.1312145). Poster presented at the 12<sup>th</sup> International Brain Injury Congress (IBIA) New Orleans, Louisiana, March 29-April 1.
  12. **Rodríguez, I.**, Díaz, A., Alves, T., Loewenstein, D., Duara, R., Grieg, M., Rodríguez, M., & Tourgeman, I. (2017, February). The Impact of Cardiovascular Risk Factors (CVRF's) on Neurocognitive Performance in Mild Cognitive Impairment (MCI) and Dementia. [Abstract] *Journal of the International Neuropsychological Society*, 23(S1), p. 229. [doi:10.1017/S1355617717000558](https://doi.org/10.1017/S1355617717000558). Poster presented at the 45<sup>th</sup> Annual Meeting of the International Neuropsychological Society (INS). New Orleans, Louisiana. February 1-4, 2017
  13. **Rodríguez, I.**, Díaz, A., Rodríguez, M., Tourgeman, I. (2016, August). *Cardiovascular Risk Factors Related to the Progression from MCI to AD*. Poster abstract presented at the 124<sup>th</sup> Annual Conference of the American Psychological Association, Denver, Colorado August 4-7.
  14. Ernst, F., Kinne, E., Cugnetto, M., Barnes, I., Bruscantini, L., Freiria, S., Katimertzi, K., **Rodríguez, I.**, & Varela, M. (2016, May). *The effect of social influence vs. factual information on changing healthy eating attitudes: An organic food study*. Poster abstract presented at the Association for Psychological Science Convention, Chicago, IL.
  15. **Rodríguez, I.**, Díaz, A., Rodríguez, M., Tourgeman, I. (2016, March). *Cardiovascular Risk Factors Related to the Progression from MCI to AD*. Poster abstract presented at the First South FL Student Research Symposium. Miami, FL.
  16. Ernst, F., Kinne, E., Cugnetto, M., **Rodríguez, I.**, Moreno, K., & Munera, M. (2015, September). *Persuasion in health: Fact versus popular opinion*. Poster abstract presented at the European Health Psychology Society Conference, Limassol, Cyprus.
  17. Ernst, F., Kinne, E., Cugnetto, M., **Rodríguez, I.**, Moreno, K., & Munera, M. (2015, May). *Eating in a sustainable manner: The influence of descriptive norms on attitudes toward organic food*. Poster abstract presented at the Association for Psychological Science Conference, New York.

## LECTURES/PROFESSIONAL CONSULTATIONS/WORKSHOPS

1. **Rodríguez, Iván G., Psy.D.** Invited to be Expert Panel to a Dementia Symposium *C.A.U.S.E.D (Caring about Unifying and Supporting Elders with Dementia) Creating a Dementia Friendly Community*. Sponsored by Hillsborough County Adult Day Care. Sun City, FL (March 25, 2025)  
Contact: Remona Singleton
2. **Rodríguez, Iván G., Psy.D.** Lecture given to the USF Health Department of Psychiatric & Behavioral Neuroscience, Forensic Psychiatry Fellowship. *Overview of Performance & Symptom Validity Testing*, Tampa, FL (January 31, 2025)  
Contact: Gregory Iannuzzi, MD

3. **Rodríguez, Iván G., Psy.D.** Lecture given to the USF Health Department of Neurosurgery & Brain Repair, Neuropsychology Division, Fellowship Program. *Neuropsychological Assessment of Non-English Speakers*, Tampa, FL (July 27, 2023)  
Contact: Yolanda Leon, PhD, ABPP-CN
4. **Rodríguez, Iván G., Psy.D.** Expert Reviewer for Language Acculturation Meter (LAM) for Psychological Assessment Resource (PAR), Lutz, FL November 2020.
  - Contact: Jennifer Greene, Ph.D.
  - Description: Expert reviewer and beta examiner for the Language Acculturation Meter on PAR online platform, PARiConnect. Consultation work consisted in reviewing and providing clinical expertise and feedback on test administration, score reports, and interpretation of technical manual.
5. **Rodríguez, Iván G., MS, MA & Notman, Shaun, DO** *Understanding the Medical and Psychosocial Factors of Post Traumatic Brain Injury (TBI)*. [Workshop]. The Lower West Coast Chapter of the FL Psychological Association (FPA). October 27, 2018, at Lakewood Ranch Medical Center, Lakewood Ranch, FL.

## SUPERVISED DOCTORAL CLINICAL TRAINING

### Doctoral Psychology Intern

07/2018 — 06/2019

Centerstone Consortium (APA Accredited Internship), Bradenton, FL

- Clinical Training Director/Chief Psychologist: Robert Boxley, Ph.D.

### Training Site: Medical Psychology Rotation-AllCare Medical Centers, P.C.

- AllCare is an integrated health-primary care center that provides medical care across the lifespan (5-90) and is affiliated with regional hospitals, such as Lakewood Ranch Medical Center, Sarasota Memorial Hospital, and Manatee Memorial Hospital. Psychological services were provided to assisted living facilities and skilled nursing facilities. AllCare is also associated with the State College of FL (SCF) and Lake Erie College of Osteopathic Medicine - Bradenton Campus and professional sports associations, such as the Mental Health and Wellness Program of the National Basketball Players Association (NBPA). The population of adults and geriatrics presented with a myriad of psychiatric, neuropsychiatric, neurological conditions, and neurodegenerative diseases. Pediatric population included a wide range of neurodevelopmental disorders including autism spectrum, ADHD, postconcussive syndrome, learning disability, and psychiatric disorders such as depression, anxiety, and other related mood disorders.

### Rotation 1: Primary Care-Integrated Behavioral Health Clinic

- Supervisor: Matthew Nessetti, MD, Ph.D., JD  
 Board Certified: American Board of Family Medicine (ABFM)  
 Board Certified: American Board of Medical Psychologists (ABMP)
- Provided comprehensive and brief neuropsychological and psychological assessments to children, adolescents, adults, and geriatrics with acute and chronic mental health issues as well as medically complex diseases.
- Provided individual, couples, family, and group psychotherapy to patients who have psychiatric conditions and ongoing substance abuse problems as well as providing individual and family therapy to individuals who develop psychiatric conditions secondary to medical conditions. Additional interventions included cognitive remediation to adults with acquired brain injury and mild cognitive impairment. Other responsibilities included providing pharmacological recommendations under the supervision of an American Board Medical Psychologist.
- Provided peer mentorship to diagnostic and intervention extern-practicum students.
- Participate in weekly didactic and participated in monthly journal/research club with psychiatry residents.

**Rotation 2: Neuropsychological & Psychological Consultative-Liaison**

- Supervisor: Matthew Nessetti, MD, Ph.D., JD, ABFM, ABMP
- Conducted brief and comprehensive neuropsychological assessments, short-term psychotherapy, behavior modification, and pharmacological recommendations to patients presenting with diverse psychological, neurological, and medical conditions at skilled nursing facilities and hospital settings under the direct supervision of an ABMP and ABFM.
- Participated in weekly staff case discussions with medical staff and provided peer mentorship to diagnostic and intervention extern-practicum student.

**Neuropsychology Extern – Advanced Placement**

01/2017 — 08/2017

Cognitive Health Network, Larkin Community Hospital-Palms Springs Medical Plaza, Miami, FL

- Supervisor: Omar Lorenzo, Psy.D.
- Administered flexible neuropsychological assessment battery in both Spanish and English to the adult and geriatric populations diagnosed with neurodegenerative diseases, acquired brain injury, cerebral vascular diseases, and other neurological syndromes.
- Other assessment experiences included conducting immigration evaluations to determine possible learning and/or cognitive disabilities and conducting gastric bypass surgery evaluations to rule out cognitive and/or psychological difficulties impacting treatment compliance.

**Neuropsychology Extern**

05/2016 — 05/2017

University of Miami, Leonard Miller School of Medicine, Department of Psychiatry &amp; Behavioral Sciences, Miami, FL

- Supervisor: René Hernández-Cardenache, Psy.D., M.S.Ed.
- Administered, scored, and completed reports of flexible neuropsychological battery in both Spanish and English to the adult and geriatric populations diagnosed with neurodegenerative diseases, acquired brain injury, cerebral vascular diseases, neurological syndromes, and psychiatric conditions.
- Attended grand rounds and biweekly didactics, and opportunities in research and publication.

**Intervention Psychology Extern**

05/2015 — 05/2016

Miami Veterans Affairs Health Care System, Inpatient Behavioral Health Unit, Miami, FL

- Supervisor: Teresa Rosario, Ph.D.
- Conducted group and individual therapy in English and Spanish to veterans with severe mental illnesses including psychosis, mania, depression, substance abuse, and organic brain disorders.
- Facilitated weekly psychoeducational group meetings available to veterans, active-duty service members, and spouses of veterans.
- Other responsibilities included administering objective and projective assessments to provide differential diagnostic impressions for treatment planning as well as participating in staff and medical rounds with the interdisciplinary treatment team as well as weekly individual and group supervision.

**Intervention Psychology Extern**

05/2014 — 04/2015

Goodman Psychological Services Center, affiliated with Albizu University, Miami, FL

- Supervisors: Manuel García, Psy.D.  
Ana Ojeda, Psy.D.  
Eileen Calderon, Psy.D.

- Conducted biopsychosocial clinical intakes, treatment planning, and individual psychotherapy services to a diverse adult population in Spanish and English with a wide range of psychiatric diagnoses.
- Participated in weekly supervision wherein presentation of cases to supervisor, formulating diagnoses, and implementation of empirically-based treatment plans were discussed and attended didactics for professional development.

**Neuropsychology Extern**

09/2013 — 12/2013

Neuropsychological Services of Tampa, Private Practice, Tampa, FL

- Supervisor: John J. Dabrowski Ph.D., ABPP-CN
- Administered and scored flexible neuropsychological battery and psychodiagnostic evaluations in English and Spanish to adults with many medical, psychiatric, and neurological conditions as well as participated in weekly individual supervision.

**Diagnostic Psychology Extern**

09/2013 — 12/2013

Psychological Assessment and Treatment Services, Private Practice, Tampa, FL

- Supervisors: Daniel Patz, Psy.D.  
Francine Odio, Psy.D.
- Provided psychological services and consultation work for the Department of Juvenile Justice (DJJ) in Hillsborough and Pasco. Clinical work consisted of administering, scoring, and writing psychodiagnostic evaluations to adolescents for mental health treatment recommendations.
- Additional responsibilities included conducting outpatient psychodiagnostic and psychoeducational assessments to children and adolescents.

**Diagnostic Psychology Extern**

06/2012 — 06/2013

Centerstone, (formerly known as Manatee Glens), Community Mental Health, Bradenton, FL

- Supervisors: Bart Hodgins, Ph.D.  
Robert Boxley, Ph.D.

**Rotation 1: Residential Addiction Unit rotation (6 months)**

- Supervisor: Robert Boxley, Ph.D.
- Administered, scored, and wrote reports of psychodiagnostic evaluations in English with patients diagnosed with substance use, mood, and psychotic disorders.

**Rotation 2: Outpatient Psychiatric Clinic rotation (6 months)**

- Supervisor: Bart Hodgins, Ph.D.
- Administered, scored, and wrote reports of psychodiagnostic evaluations and psychoeducational evaluations to children and adolescents in English in addition to psychodiagnostic evaluations to Spanish-speaking adults with psychiatric conditions.

---

**OTHER PROFESSIONAL CLINICAL EXPERIENCE****Psychometrician**

04/2017 — 05/2018

Whole Again Neuropsychological Center, Miramar, FL

- Supervisor: Jessica Rivera, Psy.D.

- Responsibilities included peer supervision of trainees in their clinical work, report and clinical note writing, and administration of Halstead-Reitan and Halstead-Russell neuropsychological batteries and additional neuropsychological assessments to English and Spanish speaking individuals.
- Population serviced included lifespan ranging from children (10+) to geriatric with both psychiatric and neurological conditions as well as providing individual psychotherapeutic services to adults with psychiatric diagnoses, and cognitive retraining and remediation to adults with neurological conditions, and attend weekly case staffing/discussion with a licensed psychologist.

**Chief Psychometrician**

05/2017 — 05/2018

First Choice Neurology: Medical Arts Neurology Group, LLC, Baptist Hospital Campus, Miami, FL

- Supervisor: Rafael Rivas-Vazquez, Psy.D., ABPP
- Administered and scored between 3-5 fixed and flexible neuropsychological batteries in English and Spanish weekly under the direct supervision of licensed psychologists to adolescents, adults, and geriatric populations with a wide range of conditions, such as neurodegenerative disorders, acquired brain injuries, and neurological disorders.
- Supervised and trained 4-8 psychometricians and coordinated schedules of technicians. Additional responsibilities include research activities such as managing the research database, data entry, conduct literature reviews, and wrote poster abstracts to present at national and local conferences.

**Psychometrician**

04/2016 — 05/2017

First Choice Neurology: Medical Arts Neurology Group, LLC, Baptist Hospital Campus, Miami, FL
