## PROFESSIONAL DEVELOPMENT

- 2026 FMA Karl M. Altenburger, MD Physician Leadership  
Academy. I have been selected to participate in this distinguished,  
in-depth leadership skills program designed to strengthen the  
ability of physician leaders to meet both organizational and  
professional challenges as well as their ability to improve health  
care delivery for their patients, communities and the medical  
profession.

January 2026-October 2026
- USF EM Department Search Committee Member. I have served as a  
member of the department search committee for various positions  
within the department of emergency medicine including Director

July 2024, July 2025

of Education of the FL Center for EMS as well as Assistant Program Director for the EM Residency Program.

- Team Health/USF EM Administrative Fellowship Director. I serve as the Fellowship Director and am actively involved in the recruitment, mentorship, and career development of our EM Administrative Fellows and pursuing ACGME accreditation for our fellowship program.

July 2024–Present
- USF Faculty Senate Morsani College of Medicine Representative. I will begin a 3-year term as a college of medicine faculty senate representative in the fall of 2024 (September).

April 2024–Present
- Deputy Editor-The Cureus FLAGSHIP: Medical Scholarly Proceedings Journal. I complete initial reviews of articles to ensure they meet requirements for review then complete final reviews of USF submissions after they have been peer reviewed and final edits have been made.

March 2024–Present
- Muma Case Review Case Reviewer. I serve as a reviewer for this peer-reviewed journal that publishes high-quality open-access discussion cases related to business decision making situations.

November 2021–Present
- Team Health/USF EM Administrative Fellowship Co-Director. I served as the co-Fellowship Director and am actively involved in the recruitment, mentorship, and career development of our EM Administrative Fellows.

July 2021–June 2024
- Tampa General Hospital Medical Staff Professionalism Committee. I serve as an active member of the professionalism committee for the hospital and am engaged in coaching and counseling physicians through opportunities for improvement in interpersonal and professional communications/interactions and identifying solutions to challenging professional situations.

January 2021–Present
- TeamHealth EM Clinical Operations Committee. I am part of a workgroup of physicians and company leaders working to define, promote, and deploy service line clinical and operation excellence

October 2020–Present

within the emergency medicine service line throughout the organization.

- Vice Chief of Emergency Medicine Tampa General Hospital. I am currently serving a two-year appointment in which my duties are to assist the Chief of Emergency Medicine in attending any Medical Executive Committee meetings on their behalf as well as with any Medical Staff issues or concerns that may arise.

September 2020-Present
- ABEM Bias & Fairness Advisory Panel. I sat on a panel of ABEM Diplomates who reviewed test questions on ABEM examinations to ensure that questions were not biased by gender, ethnicity, or region of medical practice.

July 2020
- TeamHealth Southeast Group Patient Experience Subcommittee. I am part of a group of EM and HM physicians and APCs that meets bi-weekly to monthly to identify patient experience best practices within the Southeast Group and create resources that will assist in widespread adoption of best practices and improvement in patient experience.

August 2019-2023
- Team Health Facility Medical Director. As medical director, my duties include physician recruitment, onboarding, training, and rounding. I am also responsible for tracking our site productivity, patient flow, patient experience and holding monthly meetings with providers, hospital partners, and nursing leadership to continually work toward improving and enhancing the work experience at our ED site.

March 2017-Present
- Team Health Emergency Medicine Administrative Fellow. I worked clinically as an attending in the emergency department while completing coursework in USF's Executive MBA Program, attending and participating in Team Health leadership orientations and trainings designed for Facility, Regional, and Systems Medical Directors, and participating in ED staff and leadership meetings both at Tampa General Hospital and other Team Health ED contract sites e.g. South Florida Baptist Hospital.

July 2015-May 2017
- Chief Resident. I served as one of three chief residents for the Emergency Medicine Residency Program at The University of Chicago. Responsibilities included making resident schedules, attending faculty and administrative meetings, and planning as well as presenting several educational conferences, including joint conferences with Internal Medicine, Pediatrics, Cardiology, and Surgery. I also served as a liaison between residents and faculty to assist in handling any issues/concerns that arose.

April 2014-March 2015

- Post Cardiac Arrest Service Resident. I was part of a group of Emergency Medicine residents who provide coverage for the service that initiates and oversees the management of post-ROSC hypothermia in adult and pediatric cardiac arrest patients at The University of Chicago Medical Center. We also presented quarterly Code Reviews wherein we went over the quality of recent resuscitations and the overall resuscitation process.

2013-2015
- University of Chicago Aeromedical Network (UCAN) Flight Physician. I was part of a critical care transport team that assisted in the transfer of adult and pediatric patients to the highest level of care facility needed while providing medical care en-route: both flight (helicopter) and ground (ambulance)

2013-2015
- AXA Assistance Insurance Company Flight Physician. I have provided medical care on commercial flights to persons being repatriated after falling ill while abroad.

2013-2015

## HONORS AND AWARDS

- HealthSpotr. 2013 UChicago Mobile App Challenge Winner. I was a member of a five-person team that developed the idea for and designed an emergency department mobile discharge instruction mobile application. Some features of the application included text, diagram, and video instructions tailored to a specific health condition and a health behaviors timeline that could be uploaded and exported via email to a primary care physician.

2012-2013
- Voted Intern of the Year by Mitchell Emergency Department Nursing Staff

2012-2013
- Voted Intermediate Resident of the Year by Mitchell Emergency Department Nursing Staff

2013-2014
